- **The development of biotechnology in poor countries as a tool to achieve food security, and EU measures to increase sustainable agricultural production in poor countries.**  
*(A Commission communication should guarantee that the EU will not encourage or financially support any project linked to the development of biotechnology in poor developing countries, and should propose measures to increase sustainable agricultural production in poor countries.)*
- **Enhancing the effectiveness, accountability and efficiency of EU aid**  
*(A specific communication on EU aid effectiveness, accountability and efficiency is requested, in the light of the conclusions from the Busan Summit, including the specific role of the European Commission for the establishment and implementation of a post-2015 development framework.)*
- **Policy Coherence for Development and Human Rights impact assessment of Free Trade Agreements**  
*(On the basis of an impact assessment of the existing and planned Free Trade Agreements with developing countries and regions, a communication is requested on the impact of these agreements for the promotion of Human Rights and Policy Coherence for Development and on their impact on access to food and food security in these countries.)*
- **An EU-ACP post-2020 strategy**  
*(A Commission communication is requested in preparation for the final **5-yearly Review** of the **Cotonou Partnership Agreement**. The review process is likely to start in 2013, and should be concluded in 2015. The Cotonou Agreement expires in 2020 and it is not clear how the Commission envisages the future of the ACP-EU relationship.)*
- **An EU strategy for supporting disaster risk reduction in developing countries**  
*(The Commission is requested to make an evaluation of the implementation of the EU strategy for supporting disaster risk reduction **in developing countries** and **make the necessary revisions to its implementing plan 2011-2014** in order to **address gaps and speed up implementation**.)*
- **Implementation of the European Consensus on Humanitarian Aid**  
*(For the implementation of the European Consensus on Humanitarian Aid, signed in 2007, a five-year action plan was adopted in May 2008. It will expire during the second semester of 2013. The Commission should make an evaluation of its implementation and make specific recommendations for its update/renewal.)*
- **Linking relief, rehabilitation and development (LRRD)**  
*(A Commission communication is requested with concrete proposals for building efficient links between humanitarian assistance and development, which should take into account the necessity of enough flexibility to allow LRRD to take place in situations of transition, and which should encourage joint needs assessments and the establishment of common objectives between humanitarian and development practitioners.)*

- **Food assistance**

*(A communication is requested on nutrition, including a better linkage between food assistance and food security, and special attention for famine prevention.)*

- Parliament key priority for 2013:

- **Establishment of a dedicated trust fund to address the problem of malnutrition in developing countries**

*(According to seminal research published in the Lancet medical journal in 2008, a set of 13 basic interventions could prevent the vast majority of malnutrition, especially in the critical 1,000-day window between conception and age 2. These include encouraging breastfeeding to avoid contaminated water, proper introduction of varied foods for infants, fortification of basic staples and vitamin supplementation. The World Bank has estimated that getting these solutions to 90 percent of the children who need them would annually save 2 million lives and would cost \$10 billion. A trust fund would enable the leveraging and pooling of resources from Commission and Member States, and possibly other donors, and would enable better visibility of EU action in saving lives.)*

### **3. European Development Days (EDD) 2012 (Brussels - 16/17 October 2012)**

*Decision / recommendation:*

- DEVE will request the following forms of participation:
  - As in previous years, Parliament should have the opportunity to organise one High Level Panel (HLP), ideally on its own (to ensure institutional balance with Council and Commission);
  - As also this year no stands are foreseen, visibility for Parliament should be ensured by other means (ideally inclusion of the EP logo in publications); Parliament should therefore ensure that its logo is prominently visible at the EDD venue and on EDD publications of all types (paper, website, etc.);
  - Members should have the opportunity to organise bilateral meetings with stakeholders in the conference venue;
  - The European Parliament should have the possibility to hold a final press conference;
- The topic for a HLP sponsored and organised by the EP will be (exact title to be determined later): "*Post Rio+20: which strategy for sustainable and inclusive growth*";
- S&D and Greens will appoint one MEP each to take political responsibility for the organisation of DEVE's EDD event.

- *Each report is valued at 2 points, each opinion at 1 point. In case various groups bid for the same report/ opinion, it is attributed to the bidder with the lowest quota.*
- *When a group asking for a report/opinion has not yet used any points, it is obviously not possible to divide the number of members by 0. In this case, for calculating the initial quota, the number of points for a report/ opinion is added to the total of all groups bidding for the report/opinion and calculations are then made as indicated above.*
- *When two or more groups bidding for a report/opinion have equal quotas, precedence goes to the group with the highest number of committee Members.*
