
The Newshub: a tool to follow EP politics as they happen

Our revamped Newshub aggregates social media updates from 751 MEPs, eight political groups and the Parliament itself to create a single unmissable page of Parliament news, which is constantly renewed. Read more on what it is, how it works and then visit to try it out for yourself.

The EP Newshub is an instant news service from the European Parliament, gathering in one single place all web information published by MEPs, political groups, the president and the Parliament's news service.

How to make the most of it

On one single page you can now follow in almost real time everything MEPs from your country are saying on the web.

Or follow the [political group](#) of your choice.

Or look for trending topics among what MEPs and political groups are discussing.

Or look for a specific topic such as [TTIP](#) and see what MEPs are saying about it.

The screenshot displays the EP Newshub interface. At the top, a timeline shows dates from 04/02/2016 to 09/02/2016. The main content area is divided into three sections: Latest News, Latest Pictures, and Latest Videos. The Latest News section features several articles with headlines and author names. The Latest Pictures section shows a photo of a group of people. The Latest Videos section shows a video thumbnail. On the left side, there are filters for Social media sources, Media types, Contributor filters, and Language. At the bottom, there is a footer with the EP logo and text about the European Parliament's Newshub.
