## **SUGGESTIONS**

The Committee on Civil Liberties, Justice and Home Affairs calls on the Committee on Budgetary Control, as the committee responsible, to incorporate the following suggestions in its motion for a resolution:

1. Welcomes the fact that some progress has been achieved in the level of implementation of commitments of the budget in respect of an area of freedom, security and justice; deplores the increasingly low level of implementation of payments (79.8% according to the Court of Auditors in comparison to 83.8% in 2004); notes that this level is one of the lowest of the Commission; calls on the Directorate-General for Justice, Freedom and Security to improve implementation of the budget in the future.
