Proposal for a regulation
Article 11 – paragraph 6

Text proposed by the Commission

6. Actions for the development of products and technologies the use, development or production of which is prohibited by applicable international law shall not be eligible.

Amendment

6. Actions for the development of products and technologies the use, development or production of which is prohibited by applicable international law shall not be eligible ***for funding. In particular, the Programme shall not fund incendiary weapons including white phosphorus, depleted uranium ammunitions, lethal autonomous weapons, including unmanned aerial vehicles, without meaningful human control over the critical functions of selecting and attacking individual targets, small arms and light weapons mainly developed for export purposes, i.e. where no Member State has expressed a requirement for the action to be carried out.***
