

2016/2272(INI)

15.2.2017

AMENDMENTS

1 - 225

Draft report
Pascal Durand
(PE595.614v01-00)

A longer lifetime for products: benefits for consumers and companies
(2016/2272(INI))

AM_Com_NonLeg_Mandate

Amendment 1
Adam Szejnfeld

Motion for a resolution
Citation 18

Motion for a resolution

Amendment

— *having regard to the BEUC report of 18 August 2015 entitled ‘Durable goods: More sustainable products, better consumer rights - Consumer expectations from the EU’s resource efficiency and circular economy agenda’,* *deleted*

Or. pl

Amendment 2
Adam Szejnfeld

Motion for a resolution
Citation 21

Motion for a resolution

Amendment

— *having regard to the European Consumer Centre’s summary of 18 April 2016 entitled ‘Planned obsolescence or by-products of consumer society’,* *deleted*

Or. pl

Amendment 3
Adam Szejnfeld

Motion for a resolution
Citation 22

Motion for a resolution

Amendment

— *having regard to Austrian standard ONR 192102 entitled ‘Label of excellence for durable, repair-friendly* *deleted*

designed electrical and electronic appliances’,

Or. pl

Amendment 4

Birgit Collin-Langen, Sabine Verheyen

Motion for a resolution

Recital B a (new)

Motion for a resolution

Amendment

Ba. whereas a balance must be struck between extending the lifetime of products and innovation, research and development;

Or. de

Amendment 5

Birgit Collin-Langen, Sabine Verheyen

Motion for a resolution

Recital C

Motion for a resolution

Amendment

C. whereas the study commissioned by the Committee on the Internal Market and Consumer Protection ***demonstrates the need to promote the circular economy, in particular through public policy;***

C. whereas the study commissioned by the Committee on the Internal Market and Consumer Protection ***shows that broad-based policy measures are needed to promote a longer lifetime for products;***

Or. de

Amendment 6

Daniel Dalton, Vicky Ford

Motion for a resolution

Recital D

Motion for a resolution

Amendment

D. *whereas a usage-based economic model has emerged which can help to reduce the adverse environmental and social consequences of a model based largely on the ownership of goods;*

deleted

Or. en

Amendment 7

Birgit Collin-Langen, Sabine Verheyen

Motion for a resolution

Recital D

Motion for a resolution

Amendment

D. *whereas a usage-based economic model has emerged which can help to reduce the adverse environmental and social consequences of a model based largely on the ownership of goods;*

D. *whereas the functional economy could provide an answer to the wide range of challenges facing consumers today;*

Or. de

Amendment 8

Adam Szejnfeld

Motion for a resolution

Recital D

Motion for a resolution

Amendment

D. *whereas a usage-based economic model has emerged which can help to reduce the adverse environmental and social consequences of a model based largely on the ownership of goods;*

D. *whereas diverse economic and business models coexist, including the usage-based economic model which can help to reduce the adverse consequences for the environment;*

Or. pl

Amendment 9

Dita Charanzová, Jasenko Selimovic, Kaja Kallas

Motion for a resolution

Recital D

Motion for a resolution

D. whereas a usage-based economic model has emerged which can help to reduce *the* adverse environmental *and social* consequences *of a model based largely on the ownership of goods*;

Amendment

D. whereas a usage-based economic model has emerged which can help to reduce adverse environmental consequences;

Or. en

Amendment 10

Philippe Juvin

Motion for a resolution

Recital D a (new)

Motion for a resolution

Amendment

Da. whereas there is a need to promote longer product lifespans, in particular by tackling programmed obsolescence ;

Or. fr

Amendment 11

Dita Charanzová, Jasenko Selimovic

Motion for a resolution

Recital E

Motion for a resolution

Amendment

E. whereas jobs have been lost in many industrial sectors in Europe, and whereas there is a need, on the one hand, for some production to be relocated, and, on the other, to promote the repair sector in order to generate non-relocatable jobs;

deleted

Amendment 12
Adam Szejnfeld

Motion for a resolution
Recital E

Motion for a resolution

E. whereas *jobs have been lost in many industrial sectors in Europe, and whereas there is a need, on the one hand, for some production to be relocated, and, on the other, to promote the repair sector in order to generate non-relocatable jobs;*

Amendment

E. whereas *the European repair sector, mainly comprising micro, small and medium-sized enterprises, needs to be supported;*

Or. pl

Amendment 13
Kaja Kallas, Dita Charanzová

Motion for a resolution
Recital E

Motion for a resolution

E. whereas *jobs have been lost in many industrial sectors in Europe, and whereas there is a need, on the one hand, for some production to be relocated, and, on the other, to promote the repair sector in order to generate non-relocatable jobs;*

Amendment

E. whereas *promoting the repair sector would generate non-relocatable jobs in many industrial sectors in Europe, and diversify employment opportunities in industrial regions;*

Or. en

Amendment 14
Marco Zullo

Motion for a resolution
Recital E

Motion for a resolution

E. whereas jobs have been lost in many industrial sectors in Europe, and whereas there is a need, on the one hand, for some production to be relocated, and, on the other, to promote the repair sector in order to generate ***non-relocatable jobs***;

Amendment

E. whereas jobs have been lost in many industrial sectors in Europe, and whereas there is a need, on the one hand, for some production to be relocated, and, on the other, to promote the repair sector in order to generate ***professionalism and skills that cannot be relocated and that add substantial value to the local social and economic fabric***;

Or. it

Amendment 15

Daniel Dalton, Vicky Ford, Anneleen Van Bossuyt

Motion for a resolution

Recital E

Motion for a resolution

E. whereas jobs have been lost in many industrial sectors in Europe, and whereas there is a need, on the one hand, for some production to be relocated, and, on the other, to promote the repair sector in order to generate ***non-relocatable jobs***;

Amendment

E. whereas jobs have been lost in many industrial sectors in Europe, and whereas there is a need, on the one hand, for some production to be relocated, and, on the other, to promote the repair sector in order to generate ***new jobs***;

Or. en

Amendment 16

Biljana Borzan

Motion for a resolution

Recital E

Motion for a resolution

E. whereas jobs have been lost in many industrial sectors in Europe, and whereas there is a need, on the one hand, for some production to be relocated, and,

Amendment

E. whereas jobs have been lost in many industrial sectors in Europe, and whereas there is a need, on the one hand, for some production to be relocated, and, on the other, to promote the repair ***and***

on the other, to promote the repair sector in order to generate non-relocatable jobs;

reuse sector in order to generate non-relocatable jobs;

Or. en

Amendment 17

Dita Charanzová, Jasenko Selimovic, Kaja Kallas

Motion for a resolution

Recital E a (new)

Motion for a resolution

Amendment

Ea. *whereas the majority of companies that provide repair services in Europe are SMEs;*

Or. en

Amendment 18

Birgit Collin-Langen, Sabine Verheyen

Motion for a resolution

Recital F

Motion for a resolution

Amendment

F. *whereas the second-hand market plays a role in the social and local economy and in integrating people in difficulty into the labour market;*

F. *whereas greater harmonisation of the arrangements for the re-use of products will boost the local economy and the internal market by creating new jobs and stimulating demand for used goods;*

Or. de

Amendment 19

Adam Szejnfeld

Motion for a resolution

Recital F

Motion for a resolution

F. whereas the second-hand market plays a role in the social and local economy ***and in integrating people in difficulty into the labour market;***

Amendment

F. whereas the second-hand market plays a role in the social and local economy;

Or. pl

Amendment 20
Adam Szejnfeld

Motion for a resolution
Recital H

Motion for a resolution

H. whereas, in a Eurobarometer survey conducted in June 2014, 77 % of EU consumers said that they would prefer to ***be able to have their goods repaired, rather than being forced*** to buy new ones;

Amendment

H. whereas, in a Eurobarometer survey conducted in June 2014, 77 % of EU consumers said that they would prefer to ***try to repair broken goods than*** to buy new ones;

Or. pl

Amendment 21
Daniel Dalton, Vicky Ford, Anneleen Van Bossuyt

Motion for a resolution
Recital H

Motion for a resolution

H. whereas, in a Eurobarometer survey conducted in June 2014, 77 % of EU consumers said that they would prefer to be able to have their goods repaired, rather than being forced to buy new ones;

Amendment

H. whereas, in a Eurobarometer survey conducted in June 2014, 77 % of EU consumers said that they would prefer to be able to have their goods repaired, rather than being forced to buy new ones; ***but notes that consumers also prefer replacement products to be provided if a faulty good is repeatedly unsuccessfully repaired;***

Or. en

Amendment 22

Dita Charanzová, Jasenko Selimovic, Kaja Kallas

Motion for a resolution

Recital H

Motion for a resolution

H. whereas, in a Eurobarometer survey conducted in June 2014, 77 % of EU consumers said that they would prefer to be able to have their goods repaired, rather than being forced to buy new ones;

Amendment

H. whereas, in a Eurobarometer survey conducted in June 2014, 77 % of EU consumers said that they would prefer to be able to have their goods repaired, rather than being forced to buy new ones;
whereas the information provided to consumers on the durability and reparability of products still needs to be improved;

Or. en

Amendment 23

Marlene Mizzi

Motion for a resolution

Recital H a (new)

Motion for a resolution

Amendment

Ha. whereas reliable and durable products provide value for money to consumers and prevent overuse of resources and waste and therefore it is important to ensure that the useful lifetime of consumer products is prolonged through design for durability, possibility to repair, upgrade, disassemble and recycle of the products.

Or. en

Amendment 24

Adam Szejnfeld

Motion for a resolution

Recital I

Motion for a resolution

I. whereas *the decline in consumer confidence in product quality is detrimental to European companies, and whereas the Commission's proposal to extend the period covered by the presumption of conformity of goods to 24 months is a step in the right direction;*

Amendment

I. whereas *quality products are in the interests of European consumers and businesses;*

Or. pl

Amendment 25

Dita Charanzová, Jasenko Selimovic, Kaja Kallas

Motion for a resolution

Recital I

Motion for a resolution

I. whereas the decline in consumer confidence in product quality is detrimental to European companies, and whereas the *Commission's proposal to extend the period covered by the presumption of conformity of goods to 24 months* is a step in the right direction;

Amendment

I. whereas the decline in consumer confidence in product quality is detrimental to European companies, and whereas the *Directive for Online Sales of Goods proposal* is a step in the right direction;

Or. en

Amendment 26

Adam Szejnfeld

Motion for a resolution

Recital I a (new)

Motion for a resolution

Amendment

Ia. whereas consumers' right to choose in accordance with their various

*needs, expectations and preferences
should be respected;*

Or. pl

Amendment 27

Birgit Collin-Langen, Sabine Verheyen

Motion for a resolution

Recital J

Motion for a resolution

J. whereas, despite the EESC study of March 2016 establishing a positive link between product lifetime labelling and consumer behaviour, ***the information provided to consumers on the durability and reparability of products is still poor and inconsistent;***

Amendment

J. whereas, despite the EESC study of March 2016 establishing a positive link between product lifetime labelling and consumer behaviour, ***consumers are not being properly informed about the lifetimes*** of products;

Or. de

Amendment 28

Birgit Collin-Langen, Sabine Verheyen

Motion for a resolution

Recital J a (new)

Motion for a resolution

Ja. whereas the lifetime of a product and the way it ages are determined by various natural or artificial factors, for example composition, functionality, cost of repair and consumption patterns;

Or. de

Amendment 29

Philippe Juvin

Motion for a resolution
Recital J a (new)

Motion for a resolution

Amendment

***Ja. whereas repairs and spare parts
must be made more readily accessible;***

Or. fr

Amendment 30
Birgit Collin-Langen, Sabine Verheyen

Motion for a resolution
Recital J b (new)

Motion for a resolution

Amendment

***Jb. whereas, in addition to a long
lifetime, the level of quality of a product
throughout its life cycle is fundamental to
the contribution it makes to resource
protection;***

Or. de

Amendment 31
Adam Szejnfeld

Motion for a resolution
Recital K

Motion for a resolution

Amendment

***K. whereas there has been **an increase**
in the number of national initiatives to
remedy the problem of premature
obsolescence of goods, **and whereas there**
is a need to develop a common strategy
for the single market;***

***K. whereas there has been **discussion**
concerning the premature obsolescence of
goods,***

Or. pl

Amendment 32

Birgit Collin-Langen, Sabine Verheyen

Motion for a resolution

Recital K

Motion for a resolution

K. whereas there has been an increase in the number of national initiatives to ***remedy the problem of premature obsolescence of goods***, and whereas there is a need to develop a common strategy for the single market;

Amendment

K. whereas there has been an increase in the number of national initiatives to ***promote longer lifetimes for products***, and whereas there is a need to develop a common strategy for the single market;

Or. de

Amendment 33

Philippe Juvin

Motion for a resolution

Recital K

Motion for a resolution

K. whereas there has been an increase in the number of national initiatives to remedy the problem of premature obsolescence of goods, and whereas there is a need to develop a common strategy for the single market;

Amendment

K. whereas there has been an increase in the number of national initiatives to remedy the problem of premature obsolescence of goods ***and software***, and whereas there is a need to develop a common strategy for the single market;

Or. fr

Amendment 34

Biljana Borzan

Motion for a resolution

Recital K

Motion for a resolution

Amendment

K. whereas there has been an increase in the number of national initiatives to remedy the problem of premature obsolescence of goods, and whereas there is a need to develop a common strategy for the single market;

K. whereas there has been an increase in the number of national initiatives to remedy the problem of premature obsolescence of goods, and whereas there is a need to develop a common strategy for the single market *on the issue*;

Or. en

Amendment 35
Adam Szejnfeld

Motion for a resolution
Recital L

Motion for a resolution

L. whereas the lifetime of digital media is crucial to the lifetime of electronic appliances, and whereas, given that software is becoming obsolete more and more quickly, electronic appliances need to be adaptable in order to stay competitive on the market;

Amendment

deleted

Or. pl

Amendment 36
Birgit Collin-Langen, Sabine Verheyen

Motion for a resolution
Recital L

Motion for a resolution

L. whereas the lifetime of digital media is crucial to the lifetime of electronic appliances, and whereas, given that software is becoming obsolete more and more quickly, electronic appliances need to be adaptable in order to stay competitive on the market;

Amendment

L. whereas the lifetime of digital media is determined by the compatibility of hardware and software and new technical developments often put an end to that compatibility;

Or. de

Amendment 37
Kaja Kallas

Motion for a resolution
Recital L

Motion for a resolution

L. whereas the lifetime of digital **media** is crucial to the lifetime of electronic appliances, and whereas, ***given that software is becoming obsolete more and more quickly***, electronic appliances need to be adaptable in order to stay competitive on the market;

Amendment

L. whereas the lifetime of digital **content** is crucial to the lifetime of electronic appliances, and whereas electronic appliances need to be adaptable in order to stay competitive on the market;

Or. en

Amendment 38
Dita Charanzová

Motion for a resolution
Recital L

Motion for a resolution

L. whereas the lifetime of digital media is crucial to the lifetime of electronic appliances, and whereas, ***given that software is becoming obsolete more and more quickly***, electronic appliances need to be adaptable in order to stay competitive on the market;

Amendment

L. whereas the lifetime of digital media is crucial to the lifetime of electronic appliances, and whereas electronic appliances need to be adaptable in order to stay competitive on the market;

Or. en

Amendment 39
Marlene Mizzi

Motion for a resolution
Recital L a (new)

Motion for a resolution

Amendment

La. whereas products with built-in defects designed to break down after being used a certain number of times to end product's life can only incite consumers' distrust and should not be allowed on the market;

Or. en

Amendment 40
Kaja Kallas

Motion for a resolution
Recital L a (new)

Motion for a resolution

Amendment

La. Whereas as software and hardware become more and more integrated, open-source hardware could provide consumers with more tools to update, upgrade and repair their products;

Or. en

Amendment 41
Dita Charanzová, Kaja Kallas

Motion for a resolution
Recital L a (new)

Motion for a resolution

Amendment

La. Whereas it is important to differentiate between strategies to tackle the durability of tangible goods and digital content,

Or. en

Amendment 42
Biljana Borzan

Motion for a resolution
Recital L a (new)

Motion for a resolution

Amendment

La. whereas, according to Eurobarometer data, 90 % of citizens believe that products should be clearly labelled to indicate their useful lifespan;

Or. en

Amendment 43
Maria Grapini

Motion for a resolution
Recital L a (new)

Motion for a resolution

Amendment

La. whereas all economic actors can benefit from products with a longer lifetime, including SMEs;

Or. ro

Amendment 44
Adam Szejnfeld

Motion for a resolution
Paragraph 1

Motion for a resolution

Amendment

1. Calls on the Commission to establish minimum resistance criteria for each product category from the design stage, by working in the European Committee for Electrotechnical Standardisation (CENELEC) to lay down standards which cover product

deleted

robustness, reparability, upgradeability, etc.;

Or. pl

Amendment 45
Marcus Pretzell

Motion for a resolution
Paragraph 1

Motion for a resolution

1. *Calls on the Commission to establish minimum resistance criteria for each product category from the design stage, by working in the European Committee for Electrotechnical Standardisation (CENELEC) to lay down standards which cover product robustness, reparability, upgradeability, etc.;*

Amendment

1. *Rejects any move to regulate the lifetime of products; takes the view that the lifetime of products is determined by supply and demand and that the extended-use tests conducted by specialist publications can offer guidance as to how long that lifetime is likely to be; points out that people who want long-lived products and are prepared therefore to forego the benefits of innovation will pay a higher price for their preference and that people who attach importance to innovation will often be happy to pay a low price and accept the fact that the product in question has a shorter lifetime; points out, further, that prices reflect consumers' preferences as regards product lifetimes;*

Or. de

Amendment 46
Birgit Collin-Langen

Motion for a resolution
Paragraph 1

Motion for a resolution

1. *Calls on the Commission to establish minimum resistance criteria for each product category from the design*

Amendment

1. *Welcomes the fact that the Commission is trying to develop requirements concerning the lifetime and*

stage, by working in the European Committee for Electrotechnical Standardisation (CENELEC) to lay down standards which cover product robustness, reparability, upgradeability, etc.;

greater environmental sustainability of products and the resultant benefits to consumers;

Or. de

Amendment 47

Dita Charanzová, Jasenko Selimovic, Kaja Kallas

Motion for a resolution

Paragraph 1

Motion for a resolution

1. ***Calls on the Commission** to establish **minimum resistance criteria for each product category from the design stage, by working in the European Committee for Electrotechnical Standardisation (CENELEC) to lay down standards which cover product robustness, reparability, upgradeability, etc.;***

Amendment

1. ***Encourages the relevant industries** to establish **a voluntary scheme for creating standardised definitions of durability for given products, which cover product robustness, reparability, upgradeability, etc., and to engage with the European Committee for Electrotechnical Standardisation (CENELEC) for creating these industrial standards;***

Or. en

Amendment 48

Andreas Schwab, Sabine Verheyen, Ildikó Gáll-Pelcz, Cristian-Silviu Buşoi, Ivan Štefanec, Pascal Arimont

Motion for a resolution

Paragraph 1

Motion for a resolution

1. **Calls on the Commission** to establish minimum resistance criteria for each product category ***from the design stage, by working in the European Committee for Electrotechnical***

Amendment

1. **Calls on the Commission** to establish minimum resistance criteria for each product category which ***guarantee*** product robustness, reparability, upgradeability, etc.;

Standardisation (CENELEC) to lay down standards which *cover* product robustness, reparability, upgradeability, etc.;

Or. de

Amendment 49

Liisa Jaakonsaari, Lucy Anderson, Marc Tarabella, Maria Grapini, Biljana Borzan, Virginie Rozière, Marlene Mizzi, Christel Schaldemose

Motion for a resolution

Paragraph 1

Motion for a resolution

1. Calls on the Commission to establish minimum resistance criteria for each product category from the design stage, *by working in* the European *Committee for Electrotechnical Standardisation (CENELEC) to lay down standards which cover product robustness, reparability, upgradeability, etc.*;

Amendment

1. Calls on the Commission to establish minimum resistance criteria *covering among others robustness, reparability, and upgradeability*, for each product category from the design stage, *facilitated by standards developed by all* the European *Standardisation Organisations (ESOs) CEN, CENELEC and ETSI.*;

Or. en

Amendment 50

Daniel Dalton, Vicky Ford

Motion for a resolution

Paragraph 1

Motion for a resolution

1. Calls on the Commission to *establish* minimum resistance criteria for each product category from the design stage, by working in the European Committee for Electrotechnical Standardisation (CENELEC) to *lay down standards* which cover product robustness, reparability, upgradeability, etc.;

Amendment

1. Calls on the Commission to *encourage* minimum resistance criteria for each product category from the design stage, by working in the European Committee for Electrotechnical Standardisation (CENELEC) to *set out guidelines* which cover product robustness, reparability, upgradeability, etc.;

Amendment 51
Adam Szejnfeld

Motion for a resolution
Paragraph 1 a (new)

Motion for a resolution

Amendment

1a. Points out that issues such as product durability, extended warranties, availability of spare parts, ease of repair and interchangeability of components should be part of a manufacturer's commercial offer in meeting the various needs, expectations and preferences of consumers, and are an important aspect of free market competition;

Or. pl

Amendment 52
Adam Szejnfeld

Motion for a resolution
Paragraph 2

Motion for a resolution

Amendment

2. Calls for the eco-contribution to be geared to compliance with product lifetime extension criteria, in order to reward the efforts of the best manufacturers; *deleted*
