Committee on the Internal Market and Consumer Protection

DECISIONS
Coordinators' meeting
Brussels

Wednesday, 4 December 2019 from 11.00 to 11.55

In the Chair: Petra De Sutter

Part I: items for decision with debate

I.1 Adoption of the draft agenda

The agenda was adopted as shown in these decisions.

I.2 Announcements

I.2.1 Main items of the Conference of Committee Chairs

The Chair informed that Mr Tajani will convene the Chairs of the committees concerned by the conflicts on A.I. on 10/12/2019 to address and possibly solve the competences issues.

I.2.2 Conflicts with other Committees

Digital Services Act: improving the functioning of the Single Market (AM/AK)

State of play:
Agreement reached with TRAN and ECON
Pending conflict with ITRE, JURI, CULT and LIBE

ITRE:
- ITRE objected to the INI by letter of 16/9/19
- IMCO responded by letter of 27/9/19
- ITRE responded by letter of 17/10/19
- IMCO replied by letter of 30/10/19
ITRE maintains its objections despite IMCO’s reply and the concrete proposal to clarify the scope of the INI by changing the title of our INI from Digital Services Act to “E-commerce rules fit for the digital age”.

JURI:
- JURI submitted an INI by letter of 11/09/19
- IMCO responded by letter of 26/09/19
- JURI replied by 14/10/19 refusing IMCO’s proposals
- IMCO responded by letter of 17/10/2019
JURI maintains its objections despite IMCO’s proposal to further clarify the scope of the INI by changing the title of our INI from Digital Services Act to “E-commerce rules fit for the digital age”.

CULT:
- CULT objected to the INI by letter of 13/09/19
- IMCO responded by letter of 23/09/19
- CULT restated its arguments on 15/10/19
- IMCO replied on 18/10/19
CULT is not satisfied with IMCO’s offer that issuing an opinion would provide CULT with an opportunity to remind the Commission of the importance of not changing the regulatory framework established by the AVMSD in 2018.

LIBE:
- LIBE objected to the INI by letter of 18/09/19
- IMCO responded by letter of 30/09/19
- LIBE replied on 15/10/19
- IMCO replied to this second letter on 23/10/19
- LIBE replied on 8/11/2019 refusing IMCO’s proposal to be associated under 56
LIBE maintains its objections despite IMCO’s proposal to further clarify the scope of the INI by changing the title of our INI from Digital Services Act to “E-commerce rules fit for the digital age.”
Act to “Ecommerce rules fit for the digital age”.

**TRAN:**

**Agreement reached**

IMCO reassured TRAN that TRAN would be invited for opinion in case the INI would touch upon matters related with TRAN competences.

**ECON:**

**Agreement reached**

- IMCO reassured ECON that ECON would be invited for opinion in case the INI would touch upon matters related with ECON competences.

**Hearing: "Emerging digital technologies: opportunities and challenges for the Single Market" (MDB)**

Suggested title change: “Artificial intelligence and blockchain: ...”

**IMCO request**

- Agreement has been reached with **ITRE**, who would accept for the hearing to go ahead based on a simplified description of the hearing contained in the IMCO letter of 29/10.
- **LIBE** maintained their objection to the hearing and to the INI on DSA by letter of 08/11. This followed their earlier letter of 18/09 and IMCO’s letters in response of 30/09 and 22/10. IMCO has clarified that it does not intend to tackle the subject of fundamental rights and personal data in the hearing.
- **JURI** objected to the hearing by letter of 14/10. IMCO responded by letter of 17/10. JURI have so far maintained their objection. They contest IMCO’s competence for ethics in the context of professional services and for e-commerce.
| **Strengthening the Single Market: the future of free movement of services**  
(AD/GDS/MC) | ITRE objected to the INI by letter of 16 September. IMCO responded by letter of 27 September. The IMCO response to the ITRE objection seeks to clarify that the INI will focus on the implementation and enforcement of the legal framework on services and professional qualifications, building on the Services Directive, the Professional Qualifications Directive and the Proportionality Directive, within the IMCO competences. ITRE maintained its objection by letter of 17 October, unless the INI would limit itself exclusively to the 1) Services Directive, 2) the Professional Qualifications Directive and 3) the Proportionality Test Directive. IMCO submitted its response to ITRE on 30 October 2019. |
|---|---|
| **Digital Services Act: Adapting commercial and civil law rules for commercial entities operating online**  
(AM/AK/PK) | IMCO blocked the request of this INI report as it conflicts with our INI and our competence on e-Commerce and as there can be no two INIs on the same subject. JURI sent a letter contesting the objection, insisting that their report will focus on civil and commercial law. A rebuttal letter was sent to JURI on 17 October 2019. |
| **Civil liability regime for artificial intelligence**  
(KB) | IMCO requested association under Rule 57 with exclusive competences. This has been followed by an e-mail exchange at head-of-unit level, but no agreement has been reached. CCC recommendation possibly to be expected. ITRE has also objected to this legislative INI. |
| **Regulatory framework of ethical aspects of artificial intelligence, robotics and related technologies**  
(KB) | IMCO highlighted that this legislative INI would not be concluded in time to contribute to the new Commission’s expected initiative on ethical implications of AI (to be proposed within first 100 days in office). If that INI however is allowed to proceed, IMCO requested association under Rule 57 with exclusive competences. This has been followed by an e-mail exchange at head-of-unit level, but no agreement has been reached. CCC recommendation possibly to be expected. ITRE has also objected to this legislative INI. |
| **Intellectual Property rights for the development of artificial intelligence technologies** (KB) | **JURI INI** | IMCO requested further clarifications on the proposed scope and asked authorisation to be put on hold until those are received. Following an e-mail exchange at head-of-unit level, IMCO adapted its request and requested association under Rule 57 with shared competences. No agreement has been reached, possible CCC recommendation to be expected.

ITRE has also objected to this INI. |
|---|---|---|
| **Artificial intelligence: questions of State authority and of interpretation and application of international law in so far as the EU is affected in the areas of civil and military uses** (KB) | **JURI INI** | IMCO requested further clarifications on the proposed scope and asked authorisation to be put on hold until those are received. Following an e-mail exchange at head-of-unit level, IMCO adapted its request and requested association under Rule 57 with exclusive competences. No agreement has been reached, possible CCC recommendation to be expected.

ITRE has also objected to this INI. |
| **Artificial Intelligence and its use in law enforcement** (KB) | **LIBE INI** | LIBE requested this INI ahead of the CCC meeting of 26 November 2019.

IMCO requested association under Rule 57 with exclusive competences. |
| **Impacts of EU rules on the free movements of workers and services: intra-EU labour mobility as a tool to match labour market needs and skills** (AD/GDS) | **EMPL INI** | EMPL requested the authorisation of an INI covering the free movement of workers and services with regard to matching labour market needs and skills via intra-EU labour mobility. With the current title and justification of the topic, such an INI would encroach on exclusive competences of IMCO.

Therefore, IMCO objected to this request on 20/11, requesting either exclusive competences in accordance with Rule 57 for all matters related to the Services Directive/ Professional Qualifications Directive/ Proportionality Test Directive or excluding those elements from the scope of the EMPL INI. |
I.3 Nomination of rapporteurs

**Legislative reports**

None.

**Non-legislative reports**

I.4. Miscellaneous

I.4.1 Artificial intelligence

a) Nomination of Members to CCC inter-committee Contact Group on Artificial Intelligence (MDB/AK)

At the meeting of the Conference of Committee Chairs on 22 October and by subsequent email on 3 December, the Chair, Mr Tajani, announced that a contact group was to be set up called the CCC Inter-Committee Contact Group on Artificial Intelligence. The establishment of the CG is intended to reflect the cross-cutting nature of AI policy and the assessment that a number of committees have a stake in it.

Coordinators decided that the Chair should inform Mr Tajani of their strong reservation regarding the establishment of this Contact Group. If nevertheless the CCC decides to go ahead and establish such a Contact Group, Coordinators unanimously agreed to nominate the Chair (to be replaced by a Vice-Chair in case of unavailability) to represent IMCO.

b) Oral question with resolution on automated decision-making processes: Ensuring consumer protection and transparency (MC)

Coordinators endorsed the reformulated oral question (with the reverse order c-b-a for question 1) to reflect better the competences of IMCO on artificial intelligence.

c) Hearing: "Emerging digital technologies: opportunities and challenges for the Single Market" (MDB/SVS)
Coordinators took note of the latest state of play of the conflicts regarding this hearing.

1.4.2 Exchange of views with the Croatian Presidency

At their meeting in October, Coordinators discussed how to handle the exchange of views with Council’s presidencies in order to focus the presentation on IMCO’s competences and have a more productive exchange. It was agreed that the Secretariat will collect questions from the Political Groups, to be transmitted to the up-coming Council Presidency, in order to better prepare the exchange of views on specific files.

The presentation of the Croatian Presidency programme will take place in Committee on 22 January 2020. Political groups are invited to forward the topics of the questions to the secretariat by 8 January at the latest.

1.4.3 IMCO Working Group on the Digital Single Market (PS)

At their meeting of July, Coordinators extended the mandate of the Working Group on the Digital Single Market to continue its work in the 9th Legislative Term with the same arrangements as in the previous mandate and decided to nominate Róża Thun (EPP) as Chair of the working group for the first half term and Svenja Hahn (Renew) as vice-Chair. The two members will swap roles in the second half.

Coordinators took note of the proposal by the Chair and the Vice-Chair for working arrangements, topics, calendar of meetings and renewal of the mandate to the Policy Department to provide Experts in the meetings.

Coordinators, agreed that political discussions should take place in the Committee and expert discussions should be the remit of the working group’s meetings. It was consequently decided that Commissioners should appear first in Committee meetings.

Coordinators invited the Chair and the Vice-Chair of the working group to revise the programme and present it at the January Coordinators’ meeting.

1.4.4 Public hearing: “Digital advertising and consumer information” (PC/TV)

On 25 September 2019, the IMCO coordinators endorsed the proposal for a public hearing on “Digital advertising and consumer information” in the first half of 2020.

The public hearing is planned for the IMCO Committee meeting of 17/18 February 2020, provisionally foreseen to take place on 17 February at 14:30-16:30.

Coordinators endorsed the preliminary draft programme with the withdrawal of “consumer” from the title of the 2nd panel “Are consumers and especially vulnerable groups protected from disguised digital advertising?”
1.4.5 IMCO delegation to Rome, Italy (MC)

The Conference of Presidents on 28 November authorised the IMCO mission to Rome which is to take place from 24 to 26 February 2020 (three days, including travel time) and will be constituted of up to 8 Members plus the IMCO Chair.

According to the rolling d'Hondt system, the 8 Members of the IMCO delegation should be constituted by 2 EPP Members, 2 S&D Members, 1 Renew Member, 1 Greens/EFA Member, 1 ID Member and 1 ECR Member.

Coordinators took note of the draft program and asked the secretariat to remove the food and pharmaceutical products and replace them with consumers’ organisations in the program.

Political groups are invited to nominate participants of their respective political groups and inform the secretariat of their decision by 19 December at the latest.

1.4.6 INI report on Product Safety in the SM

The Coordinators agreed that the INI report on “Addressing Product Safety in the Single Market” will not overlap with the Motion for Resolution that IMCO will table on the follow-up to be given to the original proposals on Product Safety and Market Surveillance of 2013.
Part II: items for decision without debate

II.1 Adoption of the Coordinators Decisions of the last meetings

The decisions of the coordinators’ meeting of 6 November 2019 were approved by written procedure on 15 November 2019.

Items approved by written procedure:

- IMCO draft opinion - AFCO consent procedure on the UK’s Withdrawal Agreement (21/11/19): agreement on the content of the letter.

- General Vehicle Safety Regulation (GVSR) - Publication of the Commission’s Statement (21/11/19): agreement on not to delay the signature of the Act but to address a letter of the Chair to the Council Presidency expressing our displeasure.

II.2 Timetables

II.2.1 Cavazzini opinion: type approval of motor vehicles with respect to emissions from light passenger and commercial vehicles and on access to vehicle repair and maintenance information (Real Driving Emissions, RDE II) (2019/0101(COD)) (Rule 57)

II.3 Comitology, Delegated and Implementing Acts and Expert Groups

Coordinators took note of the recommendations regarding documents transmitted for scrutiny and if no objections are received by 6 December cob they will be deemed approved. Coordinators also took note of the summary of the expert group meetings.
II.4 Petitions and motions for resolution

A. Petitions

A1. Petition No 0315/2019 by O.T. (British) on the need to revoke Article 17 of Regulation (EU) 1169/2011 on the provision of food information to consumers (DA)

Decision: For information, no further action needed.

A2. Petition No 0323/2019 by Hermann Winkler (Austrian), on behalf of Quizomat s.r.o., on the seizure of gaming machines and on the freedom to provide services under Article 56 TFEU (AD)

Decision: For information, no further action needed.

A3. Petition No 0373/2019 by I.O. (German) on the need to put the content of ‘gacha’ games on the same legal level as those known as ‘loot boxes’ in mobile apps (GDS/AD)

Decision: The Chair could reply to PETI to inform about the current IMCO study on the issue and to request to be updated on information that might be provided by the Commission.

A4. Petition No 0456/2019 by J.R.R. (Spanish) on the threats to consumer safety posed by signatures on electronic screens (AM)

Decision: For information, no further action needed.

B. Motions for Resolution

B1. Motion for a resolution on the introduction of a common European value for formaldehyde emissions for wood-based materials - Paolo Borchia- B9-0173/2019

Decision: Call on the Commission to offer more information. The Chair could reply accordingly to the author of the motion for resolution.

C. Proposals for Union Acts
