

2015/2279(INI)

28.1.2016

AMENDMENTS

1 - 162

Draft report

Iliana Iotova

(PE572.940v01-00)

Cohesion policy in mountainous regions of the EU
(2015/2279(INI))

AM_Com_NonLegReport

Amendment 1
Marc Joulaud, Michel Dantin

Motion for a resolution
Citation 5 a (new)

Motion for a resolution

Amendment

- having regard to Regulation (EU) No 1307/2013 of the European Parliament and of the Council of 17 December 2013 establishing rules for direct payments to farmers under support schemes within the framework of the common agricultural policy and repealing Council Regulation (EC) No 637/2008 and Council Regulation (EC) No 73/2009;

Or. fr

Amendment 2
Isabella Adinolfi, Rosa D'Amato, Marco Zullo

Motion for a resolution
Citation 8 a (new)

Motion for a resolution

Amendment

- having regard to its resolution of 28 April 2015 on ‘A new EU Forest Strategy: for forests and the forest-based sector’,

Or. it

Amendment 3
Monika Vana

Motion for a resolution
Citation 20 a (new)

Motion for a resolution

Amendment

- having regard to the Alpine Convention

including the Protocols to the Alpine Convention,

Or. en

Amendment 4

Monika Vana

Motion for a resolution

Citation 22 a (new)

Motion for a resolution

Amendment

- having regard to the Women/Alpnet project within the Interreg Alpine space programme 2001-2006: A Network of Local Institutions and Resource Centres for Women: Promoting Women's Participation in the Alpine Space Sustainable Development,

Or. en

Amendment 5

Marc Joulaud, Michel Dantin

Motion for a resolution

Recital B

Motion for a resolution

Amendment

B. whereas there is no explicit definition of mountainous regions in EU regional policy, and whereas the definition used in the European Agricultural Fund for Rural Development (EARDF) *must be reworded*;

B. whereas there is no explicit definition of mountainous regions in EU regional policy, and whereas the definition used in the European Agricultural Fund for Rural Development (EARDF) *cannot be used as it stands in the context of regional policy*;

Or. fr

Amendment 6

Monika Vana

Motion for a resolution
Recital B

Motion for a resolution

B. whereas there is no explicit definition of mountainous regions in EU regional policy, and whereas the definition used in the European Agricultural Fund for Rural Development (EARDF) ***must be reworded***;

Amendment

B. whereas there is no explicit definition of mountainous regions in EU regional policy, and whereas the definition used in the European Agricultural Fund for Rural Development (EARDF) ***is not suitable for EU regional policy***;

Or. en

Amendment 7
Franc Bogovič

Motion for a resolution
Recital B

Motion for a resolution

B. whereas there is no explicit definition of mountainous regions in EU regional policy, and whereas the definition used in the European Agricultural Fund for Rural Development (EARDF) **must be reworded**;

Amendment

B. whereas there is no explicit definition of mountainous regions in EU regional policy, and whereas the definition used in the European Agricultural Fund for Rural Development (EARDF) **must be reworded to make the management of cohesion policies more effective**;

Or. sl

Amendment 8
Mercedes Bresso, Andrea Cozzolino, Michela Giuffrida

Motion for a resolution
Recital C

Motion for a resolution

C. whereas ***many mountainous*** regions ***face depopulation and ageing populations***, owing to the extreme conditions and remoteness, which ***upsets*** the natural cycle of generations ***and leads***

Amendment

C. whereas ***these*** regions ***are structurally disadvantaged***, owing to the extreme conditions and remoteness, ***to the extent that many mountainous regions face depopulation and ageing populations***,

to a lowering of social standards and the quality of life; whereas this often leads to a rise in unemployment, social exclusion and urban migration;

which ***can upset*** the natural cycle of generations, ***leading*** to a lowering of social standards and the quality of life; whereas this often leads to a rise in unemployment, social exclusion and urban migration;

Or. it

Amendment 9
Franc Bogovič

Motion for a resolution
Recital D a (new)

Motion for a resolution

Amendment

Da. whereas considerable differences exist between mountainous regions, and therefore coordination of policies and sectors is required, both between different mountainous regions (horizontally) as well as within individual mountainous regions (vertically);

Or. sl

Amendment 10
Monika Vana

Motion for a resolution
Recital E

Motion for a resolution

Amendment

E. whereas support ***from the EARDF*** for mountainous regions ***could be complemented by*** European Structural and Investment (ESI) ***funds*** with a view to achieving better and more inclusive development;

E. whereas support for mountainous regions ***from different EU instruments such as the EARDF and*** European Structural and Investment (ESI) ***should be complementary*** with a view to achieving better and more inclusive development;

Or. en

Amendment 11
Marc Joulaud, Michel Dantin

Motion for a resolution
Recital E

Motion for a resolution

E. whereas support from the EARDF for mountainous regions could be complemented by European Structural and Investment (ESI) funds with a view to **achieving** better and more inclusive development;

Amendment

E. whereas support from the EARDF for mountainous regions could be complemented by European Structural and Investment (ESI) funds with a view to **creating synergies which will make it possible to achieve** better and more inclusive development;

Or. fr

Amendment 12
Monika Vana

Motion for a resolution
Recital F

Motion for a resolution

F. whereas mountainous regions play an important role for the economic development of Member States;

Amendment

F. whereas mountainous regions play an important role for the economic, **social and sustainable** development of Member States;

Or. en

Amendment 13
Viorica Dăncilă

Motion for a resolution
Recital F

Motion for a resolution

F. whereas mountainous regions play an important role for the economic development of Member States;

Amendment

F. whereas mountainous regions play an important role for the economic development of Member States; **whereas gender equality has a significant impact**

on economic, social and territorial cohesion in Europe, which is determined by a number of factors, including women's participation in the labour market, and can also contribute to gender equality regarding access to good education, decent employment and career development opportunities, thereby increasing the percentage of the population in active employment, enhancing available skills and boosting competitiveness;

Or. ro

Amendment 14

Franc Bogovič

Motion for a resolution

Recital F

Motion for a resolution

F. whereas mountainous regions play an important role for the economic development of Member States;

Amendment

F. whereas mountainous regions play an important role for the economic development of Member States *and provide numerous ecosystem services;*

Or. sl

Amendment 15

Jasenکو Selimovic

Motion for a resolution

Recital F a (new)

Motion for a resolution

Fa. whereas mountainous cross-border cooperation, tourism and craft represent a sustainable way to foster economic and social development of mountainous regions;

Or. en

Amendment 16
Franč Bogovič

Motion for a resolution
Recital G a (new)

Motion for a resolution

Amendment

Ga. whereas large parts of mountain areas are protected within the Natura 2000 ecological network and under other types of nature conservation arrangements, a fact which on the one hand limits economic activity, but also helps to bolster more sustainable forms of farming and to link farming more closely with other economic activities;

Or. sl

Amendment 17
Mercedes Bresso, Andrea Cozzolino, Michela Giuffrida

Motion for a resolution
Recital H

Motion for a resolution

Amendment

H. whereas mountainous regions face serious challenges – as regards social and economic development, climate change, transport and demographic issues – that **can only** be addressed through the establishment of adequate connections with urban areas;

H. whereas mountainous regions face serious challenges – as regards social and economic development, climate change, transport and demographic issues – that **must** be addressed through the establishment of adequate connections with urban areas **and by guaranteeing access to digital services;**

Or. it

Amendment 18
Monika Vana

Motion for a resolution
Recital H

Motion for a resolution

H. whereas mountainous regions face serious challenges – as regards social and economic development, climate change, transport and demographic issues – that can only be addressed through the establishment of adequate connections with *urban* areas;

Amendment

H. whereas mountainous regions face serious challenges – as regards social and economic development, climate change, transport and demographic issues – that can only be addressed through the establishment of adequate connections with *lowland* areas;

Or. en

Amendment 19
Franc Bogovič

Motion for a resolution
Recital H a (new)

Motion for a resolution

Amendment

Ha. whereas mountain areas with preserved ecosystems and their services can provide a basis for many economic activities, with the emphasis on farming, forestry, tourism and energy, taking into account the cultural and natural heritage of these areas;

Or. sl

Amendment 20
Younous Omarjee

Motion for a resolution
Recital H a (new)

Motion for a resolution

Amendment

Ha. whereas mountain regions contain a great many European protected nature parks featuring particularly remarkable biodiversity, but the latter is seriously

undermined and endangered by climate change and intensive human activities;

Or. fr

Amendment 21
Younous Omarjee

Motion for a resolution
Recital H b (new)

Motion for a resolution

Amendment

Hb. whereas glaciers are characteristic of European mountains and whereas they play a vital role in both the ecosystems and water systems of mountains, whereas their retreat in terms of mass and length since the mid-19th century has attained alarming levels and whereas many glaciers in Europe have already disappeared or are in danger of disappearing by 2050;

Or. fr

Amendment 22
Tomáš Zdechovský

Motion for a resolution
Recital I

Motion for a resolution

Amendment

I. whereas there are different types of mountainous regions in Europe, ***but they all share a number of common problems***, such as poor accessibility, few employment ***opportunities***, an ageing population and a lack of connectivity;

I. whereas there are different types of mountainous regions in Europe ***which are linked by sharing fundamental negative aspects***, such as poor accessibility, few employment ***opportunities***, an ageing population and a lack of connectivity; ***whereas active steps must be taken to address these aspects;***

Or. cs

Amendment 23
Younous Omarjee

Motion for a resolution
Recital I

Motion for a resolution

I. whereas there are different types of mountainous regions in Europe, but they all share a number of common problems, such as poor accessibility, few employment opportunities' an ageing population *and* a lack of connectivity;

Amendment

I. whereas there are different types of mountainous regions in Europe, but they all share a number of common problems, such as poor accessibility, few employment opportunities' an ageing population, a lack of connectivity, *the impact of climate change and the intensification of human productive activity*;

Or. fr

Amendment 24
Julie Ward

Motion for a resolution
Recital I a (new)

Motion for a resolution

Ia. whereas mountainous regions face specific gender equality challenges; whereas mainstreaming a gender perspective into all areas of European policy, including cohesion policy, is a key EU commitment;

Or. en

Amendment 25
Georgi Pirinski

Motion for a resolution
Recital I a (new)

Motion for a resolution

Amendment

Ia. whereas mountainous regions which are part of EU external borders encounter additional difficulties and are affected to a greater extent by the negative trends common for all mountainous regions;

Or. en

Amendment 26
Tomasz Piotr Poręba

Motion for a resolution
Recital J

Motion for a resolution

J. whereas in Europe there are mountain ridges that expand into non-Member States;

Amendment

J. whereas in Europe there are mountain ridges that expand into non-Member States ***such as the Carpathian mountain range, which, after the last EU enlargement, became the eastern border of the EU and is today an extremely important geopolitical area where strategic political interests of great importance with regard to Union stability meet;***

Or. en

Amendment 27
Monika Vana

Motion for a resolution
Recital J

Motion for a resolution

J. whereas in Europe there are mountain ridges that expand into non-Member States;

Amendment

J. whereas in Europe there are mountain ridges that expand ***across several Member States and also*** into non-Member States;

Or. en

Amendment 28
Iliana Iotova

Motion for a resolution
Recital J

Motion for a resolution

J. whereas in Europe there are mountain ridges that *expand into* non-Member States;

Amendment

J. whereas in Europe there are mountain ridges that *cross more than one Member State and in some cases cross both Member States and* non-Member States;

Or. bg

Amendment 29
Julie Ward

Motion for a resolution
Recital K

Motion for a resolution

K. whereas many mountainous regions lack basic infrastructure and access to *services of general interest*;

Amendment

K. whereas many mountainous regions lack basic infrastructure and access to *public services*;

Or. en

Amendment 30
Viorica Dăncilă

Motion for a resolution
Recital K

Motion for a resolution

K. whereas many mountainous regions lack basic infrastructure and access to services of general interest;

Amendment

K. whereas many mountainous regions lack basic infrastructure and *continuous* access to services of general interest, *especially in areas of seasonal activity*;

Or. ro

Amendment 31

Iliana Iotova

Motion for a resolution

Recital L

Motion for a resolution

L. whereas mountainous regions ***depend largely upon mountain agriculture***;

Amendment

L. whereas ***mountain agriculture is important for the identity and culture of mountainous regions and continues to contribute to employment and the economy in those regions***;

Or. bg

Amendment 32

Mercedes Bresso, Andrea Cozzolino, Michela Giuffrida

Motion for a resolution

Recital L

Motion for a resolution

L. whereas mountainous regions ***depend largely upon*** mountain agriculture;

Amendment

L. whereas mountainous regions ***base their economy on specific sectors, such as mountain agriculture, forest resources and tourism***;

Or. it

Amendment 33

Julie Ward

Motion for a resolution

Recital L

Motion for a resolution

L. whereas mountainous regions ***depend largely upon*** mountain agriculture;

Amendment

L. whereas mountainous regions ***partly depend upon*** mountain agriculture ***and tourism***;

Amendment 34

Monika Vana

Motion for a resolution

Recital L

Motion for a resolution

L. whereas mountainous regions depend *largely* upon mountain agriculture;

Amendment

L. whereas mountainous regions depend *often* upon mountain agriculture *while further diversification of their economies and employment is on-going*;

Or. en

Amendment 35

Monika Vana

Motion for a resolution

Recital L a (new)

Motion for a resolution

Amendment

La. whereas women living in mountainous regions, especially in disadvantaged regions, often face problems concerning their access to higher levels of education and decent job opportunities;

Or. en

Amendment 36

Daniel Buda

Motion for a resolution

Recital L a (new)

Motion for a resolution

Amendment

La. whereas mountainous regions play an

integral role in the circular economy;

Or. ro

Amendment 37
Younous Omarjee

Motion for a resolution
Recital L a (new)

Motion for a resolution

Amendment

***La. whereas active or dormant volcanos,
volcanic massifs or chains of volcanoes,
and volcanic islands constitute mountain
regions;***

Or. fr

Amendment 38
Younous Omarjee

Motion for a resolution
Recital L b (new)

Motion for a resolution

Amendment

***Lb. whereas some of the Outermost
Regions are also mountain regions of
volcanic origin, with parts both
submerged and above water, and whereas
they encounter difficulties caused by the
topology of their territory;***

Or. fr

Amendment 39
Monika Vana

Motion for a resolution
Paragraph 1

Motion for a resolution

1. Calls on the Commission to start the process of creating a working definition for functional mountainous regions in the context of the Cohesion Policy; considers that such a definition must be wide and inclusive, taking into account different factors such as altitude, accessibility and slope; calls on the Commission also to take into consideration areas that, while not mountainous, depend heavily on mountains; ***points out, in this context, the idea reflected in the EU Strategy for the Alpine Region (EUSALP) of including non-mountainous areas in the strategy as a good initiative;***

Amendment

1. Calls on the Commission to start the process of creating a working definition for functional mountainous regions in the context of the Cohesion Policy; considers that such a definition must be wide and inclusive, taking into account different factors such as altitude, accessibility and slope; calls on the Commission also to take into consideration areas that, while not mountainous, depend heavily on mountains;

Or. en

Amendment 40

Mercedes Bresso, Michela Giuffrida, Andrea Cozzolino

Motion for a resolution

Paragraph 1

Motion for a resolution

1. Calls on the Commission to start the process of creating a working definition for functional mountainous regions in the context of the Cohesion Policy; considers that such a definition must be wide and inclusive, taking into account different factors such as altitude, accessibility and slope; calls on the Commission also to take into consideration areas that, while not mountainous, ***depend heavily on mountains;*** points out, in this context, the idea reflected in the EU Strategy for the Alpine Region (EUSALP) of including non-mountainous areas in the strategy as a good initiative;

Amendment

1. Calls on the Commission to start the process of creating a working definition for functional mountainous regions in the context of the Cohesion Policy; considers that such a definition must be wide and inclusive, taking into account different factors such as altitude, accessibility and slope; calls on the Commission also to take into consideration areas that, while not mountainous, ***are greatly integrated with mountain areas;*** points out, in this context, the idea reflected in the EU Strategy for the Alpine Region (EUSALP) of including non-mountainous areas in the strategy as a good initiative;

Or. it

Amendment 41
Younous Omarjee

Motion for a resolution
Paragraph 1

Motion for a resolution

1. Calls on the Commission to start the process of creating a working definition for functional mountainous regions in the context of the Cohesion Policy; considers that such a definition must be wide and inclusive, taking into account different factors such as altitude, accessibility and slope; calls on the Commission also to take into consideration areas that, while not mountainous, depend heavily on mountains; points out, in this context, the idea reflected in the EU Strategy for the Alpine Region (EUSALP) of including non-mountainous areas in the strategy as a good initiative;

Amendment

1. Calls on the Commission to start the process of creating a working definition for functional mountainous regions in the context of the Cohesion Policy; considers that such a definition must be wide and inclusive, taking into account different factors such as altitude, accessibility and slope; ***calls on the Commission to take into account in this definition volcanic regions, such as the islands and Outermost Regions of volcanic origin;*** calls on the Commission also to take into consideration areas that, while not mountainous, depend heavily on mountains, ***and to study the specific characteristics of volcanic mountain regions;*** points out, in this context, the idea reflected in the EU Strategy for the Alpine Region (EUSALP) of including non-mountainous areas in the strategy as a good initiative;

Motion for a resolution

Amendment

30a. Emphasises the importance of the empowerment of women and girls through education, and particularly increasing inclusion of women and girls in areas where they are structurally underrepresented, such as in science, technology, engineering, maths and entrepreneurship; notes that gender equality and the inclusion of women in technology-based and green economy sectors in mountainous regions is especially important for their sustainable economic growth development;

Or. en

Amendment 126

Isabella Adinolfi, Rosa D'Amato, Marco Zullo

Motion for a resolution

Paragraph 31

Motion for a resolution

31. Stresses the importance of the Youth Employment Initiative as a good opportunity to stop the outflow of young people from mountainous regions in response to the demographic crisis and the problem of an ageing population; calls for youth employment initiatives specifically oriented to meet the needs of underdeveloped mountainous regions;

Amendment

31. Stresses the importance of the Youth Employment Initiative ***and of a more effective implementation of the Youth Guarantee*** as a good opportunity to stop the outflow of young people from mountainous regions in response to the demographic crisis and the problem of an ageing population; calls for youth employment initiatives specifically oriented to meet the needs of underdeveloped mountainous regions;

Or. it

Amendment 127

Viorica Dăncilă

Motion for a resolution

Paragraph 31 a (new)

Motion for a resolution

Amendment

31a. Calls on the Commission and Member States to make provision for specific measures involving existing resources and procedures - guarantee funds for example - to launch micro-financing and micro-credit initiatives geared mainly to women;

Or. ro

Amendment 128

Monika Vana

Motion for a resolution

Paragraph 31 a (new)

Motion for a resolution

Amendment

31a. Calls for a comparative analysis of the peculiarities of women's conditions in

mountainous regions, in particular in disadvantaged mountain areas;

Or. en

Amendment 129
Julie Ward

Motion for a resolution
Paragraph 31 a (new)

Motion for a resolution

Amendment

31a. Encourages and call for the support, including through the use of ESI Funds, of initiatives improving the social and cultural cohesion of and inclusion in mountainous communities, and overcoming the physical isolation and lack of cultural diversity, in particular through access and direct participation in arts and cultural life;

Or. en

Amendment 130
Franc Bogovič

Motion for a resolution
Paragraph 31 a (new)

Motion for a resolution

Amendment

31a. Points out that, given the population ageing trend in mountain areas, the focus should be on further training and retraining for older people and their active integration into the labour market;

Or. sl

Amendment 131
Ivan Jakovčić

Motion for a resolution
Paragraph 31 a (new)

Motion for a resolution

Amendment

31a. Points to the importance of developing new innovative tourism models and promoting successful existing models (scattered hotels, for example), as these benefit the social dimension of mountainous regions;

Or. hr

Amendment 132
Andrea Cozzolino, Michela Giuffrida, Mercedes Bresso

Motion for a resolution
Paragraph 31 a (new)

Motion for a resolution

Amendment

31a. Stresses the importance of integrated territorial initiatives with a view to integrating migrants, in connection with processes relating to demographic and socio-economic renewal and recovery in mountain areas, including those undergoing depopulation; calls on the Commission to facilitate and promote the dissemination of such initiatives;

Or. it

Amendment 133
Viorica Dăncilă

Motion for a resolution
Paragraph 31 b (new)

Motion for a resolution

Amendment

31b. Calls on the Commission to urge the Member States to set clear objectives, in terms of European mobility, education,

training and career opportunities for women, under the European Social Fund heading devoted to transnational projects;

Or. ro

Amendment 134
Monika Vana

Motion for a resolution
Paragraph 31 b (new)

Motion for a resolution

Amendment

31b. Urges the Commission to take gender mainstreaming actions at horizontal and vertical level for any policy area and fund covering women living in mountainous regions to counter any given imbalance;

Or. en

Amendment 135
Younous Omarjee

Motion for a resolution
Subheading 4

Motion for a resolution

Amendment

Environmental protection within mountainous regions

Environmental protection *and combating climate change* within mountainous regions

Or. fr

Amendment 136
Younous Omarjee

Motion for a resolution
Paragraph 32 a (new)

Motion for a resolution

Amendment

32a. Recalls the particular vulnerability of ecosystems and plant and animal species in high mountain areas, and the need for the formation of broad snowpacks during the entire winter season if they are to survive;

Or. fr

**Amendment 137
Younous Omarjee**

**Motion for a resolution
Paragraph 32 b (new)**

Motion for a resolution

Amendment

32b. Emphasises the need to protect at European level the emblematic high-mountain species able to live on cross-border mountain ranges, such as chamois, ibex, large raptors, bears, wolves and lynx; calls on the Commission and Member States to establish a plan for the protection and reintroduction of emblematic high-mountain species; condemns the mass, indiscriminate slaughter of these species in some Member States carried out by States where a disease spreads among certain groups of wild animal, or by farmers in respect of certain species whose presence or reintroduction they are opposed to;

Or. fr

**Amendment 138
Younous Omarjee**

**Motion for a resolution
Paragraph 32 c (new)**

Motion for a resolution

Amendment

32c. Recalls that mountainous regions are especially vulnerable to climate change; takes the view that climate change has serious consequences for mountainous regions; calls on the Commission and Member States to launch a plan to combat climate change and take appropriate climate change adjustment measures in mountainous regions; calls on the Commission to develop a network of analysis and exchanges of good practices in the fight against climate change in mountainous areas;

Or. fr

**Amendment 139
Younous Omarjee**

**Motion for a resolution
Paragraph 32 d (new)**

Motion for a resolution

Amendment

32d. Calls on Member States and the Commission to identify all the high mountain resorts where a car ban would have a positive impact on the local fight against the melting of glaciers;

Or. fr

**Amendment 140
Younous Omarjee**

**Motion for a resolution
Paragraph 32 e (new)**

Motion for a resolution

Amendment

32e. Calls on the Commission and Member States to identify specific actions

*to combat and adjust to climate change
that could be specific to volcanic regions;*
