**Ágnes Hankiss**

**Motion for a resolution**  
**Paragraph 17**

*Motion for a resolution*

17. Highlights the fact that successful **military operations require** a clear command and control function; reiterates therefore its call for the establishment of a permanent **military** operational headquarters; notes with regret the lack of progress on this issue and the strong resistance by some Member States; stresses further that an effective CSDP requires adequate early warning and intelligence support; considers, therefore, that these headquarters should include cells for intelligence gathering and for early warning/situational awareness;

*Amendment*

17. Highlights the fact that successful **operational engagement requires** a clear command and control function; **underlines that the creation of a purely military operational headquarter does not provide significant added value in the current structure**; reiterates therefore its call for the establishment of a permanent **civilian-military** operational headquarters; **emphasises that a comprehensive impact assessment analysing the costs and benefits related to such a project is indispensable for any step forward**; notes with regret the lack of progress on this issue and the strong resistance by some Member States; stresses further that an effective CSDP requires adequate early warning and intelligence support; considers, therefore, that these headquarters should include cells for intelligence gathering and for early warning/situational awareness;
