

African Week Committees' and Delegations' activities

On 29 and 30 November the 5th African Union – European Union Summit of Heads of States and Governments will take place in Abidjan, Côte d'Ivoire.

These summits occur only every three years in Africa and Europe alternately, and are a unique opportunity to strengthen and deepen our partnership with African countries.

The European Parliament is always represented by a delegation both to the parliamentary pre-summit and to the Summit of Heads of States and Governments.

This year, ahead of the summit, the European Parliament has decided to organise an "African Week" from 20 to 23 November where parliamentary committees and delegations, as well as other bodies such as the policy department or the Democracy Support and Election Coordination Group have included in their respective agendas dedicated points on Africa.

The highlight will be a high-level conference: *towards a renewed partnership with Africa* that will take place on Wednesday, 22 November at 14:00 and be open to the public.

"African Week" aims to raise the visibility and role of the European Parliament by putting the EU's only directly-elected institution at the heart of the debate, feeding its message into both summits.

You will find in the document below the activities planned by the European Parliament for "African Week".
