Amendment 4
Jutta Haug

Draft legislative resolution
Paragraph 1 a (new)

Text proposed by the Commission

Amendment

1a. Considers that the reference amount indicated in the legislative proposal is not compatible with the ceiling of subheading 1a of the current Multiannual Financial Framework 2007 - 2013 without jeopardising the financing of other priorities; notes that the Commission has communicated its intention to finance the new European Electronic Communications Market Authority within subheading 1a partly through redeployment and partly by an increase for the period 2009-2013; reiterates, however, that the budgetary authority has not yet received any information as to the details of this exercise so that it remains unclear, to date, which programmes or priorities are affected and what consequences arise from this throughout the financial period and whether a sufficient margin will remain in subheading 1a;

Amendment 5

Draft legislative resolution
Paragraph 1 b (new)

Text proposed by the Commission

Amendment

1b. Points out that the proposed European Electronic Communications Market Authority will also fulfil administrative

tasks and assist the Commission; is consequently of the opinion that all possibilities of the Multiannual Financial Framework 2007 - 2013, including Heading 5 where sufficient margins still seem to be available, should be explored to finance the new Authority;
