

Petition 1748/2008 by Ms. Xenia Burlaca (Romanian), on non-consideration of her Romanian nationality in the calculation for the tuition fees by the University of Edinburgh

The petitioner, holder of dual nationality - Romanian and Moldovan, indicates that the University of Edinburgh has refused to recalculate her tuition fees on the basis of her Romanian nationality. The petitioner explains that she is still associated with overseas students. She maintains that students in a similar position to her who study in other British universities have been treated as EU nationals.
