A7-0008/2013

Proposal for a regulation
Part 3 – Article 9 – paragraph 1 a (new)

Text proposed by the Commission

Amendment

1a. Until such time as agreement is reached between the Council and the Parliament on the procedure for determining the content and application of multiannual plans no increase in fishing opportunities for the fisheries concerned shall be permitted from the date that the Commission has adopted proposals for a multiannual plan until the date of its adoption.

Or. en

Justification

Multiannual plans are essential for a sustainable and long-term management of EU fish stocks. But Council is deliberately blocking all multiannual plans. Parliament should ensure that no increase in fishing opportunities are permitted until the procedure for determining multiannual plans is resolved.
