THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the functioning of the European Union, and in particular Article 349 thereof,

Whereas:

1. In August and December 2007 the regional authorities of Madeira and Azores requested with the support of the Portuguese Government an autonomous suspension of the common customs tariff duties for a number of products in accordance with Article 299 (2) of the Treaty establishing the European Community. They justified their requests that in view of the remoteness of those islands the economic operators suffer severe commercial disadvantages which have negative effects on demographic trends, employment and social and economic developments.
2. The local economies of Madeira and the Azores are to a large extent dependant on national and international tourism, a fairly volatile economic resource. It is determined by factors on which the local authorities and the Portuguese government have hardly any influence. As a result the economic development of Madeira and the Azores is severely restrained. In these circumstances it is necessary to support those economic sectors which are less dependent on the tourist industries in order to compensate the fluctuations of the tourist sector and thus to stabilise local employment.
3. Council Regulation (EEC) No 1657/93 of 24 June 1993 temporarily suspending the autonomous Common Customs Tariff duties on certain industrial products intended to equip the free zones of the Azores and Madeira⁵) did not have the wished effect in the last years before its expiry on 31.12.2008. This is very likely due to the fact that these suspensions laid down in that Regulation have been limited to the free zones of the Azores and Madeira and have therefore no longer been used in the last years before their expiry. It is therefore appropriate to provide for new suspensions which are not restricted to industries located in free zones but can benefit to all types of economic operators located on the territory of those regions. The scope of commercial sectors benefiting from the suspensions should therefore cover the fishery, agricultural, industrial and service sectors.

⁵ OJ L 158, 30.6.1993, p. 1

4. In order to ensure economic effect of the suspensions laid down in this Regulation it is appropriate to extend the range of products to finished goods for industrial use, to raw and other materials and to parts and components used for agricultural purposes, industrial transformation, maintenance and other services.
5. In order to give a long term perspective to investors and enable economic operators to reach a level of industrial and commercial activities which stabilises the economic and social environment in the regions concerned, it is appropriate to suspend in full the Common Customs Tariff duties for certain goods for a period of 10 years starting on [the first day of the first calendar month after the date of entry into force of this Regulation].
6. In order to ensure that only economic operators located on the territory of Madeira and the Azores benefit from these tariff measures, the suspensions should be made conditional on the end use of the products in accordance with Council Regulation (EEC) 2913/92 of 12 October 1992 establishing the Community Customs Code⁶ and Commission Regulation (EC) No 2454/93 of 2 July 1993 laying down provisions for the implementation of Council Regulation (EEC) No 2913/93 establishing the Community Customs Code⁷.
7. In order to allow efficient operation of the suspension the authorities of Madeira and the Azores should take the necessary implementing measures and inform the Commission thereof.
8. The Commission should be permitted to adopt, if necessary, temporary measures designed to prevent any speculative movement or deflection of trade until a definitive solution for that movement will be adopted by the Council.

⁶ OJ L 302, 19/10/1992, p.1

⁷ OJ L 253 11.10.1993, p.1

9. Amendments to the Combined Nomenclature may not give rise to any substantive changes to the nature of the suspension of duties. The Commission should therefore be empowered to adopt delegated acts in accordance with Article 290 of the Treaty on the Functioning of the European Union for the purpose of making necessary amendments and technical adaptations to the list of goods for which a suspension applies.

HAS ADOPTED THIS REGULATION:

Article 1

From [the first day of the first calendar month after the date of entry into force of this Regulation] to [the date equal to 10 years from the date of application of this Regulation] the Common Customs Tariff duties applicable to imports into the autonomous regions of Madeira and the Azores of finished goods for agricultural, commercial or industrial use listed in Annex I shall be suspended in full.

These goods shall be used in accordance with the provisions of Council Regulation (EEC) 2913/92 of 12 October 1992 establishing the Community Customs Code and Commission Regulation (EC) No 2454/93 of 2 July 1993 laying down provisions for the implementation of Council Regulation (EEC) No 2913/93 establishing the Community Customs Code for a period of at least 24 months after the release into free circulation by economic operators located in the autonomous regions of Madeira and the Azores.

Article 2

From [the first day of the first calendar month after the date of entry into force of this Regulation] to [the date equal to 10 years from the date of application of this Regulation] the Common Customs Tariff duties applicable to imports into the autonomous regions of Madeira and the Azores of raw materials, parts and components listed in Annex II, and used for agricultural purposes, and industrial transformation or maintenance in the autonomous regions of Madeira and the Azores, shall be suspended in full.

Article 3

The competent authorities of Madeira and the Azores shall take the measures necessary to ensure compliance with Article 1 and 2.

Those authorities shall inform the Commission of those measures before [the date equal to 6 months from the entry into force of this Regulation.]

Article 4

The suspension of duties referred to in Articles 1 and 2 shall be subject to end-use in accordance with Articles 21 and 82 of Council Regulation (EEC) No 2913/92 and to the controls provided for in Articles 291 to 300 of Regulation (EC) No 2454/93.

Article 5

1. Where the Commission has reason to believe that the suspension laid down in this Regulation has led to a deflection of the trade for a specific product it may, in accordance with the procedure referred to in Article 7(2), temporarily withdraw the suspension for a period not longer than 12 months. Import duties for products for which the suspension has been temporarily withdrawn shall be secured by a guarantee, and the release of the products concerned for free circulation in the autonomous regions of Madeira and the Azores shall be conditional upon the provision of such guarantee.
2. When the Council decides on a proposal from the Commission within the 12 months period that the suspension should definitively be withdrawn the amounts of duties secured by guarantees shall be definitively collected.
3. If no definitive decision has been adopted within the 12 month period in accordance with paragraph 2, the securities shall be released.

Article 6

Delegation of powers

When necessary the Commission may adopt by means of delegated acts in accordance with Article 6a and subject to the conditions of Articles 6b and 6c such amendments and technical adaptations to Annexes I and II of this Regulation as are required as a consequence from amendments of the Combined Nomenclature.

2. Where the Council has commenced an internal procedure for deciding whether to revoke the delegation of powers, it shall endeavour to inform the Commission within a reasonable time before the final decision is taken, indicating the delegated powers which could be subject to revocation and possible reasons for a revocation.

3. The decision of revocation shall put an end to the delegation of the powers specified in that decision. It shall take effect immediately or at a later date specified therein. It shall not affect the validity of the delegated acts already in force. It shall be published in the Official Journal of the European Union.

Article 6/c

3. If the Council objects to the adopted delegated act, it shall not enter into force. The Council shall state the reasons for objecting to the delegated act.

Article 7

1. The Commission is assisted by the Customs Code Committee.
2. When reference is made to this paragraph, Articles 4 and 7 of Decision 1999/468/EC shall apply.
