Answer given by Ms Thyssen
on behalf of the European Commission
(12.9.2019)

The European Commission supports the principle of a fair minimum wage for every worker.

The principle of an adequate minimum wage was enshrined in the European Pillar of Social Rights (Principle 6), which was proclaimed by all EU leaders in November 2017. This principle also calls for transparent and predictable wage-setting.

In her Political Guidelines for the next Commission presented on 16 July 2019, the President-elect set out her priorities in this field.
