Motion for a resolution
Paragraph 28

Motion for a resolution

28. Advocates compensation for natural disadvantages in the second pillar and rejects a complementary payment in the first pillar on account of the additional administrative work involved;

Amendment

28. Advocates the provision of specific aid in the first pillar to compensate for natural handicaps in order to maintain agricultural activity in mountain regions, environmentally-sensitive regions, regions within the Natura 2000 network and the outermost regions; this aid would supplement and complement second-pillar aid granted to less-favoured areas;
