## SUGGESTIONS

The Committee on Employment and Social Affairs calls on the Committee on Budgetary Control, as the committee responsible, to incorporate the following suggestions into its motion for a resolution:

1. Expresses its satisfaction that the Court of Auditors has declared the transactions underlying the Foundation's annual accounts for the financial year 2016 to be legal and regular and that its financial position as at 31 December 2016 is fairly represented;
2. Acknowledges the work of the Foundation to support the Union's partner countries to harness their human capital through the reform of education, training and labour market systems in the context of the Union's external relations policy; welcomes the Foundation's activities regarding the development of skills and the facilitation of lifelong learning to support partner countries to improve the employability and employment prospects of their citizens;
3. Welcomes the high achievement rate of its planned activities in 2016 (94 %), but notes that it slightly decreased in comparison to 2015 (96 %); notes the considerable improvement in the time delivery rate (90 %) compared to years before 2016 (83 %);
4. Notes the high level of appropriations carried over for Title II (18,4 %), presenting an increase compared to 2015 (16,1 %), and Title III (30,3 %), presenting a decrease from 2015 (36,4 %);
5. Is concerned by the Court's observation that the situation regarding the Foundation's premises is unsatisfactory and puts activities at risk of disruption; notes that under the host agreement, appropriate facilities are guaranteed until 2027 and notes the urgent need for the host country to find a solution to this matter; calls on the Foundation to update Parliament on the progress of the ongoing tendering procedure;
6. Welcomes strongly the support from the ETF to the EU candidate countries with the implementation of the Riga Conclusions 2015 in areas such as work-based learning, continuing professional development of VET teachers and entrepreneurial learning;
7. Welcomes the cooperation with other Union agencies - in particularly Eurofound and Cedefop - on Union policies that contribute to development of human capital;
8. Welcomes the findings of the external evaluation carried out on behalf of the Commission that governance of the Foundation was efficient and effective, and that its considerable reorganisation since 2011 positively impacted its work; notes the recommendation that the Foundation could further improve its monitoring capacity to better illustrate its activities, and welcomes the Foundation's plan to implement those suggestions;
9. Welcomes the Foundation's follow-up measures in relation to the comments of the discharge authority made in 2013 regarding EUR 7,5 million in accounts at a single bank with a low credit rating (F3, BBB) which has now been significantly reduced to EUR 1,8 million.
