Paragraph 1**

Motion for a resolution

1. Paragraph 1 a (new)**

Motion for a resolution

Amendment

1a. Points out that in past reporting periods there have been significant delays, so that, for example, the current report of 3 August 2009 (the 24th report from the Commission analysing the penalties for serious infringements against the social rules in road transport) deals only with data from 2005 and 2006, and hence can draw hardly any conclusions about the current state of harmonisation of the social rules for road transport users;

Paragraph 1 b (new)**
