Paragraph 1 a (new)

Motion for a resolution

Amendment

1a. Reiterates that energy is a public social good and that the EU should therefore focus closely on the issue of energy poverty and promote measures to tackle this problem; insists, therefore, that the Energy Union should ensure equal access to energy for all, contribute to affordable energy prices for the benefit of consumers, promote connections and energy infrastructures that play a strategic role for the benefit of the people, and strengthen public control and regulation;
