Subject: Follow-up on the use of illegal defeat devices

On 1 September 2016 it was revealed in the German economic weekly *Wirtschaftswoche* that the German ministry has (new) evidence of Fiat using illegal defeat devices, which are prohibited under Regulation No 715/2007.

1. What action will the Commission take to raise this matter with the Italian Government without delay?
2. By what date, at the latest, will the Commission launch infringement proceedings?
