

**Question for written answer P-004825/2016
to the Commission**
Rule 130
Christofer Fjellner (PPE)

Subject: Funding of non-governmental organisations

Every year non-governmental organisations (NGOs) receive large amounts of funding from the Commission. Funding is provided for a wide range of causes and organisations, some of which are directly connected to the European Union's political objectives.

- How much funding do NGOs receive in total from the Commission?
- How much of that funding is provided for activities that are not directly aimed at promoting the European Union's political objectives?
