Answer given by Mr Barroso  
on behalf of the Commission  
(17.5.2011)

The legal entity managing the European Business Summit, "European Business Forum" is registered in the Commission Register of interest representatives.

The Parliament – Commission draft agreement on a common "Transparency Register" in preparation foresees (article 25) that "The parties shall take appropriate measures externally to raise awareness of the register and promote its use". The Commission, together with the Parliament, will start implementing this activity as soon as the agreement is signed and enters into force.
