Motion for a resolution
Paragraph 46

Motion for a resolution

46. Welcomes the adoption of the **Council's Position** on the **Cross-border Enforcement of Traffic Penalties Directive**, which represents a further step to improving road safety with a clear EU added value; **takes note of the written declarations of the Commission and several Member States at the December Council meeting; regrets, however, that, as a result of the change of legal base, it will not apply to all Member States and EU citizens; expresses concern that the Council's Position reduces significantly the scope of the Directive, and urges Council to reach a satisfactory agreement at second reading, including provisions facilitating the cross-border enforcement of traffic law, EU-wide road safety guidelines and the required information for drivers;**

Amendment

46. Welcomes the adoption **at second reading** of the **Directive** on the **cross-border exchange of information on road-safety-related traffic offences**, which represents a further step to improving road safety with a clear EU added value; **looks forward to the Commission's report on the application of this Directive, and to new legislative proposals for improving cross-border enforcement that will include all Member States;**
