**Amendment 22**  
**Birgit Schnieber-Jastram**

**Proposal for a regulation**  
**Recital 6**

*Text proposed by the Commission*

(6) The Council Conclusions on Security and Development (as well as the Council Conclusions on an EU response to situations of fragility) emphasise that the nexus between development and security should inform EU strategies and policies in order to contribute to the coherence of EU external action. More specifically, the Council concluded that future work on security and development should include the security and development implications of climate change, environmental and natural resource management issues and migration.

*Amendment*

(6) The Council Conclusions on Security and Development (as well as the Council Conclusions on an EU response to situations of fragility) emphasise that the nexus between development and security should inform EU strategies and policies in order to contribute to ***Policy Coherence for Development (PCD) as enshrined in Article 208 TFEU and to the coherence of EU external action in general***. More specifically, the Council concluded that future work on security and development should include the security and development implications of climate change, environmental and natural resource management issues and migration.
