**Clare Moody, Flavio Zanonato, Jude Kirton-Darling, Catherine Stihler, Theresa Griffin**

**Motion for a resolution**  
**Recital A c (new)**

*Motion for a resolution*

*Amendment*

*Ac. whereas Europe must use the opportunity of the Digital Single Market to develop state of the art educational systems, better labour protection standards, better resource and energy efficiency, to support the Energy Union, research and innovation both for business and for science, and promotion of gender equality and equal access for the marginalised and for people living with disabilities;*

**Amendment 59**

**David Borrelli, Marco Zullo, Dario Tamburrano**

**Motion for a resolution**

**Recital A g (new)**

*Motion for a resolution*

*Amendment*

*Ag. whereas the digital environment is understood by a significant share of European citizens as a public good, therefore expecting to enjoy in this area high-performance, affordable public services available to a vast majority of citizens, if not all;*

Or. en

**Amendment 60**

**David Borrelli, Marco Zullo, Dario Tamburrano**

**Motion for a resolution**

**Recital A a (new)**

*Motion for a resolution*

*Amendment*

*Aa. whereas the new model of deeply intensified interaction, by its own nature, goes beyond borders, distances and many other physical constraints, and as a consequence does not only connect "digital citizens" within the Union, but allows them to reach out to, and to be reached by, citizens and businesses all over the world; whereas this connectivity means that the Digital Single Market must be conceived and implemented in close interrelationship with the digital realities and on-going developments all over the world;*

Or. en

**Amendment 61**  
**David Borrelli, Marco Zullo, Dario Tamburrano**

**Motion for a resolution**  
**Recital A c (new)**

*Motion for a resolution*

*Amendment*

*Ac. whereas the management of such complexity involves harnessing informative flows of an unprecedented scale and richness, to which the whole society contributes, and from which the whole society must benefit;*

Or. en

**Amendment 62**  
**David Borrelli, Marco Zullo, Dario Tamburrano**

**Motion for a resolution**  
**Recital A d (new)**

*Motion for a resolution*

*Amendment*

*Ad. whereas the Union, together with the different levels of national, regional and local governments, must guarantee that no single player, either public or private, will be allowed to benefit unduly from the new all-encompassing digital environment;*

Or. en

**Amendment 63**  
**Clare Moody, Flavio Zanonato, Jude Kirton-Darling, Theresa Griffin, Catherine Stihler**

**Motion for a resolution**  
**Recital A d (new)**

*Motion for a resolution*

*Amendment*

*Ad. whereas particular attention must be paid to vulnerable citizens, workers in precarious employment, those caught in the digital divide, and isolated or poor communities, to ensure they too reap the full benefits of a Digital Single Market;*

Or. en

**Amendment 64**

**David Borrelli, Marco Zullo, Dario Tamburrano**

**Motion for a resolution**

**Recital A e (new)**

*Motion for a resolution*

*Amendment*

*Ae. whereas it is generally agreed that the informative flows generated by a fully functioning Digital Single Market can only be productively managed with a continuously increasing use of artificial intelligence, for aggregating data, identifying and interpreting patterns, and recognizing emerging structures; whereas such combination of activities could likely bring an unprecedented development of this field, which in itself is largely unregulated and even un-discussed, with enormous political, ethical, legal and technical implications;*

Or. en

**Amendment 65**

**David Borrelli, Marco Zullo, Dario Tamburrano**

**Motion for a resolution**

**Recital A f (new)**

*Motion for a resolution*

*Amendment*

***Af. whereas a highly-participative, highly-inclusive Digital Single Market can only be designed and implemented through processes that are equally participative and inclusive, creatively summoning and combining the vision, values, strengths, knowledge, skills and experiences of the whole European society;***

Or. en

**Amendment 66**

**Clare Moody, Jude Kirton-Darling, Theresa Griffin**

**Motion for a resolution**

**Recital A f (new)**

*Motion for a resolution*

*Amendment*

***Af. whereas the use of the internet and mobile communication has changed the way businesses interact with each other, and how governments interact, and will continue to do so;***

Or. en

**Amendment 67**

**Marc Tarabella**

**Motion for a resolution**

**Recital A c (new)**

*Motion for a resolution*

*Amendment*

***Ac. whereas the European Digital Single Market is an opportunity for consumers in terms of cross-border purchases of tangible and intangible digital content and whereas European copyright laws are therefore no longer appropriate;***

**Amendment 68**

**Philippe Juvin, Andreas Schwab, Ildikó Gáll-Pelcz, Sven Schulze, Róza Gräfin von Thun und Hohenstein, Emil Radev, Michal Boni, Henna Virkkunen, Sabine Verheyen, Pascal Arimont**

**Motion for a resolution**

**Recital B**

*Motion for a resolution*

B. whereas all Union policies and *legislation* in the area of the Digital Single Market should *allow new opportunities for users and businesses to emerge, especially within today's service society, while taking a holistic approach that considers their social dimension as they inevitably involve structural changes;*

*Amendment*

B. whereas all Union policies and *legislations* in the area of the Digital Single Market should *offer EU citizens a larger variety of cross-border services, stimulate the creation of innovative online services at competitive prices and facilitate easier access for businesses, and in particular SMEs, to cross-border markets;*

Or. en

**Amendment 69**

**Dita Charanzová, Antanas Guoga**

**Motion for a resolution**

**Recital B**

*Motion for a resolution*

B. whereas all Union policies and legislation in the area of the Digital Single Market should allow new opportunities for users and businesses to emerge, especially within today's service society, *while taking a holistic approach that considers their social dimension as they inevitably involve structural changes;*

*Amendment*

B. whereas all Union policies and legislation in the area of the Digital Single Market should allow new opportunities for users and businesses to emerge, especially within today's service society;

Or. en

## Motion for a resolution

### Paragraph 1

#### *Motion for a resolution*

1. Welcomes the Communication on ‘A Digital Single Market Strategy for Europe’; believes that the horizontal approach taken needs to be strengthened in its implementation as the digital sector affects every dimension of society and the economy;

#### *Amendment*

1. Welcomes the Communication on ‘A Digital Single Market Strategy for Europe’; believes that the horizontal approach taken needs to be strengthened in its implementation as the digital sector affects every dimension of society and the economy; ***calls on the Commission to comply with the planned schedule and launch the 16 initiatives aimed at achieving a true Digital Single Market for Europe, in order to contribute to the EU’s economic recovery, improve its internal and external competitiveness and promote social cohesion;***

Or. xm

## Amendment 176

**Róża Gräfin von Thun und Hohenstein, Michał Boni, Henna Virkkunen, Philippe Juvin**

**Motion for a resolution**  
**Paragraph 1 a (new)**

*Motion for a resolution*

*Amendment*

***1a. Believes that this "digital revolution" can bring enormous positive changes to the European economy, by raising productivity, dramatically reducing marginal costs for companies, creating millions of jobs and bringing unprecedented new economic opportunities; Is of the opinion that those opportunities can only be embraced through concerted efforts of the European institutions, Member States, business and the society;***

Or. en

**Amendment 177**

**Evelyne Gebhardt, Jutta Steinruck, Olga Sehnalová, Emilian Pavel, Maria Grapini, Marlene Mizzi, Sergio Gaetano Cofferati, Lucy Anderson, Sergio Gutiérrez Prieto, Marc Tarabella, Petra Kammerevert, Liisa Jaakonsaari, Maria João Rodrigues, Catherine Stihler, Martina Werner**

**Motion for a resolution**  
**Paragraph 1 b (new)**

*Motion for a resolution*

*Amendment*

***1b. Agrees with the Commission that the governance and timely delivery of the Digital Single Market is a shared responsibility of the European Parliament, the Council and the Commission; encourages the Commission to engage with societal and social stakeholders and to involve them in the decision making process to the widest extent possible;***

Or. en

**Amendment 178**

**Pilar del Castillo Vera, Krišjānis Kariņš, Michał Boni, Adina-Ioana Vălean, Henna Virkkunen, Carlos Coelho, Antonio López-Istúriz White, Philippe Juvin**

**Motion for a resolution**

**Paragraph 1 a (new)**

*Motion for a resolution*

*Amendment*

*1a. Stresses that in order for Europe to fully seize the potential for growth, jobs and global competitiveness in all sectors of the economy of new developments or technologies such as Cloud Computing, 5G development, Big Data or the Internet of Things, the completion of the Digital Single Market must be a priority;*

Or. en

**Amendment 179**

**Vicky Ford, Daniel Dalton, Hans-Olaf Henkel, Evžen Tošenovský, Emma McClarkin**

**Motion for a resolution**

**Paragraph 1 a (new)**

*Motion for a resolution*

*Amendment*

*1a. Suggests that the digitisation of the Single Market is a trend to be welcomed due to increased choice, competition, innovation, growth potential and lower costs for consumers and larger markets for businesses; emphasises the need to consider the Digital Single Market as a development of the traditional Single Market and not as something separate or different;*

Or. en

**Amendment 180**

**Dennis de Jong, Jiří Maštálka, Cornelia Ernst**

**Motion for a resolution**  
**Paragraph 1 a (new)**

*Motion for a resolution*

*Amendment*

***1a. Believes that the Digital Single Market should primarily serve the interests of citizens and SMEs;***

Or. en

**Amendment 181**  
**Pervenche Berès**

**Motion for a resolution**  
**Paragraph 1 a (new)**

*Motion for a resolution*

*Amendment*

***1a. Considers it essential to take all measures needed to create the Digital Single Market and to reduce digital barriers in order to eliminate regional disparities, allow national, regional and local economies to connect to the European market, open up new opportunities for young people and small businesses and stimulate growth and employment throughout the EU;***

Or. fr

**Amendment 182**  
**Jens Nilsson**

**Motion for a resolution**  
**Paragraph 1 a (new)**

*Motion for a resolution*

*Amendment*

***1a. Calls for a holistic approach to the digital single market agenda accompanied by efforts to attain socially, environmentally and economically sustainable development in the EU; calls***

*for better legislation on the digital single market aimed at reinforcing the EU's social model and creating the preconditions for employment, the establishment of SMEs and a high level of consumer protection;*

Or. sv

**Amendment 183**

**Miapetra Kumpula-Natri, Jeppe Kofod, José Blanco López, Carlos Zorrinho, Flavio Zanonato, Kathleen Van Brempt, Edouard Martin, Emilian Pavel, Clare Moody**

**Motion for a resolution  
Paragraph 1 a (new)**

*Motion for a resolution*

*Amendment*

*1a. Reminds that an inclusive digital infrastructure allowing high speed connectivity for all, connecting 100 per cent of European citizens and companies, and covering all parts of the European Union including rural and remote areas is a crucial prerequisite of an efficient digital single market; Encourages the Commission to take connectivity for all as a basis of its further activities in the related sectors in order to avoid the digital divide;*

Or. en

**Amendment 184**

**Evelyne Gebhardt, Liisa Jaakonsaari, Olga Sehnalová, Emilian Pavel, Marlene Mizzi, Sergio Gutiérrez Prieto, Marc Tarabella, Lucy Anderson, Petra Kammerevert, Marju Lauristin, Martina Werner**

**Motion for a resolution  
Paragraph 1 a (new)**

*Motion for a resolution*

*Amendment*

*1a. Calls on the Commission to conduct a study which explores the wider impact of*

*digitalisation on European societies in order to establish how and to which degree the phenomena has altered life in each and every Member State and to share these findings with all EU institutions and Member States; on this basis to assess whether and to which extent further action in the respective policy fields is required;*

Or. en

**Amendment 185**

**Liisa Jaakonsaari, Evelyne Gebhardt**

**Motion for a resolution**

**Paragraph 1 a (new)**

*Motion for a resolution*

*Amendment*

*1a. Emphasises that right from the outset, the development of the DSM needs to ensure equal and unrestricted access for all citizens by paying special attention to the particular needs and diverse requirements of persons with disabilities and the elderly, including all others who belong to vulnerable groups;*

Or. en

**Amendment 186**

**Liisa Jaakonsaari, Evelyne Gebhardt**

**Motion for a resolution**

**Paragraph 1 b (new)**

*Motion for a resolution*

*Amendment*

*1b. Emphasises furthermore that the EU citizens' human autonomy and dignity have to be safeguarded and protected through prudent legislative or regulative measures in order to build the basis for trust needed in the new digital*

*environment and e-interactions and to pre-empt negative consequences as far as this is possible; perceives in this respect also the need to ensure the right to privacy, the citizen's individual private sphere and their right for being off-line and off-supervision in an digitalised environment;*

Or. en

**Amendment 187**  
**Cornelia Ernst**

**Motion for a resolution**  
**Paragraph 2**

*Motion for a resolution*

*Amendment*

*2. Believes that better regulation should help to examine policy through a digital lens and facilitate the adaptation of legislation and enforcement frameworks in the light of new technologies and new business models to prevent fragmentation of the single market;*

*deleted*

Or. en

**Amendment 188**  
**Edouard Martin**

**Motion for a resolution**  
**Paragraph 2**

*Motion for a resolution*

*Amendment*

*2. Believes that better regulation should help to examine policy through a digital lens and facilitate the adaptation of legislation and enforcement frameworks in the light of new technologies and new business models to prevent fragmentation of the single market;*

*deleted*

**Amendment 189**

**Michał Boni, Henna Virkkunen, Andreas Schwab, Pilar del Castillo Vera, Antonio Tajani, Jerzy Buzek, Eva Paunova, Markus Pieper**

**Motion for a resolution**

**Paragraph 2**

*Motion for a resolution*

2. Believes that better regulation *should help to examine policy through a digital lens and facilitate the adaptation of legislation and enforcement frameworks in the light of* new technologies and new business models to prevent fragmentation of the single market;

*Amendment*

2. Believes that better regulation *in the digital age requires principle-based legislation coupled with complementary non-regulatory actions to effectively adapt to* new technologies and new business models to prevent fragmentation of the single market;

Or. en

**Amendment 190**

**Seán Kelly**

**Motion for a resolution**

**Paragraph 2**

*Motion for a resolution*

2. Believes that better regulation *should help to examine policy through a digital lens and facilitate the* adaptation of legislation and enforcement frameworks *in the light of new technologies and new business models to* prevent fragmentation of the single market;

*Amendment*

2. Believes that better regulation *in the digital sector should encompass the stringent* adaptation of *existing* legislation and enforcement frameworks, *and should only take place following balanced consultation with all stakeholders in order to* prevent fragmentation of the single market *and reduce regulatory burden on businesses;*

Or. en

**Amendment 191**

**David Borrelli, Marco Zullo, Dario Tamburrano**

**Motion for a resolution**  
**Paragraph 2**

*Motion for a resolution*

2. Believes that better regulation should **help to examine policy through** a digital **lens** and facilitate the adaptation of legislation and enforcement frameworks in **the** light of new technologies and new business models to **prevent fragmentation** of the single market;

*Amendment*

2. Believes that better regulation should **ensure that the design and implementation of policies systematically includes** a digital **perspective, in order to encompass all existing realities and many of the upcoming possibilities**, and facilitate the adaptation of legislation and enforcement frameworks in light of new technologies and new business models to **ensure a sustained integration** of the **digital** single market;

Or. en

**Amendment 192**  
**Gunnar Hökmark**

**Motion for a resolution**  
**Paragraph 2**

*Motion for a resolution*

2. Believes that better regulation **should help to examine policy** through a digital lens and **facilitate the** adaptation of legislation and enforcement frameworks in **the** light of new technologies and new business models to prevent fragmentation of the single market;

*Amendment*

2. **Endorses the Commission's Better Regulation policy and welcomes its application to the digital sphere;** Believes that Better Regulation **necessarily involves examining policies and proposals** through a digital lens and **facilitating the implementation and, where appropriate and following the necessary consultations and ex-post impact assessments,** adaptation of **existing** legislation and enforcement frameworks in light of new technologies and new business models to prevent fragmentation of the single market, **boost innovation and promote growth;**

Or. en

## Amendment 193

Barbara Kappel

### Motion for a resolution

#### Paragraph 2

##### *Motion for a resolution*

2. Believes that better regulation should help to examine policy through a digital lens and facilitate the adaptation of legislation and enforcement frameworks in ***the light of new technologies and new business models*** to prevent fragmentation of the single market;

##### *Amendment*

2. Believes that better regulation should help to examine policy through a digital lens and facilitate the adaptation of legislation and enforcement frameworks in ***order*** to prevent fragmentation of the single market ***and foster the introduction of new technologies and social models***;

Or. de

## Amendment 194

Vicky Ford, Daniel Dalton, Emma McClarkin

### Motion for a resolution

#### Paragraph 2

##### *Motion for a resolution*

2. Believes that better regulation should ***help to examine*** policy through a digital lens and ***facilitate the adaptation of*** legislation and enforcement frameworks in the light of new technologies and new business models to prevent fragmentation of the single market;

##### *Amendment*

2. Believes that better regulation should ***serve as an examining*** policy through a digital lens and ***assess whether*** legislation and enforcement frameworks, ***such as*** in the ***area of competition law, the Services Directive and the consumer protection acquis, are fit for purpose in a digital era*** in light of new technologies and new business models to prevent fragmentation of the single market; ***stresses that legislation should aim to be principles based and technology neutral in order to be relevant for future technological developments; considers that any initiatives proposed by the Commission must go through a competitiveness test an innovation test and an SME test; notes that wherever a REFIT exercise is taking place, including the forthcoming REFIT of financial services regulation, the digital perspective must be taken into account:***

**Amendment 195**

**Emilian Pavel**

**Motion for a resolution**

**Paragraph 2**

*Motion for a resolution*

2. Believes that better regulation should help to examine policy through a digital lens and facilitate the adaptation of legislation and enforcement frameworks in the light of new technologies and new business models to prevent fragmentation of the single market;

*Amendment*

2. Believes that better ***and future oriented*** regulation should help to examine policy through a digital lens and facilitate the adaptation of ***a principles-based and technology neutral*** legislation and enforcement frameworks in the light of new technologies and new business models to prevent fragmentation of the single market;

Or. en

**Amendment 196**

**Bendt Bendtsen**

**Motion for a resolution**

**Paragraph 2**

*Motion for a resolution*

2. Believes that better regulation should help to examine policy through a digital lens and facilitate the adaptation of legislation and enforcement frameworks in the light of new technologies and new business models to prevent fragmentation of the single market;

*Amendment*

2. Believes that better ***and more future-proof*** regulation should help to examine ***and develop*** policy through a digital lens and facilitate the adaptation of legislation ***faster*** and enforcement frameworks in the light of new technologies and new business models to prevent fragmentation of the single market;

Or. en

**Amendment 197**

**Julia Reda, Indrek Tarand**

on behalf of the Verts/ALE Group

**Paragraph 3**

*Motion for a resolution*

3. Considers that users' trust in digital services is vital to innovation and growth in the digital economy and that reinforcing that trust should be at the basis of both public policy and business models;

*Amendment*

3. Considers that users' trust in digital ***public and commercial*** services is vital to innovation, ***in particular open innovation*** and growth in the digital economy and that reinforcing that trust, ***also by promoting***

*best practices, i.e. in the area of e-governance*, should be at the basis of both public policy and *digital* business models;

Or. en

**Amendment 227**  
**Robert Rochefort**

**Motion for a resolution**  
**Paragraph 3**

*Motion for a resolution*

3. Considers that users' trust in digital services is vital to innovation and growth in the digital economy and that reinforcing that trust should be at the basis of both public policy and business models;

*Amendment*

3. Considers that users' trust in digital services is vital to innovation and growth in the digital economy and that reinforcing that trust should be at the basis of both public policy and business models; *notes that for users this will depend in particular on a high level of consumer protection, better understanding of consumer rights and how to exercise them and effective remedies being available to them, and for businesses it will depend in particular on smart, strong and up-to-date laws which allow them to do business in a constantly changing environment;*
