Subject: Follow-up to written question P-000105/2016

In its answer to written question P-000105/2016, the Commission stated that Member States had a deadline of 22 December 2015 to adopt their river basin plans, and that the Spanish Government had approved its plans in the Council of Ministers of 8 January 2016.

- 1.- How will the Commission react to these plans, such as those of Spain which were adopted three weeks late?
- 2.- Does the Commission intend to publish its communications with the Spanish authorities during the exchange of information prior to the drafting of the water basing plans, in accordance with the Water Framework Directive?
- 3.- Will the Commission publish the data provided by the authorities of the Member States during the process of harmonisation via the WISE platform, in advance of the reports scheduled for 2017?
