## Foodstuff and food ingredients: extraction solvents used in the production

**PURPOSE** : to undertake a codification of Council Directive 88/344/EEC of 13 June 1988 on the approximation of the laws of the Member States on extraction solvents used in the production of foodstuffs and food ingredients. **CONTENT** : the purpose of this proposal is to undertake a codification of Council Directive 88/344/EEC of 13 June 1988 on the approximation of the laws of the Member States on extraction solvents used in the production of foodstuffs and food ingredients. The new Directive will supersede the various Directives incorporated in it. Their content is fully preserved, and they are brought together with only such formal amendments as are required by the codification exercise itself. The codification proposal was drawn up on the basis of a preliminary consolidation, in all official languages, of Directive 88/344/EEC and the instruments amending it, carried out by the Office for Official Publications of the European Communities, by means of a data-processing system. Insofar as the Articles have been given new numbers, the correlation between the old and the new numbers is shown in a table contained in Annex III to the codified Directive.?

## Foodstuff and food ingredients: extraction solvents used in the production

The committee adopted the report by its chairman, Giuseppe GARGANI (EPP-ED, I), approving the proposal unamended under the 1st reading of the codecision procedure. ?

## Foodstuff and food ingredients: extraction solvents used in the production

The European Parliament adopted a resolution drafted by Giuseppe GARGANI (EPP-ED, Italy) and approved the Commission's proposal. ?

## Foodstuff and food ingredients: extraction solvents used in the production

As announced in Official Journal C 68 of 13 March 2008, the Commission decided to withdraw this proposal, which had become obsolete.
