Paragraph 1

Draft opinion

1. Points to the important challenges the Union is facing in the field of energy, information technology, research and innovation, notably to ensure security of energy supply, to combat climate change, to stimulate the evolution of an eco-efficient economy, to prevent a digital divide and to drive innovation in the aftermath of the financial crisis and economic downturn; believes that **significant** cuts to budget lines which implement policies to tackle these challenges **would be** detrimental to EU's sustainable economic recovery, regional development and job creation;
