

ORAL QUESTION H-0932/01  
for Question Time at the part-session in December 2001  
pursuant to Rule 43 of the Rules of Procedure  
by Anneli Hulthén  
to the Commission

Subject: EU strategy for global sustainable development

The Commission is committed to the adoption, by January 2002, of a Communication on how the EU contributes to, and should further contribute to, global sustainable development.

Does the Commission foresee adoption of this Communication at a high political level, as was the case for the Commission proposal for an EU Sustainable Development Strategy (COM(2001)0264/final), which was discussed at the Gothenburg Summit?
