on behalf of the Committee on the Environment, Public Health and Food Safety

14th meeting of the Conference of the Parties to the Convention on Biological Diversity (COP14)

Motion for a resolution

Paragraph 7 a (new)

Motion for a resolution

Amendment

7a. Calls on the Commission and the Member States to promote an international moratorium on the release into the environment of organisms modified by gene drive technology, given that the lack of knowledge, data and understanding about its potential impacts on biological diversity and the non-respect of prior informed consent make it incompatible with the principles and aims of the Convention on Biological Diversity;
