- *having regard to the COP 21 agreement adopted at the Paris Climate Conference on 12 December 2015,*

Or. en

Amendment 11
Marco Zanni

Motion for a resolution
Recital A

Motion for a resolution

Amendment

A. *whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, surpassing pre-crisis levels while still being insufficient;*

A. *whereas the GDP growth rates of EU Member States outside the euro area have been significantly more rapid than those of Member States that have adopted the euro;*

Or. it

Amendment 12
Marco Valli

Motion for a resolution
Recital A

PE606.306v01-00

6/187

AM\1129143EN.docx

Motion for a resolution

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to **remain steady at** 1.7 % in 2017 **and** at 1.9 % in the EU overall, **surpassing pre-crisis levels while still being insufficient**;

Amendment

A. whereas, **according to the Commission's forecasts**, the GDP growth rate for the euro area was 1.8 % in 2016 and is set to **fall to** 1.7 % in 2017, **while it should remain constant** at 1.9 % in the EU overall, **which is seriously insufficient to sustain economic recovery**;

Or. it

Amendment 13
Danuta Maria Hübner

Motion for a resolution
Recital A

Motion for a resolution

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, **surpassing** pre-crisis levels **while still being insufficient**;

Amendment

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, **being above** pre-crisis levels; **whereas nevertheless the past economic and financial crises have left the EU and the euro area with a legacy of foregone growth; whereas the current growth rate remains too low to create new jobs in some Member States**;

Or. en

Amendment 14
Olle Ludvigsson

Motion for a resolution
Recital A

Motion for a resolution

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at

Amendment

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at

1.9 % in the EU overall, surpassing pre-crisis levels while still *being insufficient*;

1.9 % in the EU overall, surpassing pre-crisis levels while *certain Member States* still *struggle with high unemployment which requires higher growth in these economies to further foster job creation*;

Or. en

Amendment 15

Ernest Urtasun

on behalf of the Verts/ALE Group

Motion for a resolution

Recital A

Motion for a resolution

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, surpassing pre-crisis levels while still *being insufficient*;

Amendment

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, surpassing pre-crisis levels while still *below the pre-crisis level on a per capita basis*;

Or. en

Amendment 16

Roberts Zile

Motion for a resolution

Recital A

Motion for a resolution

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, surpassing pre-crisis levels while still being insufficient;

Amendment

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, surpassing pre-crisis levels while still being insufficient *and much lower than the projected growth for the whole world; whereas private consumption has been the main driver of growth over the past years; whereas this casts doubt over the*

sustainability of recovery as well as the future growth potential;

Or. en

Amendment 17

Gabriel Mato

Motion for a resolution

Recital A

Motion for a resolution

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, surpassing pre-crisis levels while still being insufficient;

Amendment

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, surpassing pre-crisis levels while still being insufficient; ***whereas significant differences in growth rates remain across the EU, ranging between 0.0 % and 5.2 %;***

Or. es

Amendment 18

Pedro Silva Pereira

Motion for a resolution

Recital A

Motion for a resolution

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, surpassing pre-crisis levels while still being insufficient;

Amendment

A. whereas the GDP growth rate for the euro area was 1.8 % in 2016 and, ***according to the European Commission's projections,*** is set to remain steady at 1.7 % in 2017 and at 1.9 % in the EU overall, surpassing pre-crisis levels while still being insufficient ***and uneven across Member States;***

Or. en

Amendment 19
Beatrix von Storch

Motion for a resolution
Recital A a (new)

Motion for a resolution

Amendment

A a. whereas the growth rates of the EU's and the euro area's economies have for years been too low and politicians are not sufficiently ambitious to help boost them by means of reforms;

Or. de

Amendment 20
Marco Zanni

Motion for a resolution
Recital A a (new)

Motion for a resolution

Amendment

Aa. whereas in order to succeed, expansionary monetary policies must be accompanied by expansionary fiscal and budgetary policies;

Or. it

Amendment 21
Pedro Silva Pereira

Motion for a resolution
Recital A a (new)

Motion for a resolution

Amendment

A a. whereas euro area deficit is projected to decrease to stand at 1,4% in 2017 and 1,3% in 2018;

Or. en

Amendment 22
Pedro Silva Pereira

Motion for a resolution
Recital A b (new)

Motion for a resolution

Amendment

A b. whereas euro area government debt is projected to decrease to stand at 90,3% in 2017 and 89,0% in 2018;

Or. en

Amendment 23
Marco Zanni

Motion for a resolution
Recital B

Motion for a resolution

Amendment

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, ***their lowest rates since March 2009 and December 2008***; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, ***clearly underlining the difficulties faced by those countries which adopt the single currency***; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;

Or. it

Amendment 24
Marco Valli

Motion for a resolution
Recital B

Motion for a resolution

Amendment

B. whereas the euro area and EU28 unemployment rates were ***9.3 % and 7.8 %***

B. whereas the euro area and EU28 unemployment rates were ***10 %*** in April

respectively in April 2017, *their lowest rates since March 2009 and December 2008*; whereas significant differences in unemployment rates remain across the EU ranging between **3.2 % and 23.2 %**;

2017 and 8.5 % in 2016, thus remaining at unacceptable levels; whereas significant differences in unemployment rates remain across the EU ranging between **4.1 % and 23.6 %**;

Or. it

Amendment 25
Beatrix von Storch

Motion for a resolution
Recital B

Motion for a resolution

B. whereas the euro area and EU28 unemployment rates were **9.3 % and 7.8 %** respectively in April 2017, their lowest rates since March 2009 and December 2008; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;

Amendment

B. whereas the euro area and EU28 unemployment rates were **9.3% and 7.8%** respectively in April 2017, their lowest rates since March 2009 and December 2008; *whereas unemployment rates have for years been well wide of the target of full employment*; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;

Or. de

Amendment 26
Siegfried Mureşan

Motion for a resolution
Recital B

Motion for a resolution

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, their lowest rates since March 2009 and December 2008; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;

Amendment

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, their lowest rates since March 2009 and December 2008; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;

whereas the euro area and EU28 youth unemployment rates were still at high levels in April 2017, specifically 18,7% and 16,7%;

Or. en

Amendment 27
Roberts Zile

Motion for a resolution
Recital B

Motion for a resolution

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, their lowest rates since March 2009 and December 2008; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;

Amendment

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, their lowest rates since March 2009 and December 2008, *but still above the pre-crisis levels*; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %; *whereas there is still a high share of involuntary part-time work*;

Or. en

Amendment 28
Marisa Matias, Miguel Viegas, Fabio De Masi

Motion for a resolution
Recital B

Motion for a resolution

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, their lowest rates since March 2009 and December 2008; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;

Amendment

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, their lowest rates since March 2009 and December 2008; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %, *due to the increasingly divergent path between*

Amendment 29
Pedro Silva Pereira

Motion for a resolution
Recital B

Motion for a resolution

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, their lowest rates since March 2009 and December 2008; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;

Amendment

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, their lowest rates since March 2009 and December 2008; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;
whereas youth and long-term unemployment is still very high;

Amendment 30
Ernest Urtasun
on behalf of the Verts/ALE Group

Motion for a resolution
Recital B

Motion for a resolution

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, their lowest rates since March 2009 and December 2008; whereas significant differences in unemployment rates remain across the EU ranging between 3.2 % and 23.2 %;

Amendment

B. whereas the euro area and EU28 unemployment rates were 9.3 % and 7.8 % respectively in April 2017, their lowest rates since March 2009 and December 2008; whereas significant differences in unemployment rates ***and more specifically on youth unemployment*** remain across the EU ranging between 3.2 % and 23.2 %;

Amendment 31
Roberts Zile

Motion for a resolution
Recital B a (new)

Motion for a resolution

Amendment

B a. whereas employment in the euro area – nearly a decade after the global financial crisis – is still below the pre-crisis levels, although some further growth is projected; whereas the EU needs an inclusive labour market which helps fight inequality;

Or. en

Amendment 32
Pedro Silva Pereira

Motion for a resolution
Recital B a (new)

Motion for a resolution

Amendment

B a. whereas global economic growth is still fragile and the euro area economy is faced with increased uncertainty and important internal and external political challenges;

Or. en

Amendment 33
Marco Zanni

Motion for a resolution
Recital C

Motion for a resolution

Amendment

C. whereas the *EU's excessively low*

C. whereas the *Economic and*

productivity and global competitiveness calls for structural reforms, continued fiscal efforts and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Monetary Union (EMU) established under the Maastricht Treaty has blocked the development and growth of the Member States and is responsible for the economic recession, low inflation rates and structurally high unemployment rates currently facing them and the rise in inequalities of income between population groups, including in those countries regarded as the most virtuous;

Or. it

Amendment 34
Marco Valli

Motion for a resolution
Recital C

Motion for a resolution

C. whereas the *EU's excessively low productivity and global competitiveness calls for structural reforms, continued fiscal efforts and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;*

Amendment

C. whereas the *combination of structural reforms, unsustainable fiscal efforts and stringent limits on public investment has had a destructive impact on growth and employment, accelerating divergence within the Union and from the main global economies;*

Or. it

Amendment 35
Luigi Morgano

Motion for a resolution
Recital C

Motion for a resolution

C. whereas the EU's excessively low productivity and global competitiveness calls for structural reforms, *continued fiscal efforts and investment in Member*

Amendment

C. whereas the EU's excessively low productivity and global competitiveness calls for *greater investment*, structural reforms *to promote growth and fiscal*

States in order to bring about *sustained* growth and employment and achieve upward convergence *with other global economies and* within the EU;

efforts in some Member States in order to bring about *sustainable* growth and employment and achieve upward convergence *of social and economic standards both* within the EU *and in relation to other global economies*;

Or. it

Amendment 36

Marisa Matias, Miguel Viegas, Fabio De Masi

Motion for a resolution

Recital C

Motion for a resolution

C. whereas the EU's excessively low productivity *and global competitiveness* calls for *structural reforms*, continued fiscal efforts and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence *with other global economies and* within the EU;

Amendment

C. whereas the EU's excessively low productivity calls for continued fiscal efforts and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence within the EU;

Or. en

Amendment 37

Pedro Silva Pereira

Motion for a resolution

Recital C

Motion for a resolution

C. whereas the EU's *excessively low* productivity and global competitiveness calls for *structural reforms, continued fiscal efforts and investment* in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Amendment

C. whereas the EU's productivity *levels* and global competitiveness calls for *public and private investment, socially balanced structural reforms and a modestly expansionary fiscal stance* in Member States in order to bring about sustained growth and employment and achieve upward convergence with other

global economies and within the EU;

Or. en

Amendment 38
Jonás Fernández

Motion for a resolution
Recital C

Motion for a resolution

C. whereas the EU's excessively low productivity and global competitiveness calls for structural reforms, *continued* fiscal *efforts* and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Amendment

C. whereas the EU's excessively low productivity and global competitiveness calls for *socially balanced* structural reforms, *stable and growth-friendly* fiscal *policy* and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Or. en

Amendment 39
Ernest Urtasun
on behalf of the Verts/ALE Group

Motion for a resolution
Recital C

Motion for a resolution

C. whereas the EU's *excessively low productivity and global competitiveness* calls for structural reforms, continued fiscal efforts and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Amendment

C. whereas the EU's *requires socially balanced* structural reforms, continued fiscal efforts and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Or. en

Amendment 40
Miguel Viegas

Motion for a resolution
Recital C

Motion for a resolution

C. whereas the EU's excessively low productivity and global competitiveness calls for **structural reforms**, continued fiscal efforts and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Amendment

C. whereas the EU's excessively low productivity and global competitiveness calls for continued fiscal efforts and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Or. pt

Amendment 41
Beatrix von Storch

Motion for a resolution
Recital C

Motion for a resolution

C. whereas the EU's excessively low productivity and global competitiveness calls for structural reforms, continued fiscal efforts and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Amendment

C. whereas the EU's excessively low productivity and global competitiveness calls for structural reforms, continued fiscal efforts and investment in Member States **as well as massive deregulation, a reduction of bureaucracy and a return to the subsidiarity principle on the part of the EU** in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Or. de

Amendment 42

Roberts Zile

Motion for a resolution

Recital C

Motion for a resolution

C. whereas the EU's excessively low productivity and global competitiveness calls for structural reforms, continued fiscal efforts and investment in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Amendment

C. whereas the EU's excessively low productivity and global competitiveness calls for structural reforms, continued fiscal efforts and investment in Member States in order to bring about sustained **and inclusive** growth and employment, and achieve upward convergence with other global economies and within the EU;

Or. en

Amendment 43

Jakob von Weizsäcker

Motion for a resolution

Recital C

Motion for a resolution

C. whereas ***the EU's excessively low productivity and global competitiveness calls for structural reforms, continued fiscal efforts and investment*** in Member States in order to bring about sustained growth and employment and achieve upward convergence with other global economies and within the EU;

Amendment

C. whereas ***continued investments, innovations and reforms*** in Member States ***are needed*** in order to bring about sustained growth and employment, ***assure fiscal sustainability*** and achieve upward convergence with other global economies and within the EU;

Or. en

Amendment 44

Jakob von Weizsäcker

Motion for a resolution

Recital C a (new)

Motion for a resolution

Amendment

C a. whereas monetary policy designed to fight deflationary risks played a key role in stabilizing the euro area as a collateral benefit in recent years, monetary policy in the coming years will need to control inflationary pressures which will present a renewed challenge of fiscal sustainability for countries with below average growth rates and above average debt levels;

Or. en

Amendment 45
Marco Valli

Motion for a resolution
Recital C a (new)

Motion for a resolution

Amendment

Ca. whereas the current account surpluses in some countries continue to far exceed economic fundamentals and to exceed the alert threshold of 6% of GDP for current account surpluses provided for by the Macroeconomic Imbalance Procedure; whereas in particular the large current account surplus in Germany further increased during 2015 and 2016, attaining nearly 9% of GDP, due to a constant increase in the balance in previous years;

Or. it

Amendment 46
Lieve Wierinck, Ramon Tremosa i Balcells, Thierry Cornillet, Enrique Calvet Chambon

Motion for a resolution
Recital C a (new)

Motion for a resolution

Amendment

C a. whereas in 2016 only 2 % of country-specific-recommendations (CSRs) have been fully implemented, 43 % with some progress and 45 % with limited or no progress;

Or. en

Amendment 47
Jonás Fernández

Motion for a resolution
Recital C a (new)

Motion for a resolution

Amendment

C a. recalls that the euro is the currency of the European Union;

Or. en

Amendment 48
Pedro Silva Pereira

Motion for a resolution
Recital C a (new)

Motion for a resolution

Amendment

C a. whereas the euro area is still facing a significant 'investment gap';

Or. en

Amendment 49
Marco Valli

Motion for a resolution
Recital C b (new)

Motion for a resolution

Amendment

Cb. whereas the single currency prevents normal competitiveness adjustments between countries by means of fluctuations in exchange rates and deprives them of basic economic policy tools to absorb economic shocks, thus obstructing recovery and exacerbating the disparities and imbalances between countries at the centre and on the periphery;

Or. it

Amendment 50
Jonás Fernández

Motion for a resolution
Recital C b (new)

Motion for a resolution

Amendment

C b. reminds that all Member States without a derogation shall adopt the euro upon meeting the economic and legal criteria;

Or. en

Amendment 51
Pedro Silva Pereira

Motion for a resolution
Recital C b (new)

Motion for a resolution

Amendment

C b. whereas aggregate demand in the euro area is sluggish and inflation remains below target;

Or. en

Amendment 52
Marco Valli

Motion for a resolution
Recital C c (new)

Motion for a resolution

Amendment

Cc. whereas the austerity policies which for years have been promoted by the Commission have had a very depressing and destabilising impact on the economy, causing domestic demand to collapse, and bringing about rapid rises in unemployment, poverty and socioeconomic disparities;

Or. it

Amendment 53
Jonás Fernández

Motion for a resolution
Recital C c (new)

Motion for a resolution

Amendment

C c. considers that All Member States without a derogation shall actively implement all necessary policy measures in order to meet the economic and legal criteria for the adoption of the single currency;

Or. en

Amendment 54
Pedro Silva Pereira

Motion for a resolution
Recital C c (new)

Motion for a resolution

Amendment

C c. whereas private consumption remains the key driver of growth;

Or. en

Amendment 55
Jonás Fernández

Motion for a resolution
Recital C d (new)

Motion for a resolution

Amendment

C d. considers that after the 2019 elections to the European Parliament, all MEPs elected in Member States that have not yet adopted the euro shall voluntarily refrain from participating in votes regarding Eurozone affairs;

Or. en

Amendment 56
Pedro Silva Pereira

Motion for a resolution
Recital C d (new)

Motion for a resolution

Amendment

C d. whereas some Member States continue to accumulate high current account surpluses, which goes counter and makes it more difficult to achieve the goal of economic growth;

Or. en

Amendment 57
Jonás Fernández

Motion for a resolution

Recital C e (new)

Motion for a resolution

Amendment

C e. *welcomes the policies adopted by the European Central Bank in support of the single currency and economic recovery since August 2012;*

Or. en

Amendment 58
Jonás Fernández

Motion for a resolution
Recital C f (new)

Motion for a resolution

Amendment

C f. *considers that the main goal of the economic policy of the Eurozone is achieving full employment as a guarantee of decent living standards while reducing divergences among Member States;*

Or. en

Amendment 59
Notis Marias

Motion for a resolution
Paragraph 1

Motion for a resolution

Amendment

1. ***Welcomes the good performance of the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates; notes that the modest recovery remains fragile and that the development of GDP per capita is close to stagnation;***

1. ***Expresses its dissatisfaction at the still high unemployment rates;***

Or. el

Amendment 60
Marco Zanni

Motion for a resolution
Paragraph 1

Motion for a resolution

1. ***Welcomes the good performance of the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates***; notes that the modest recovery remains fragile and that the development of GDP per capita is close to stagnation;

Amendment

1. ***Observes that, unlike other areas of the industrialised world, the euro area has not restored the income levels that existed before the crisis***; notes that the modest recovery remains fragile and that the development of GDP per capita is close to stagnation;

Or. it

Amendment 61
Marco Valli

Motion for a resolution
Paragraph 1

Motion for a resolution

1. ***Welcomes the good performance of the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates***; notes that the modest recovery remains fragile and that the development of GDP per capita is close to stagnation;

Amendment

1. ***Expresses its concern about the paltry performance of the European economy, characterised by limited GDP growth, artificially inflated by the extraordinary policies of the ECB, and by unemployment rates that remain excessively high***; notes that the modest recovery remains fragile and that the development of GDP per capita is close to stagnation;

Or. it

Amendment 62
Jakob von Weizsäcker

Motion for a resolution
Paragraph 1

Motion for a resolution

1. Welcomes the **good** performance of the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates; notes that the modest recovery remains fragile **and that the development of GDP per capita is close to stagnation**;

Amendment

1. Welcomes the **enhanced** performance of the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates; notes that the modest recovery remains fragile;

Or. en

Amendment 63
Ernest Urtasun
on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 1

Motion for a resolution

1. **Welcomes the good performance** of the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates; notes that **the** modest recovery remains fragile and that the development of GDP per capita is close to stagnation;

Amendment

1. **Notes that the recovery** of the European economy **is becoming more broadly based**, supported by moderate GDP growth and decreasing, yet still **unacceptably** high, unemployment rates **thanks in particular to the continuous, unprecedented and unconventional support of the European Central Bank in a context or historically low real interest rate across the yield curve**; notes that **such** modest recovery remains fragile and that the development of GDP per capita is close to stagnation;

Or. en

Amendment 64
Pedro Silva Pereira

Motion for a resolution

Paragraph 1

Motion for a resolution

1. Welcomes the **good** performance of the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates; notes that the modest recovery remains fragile and **that** the development of GDP per capita is close to stagnation;

Amendment

1. Welcomes the **improved** performance of the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates; notes that the modest recovery remains fragile and **unevenly distributed across society and regions, while** the development of GDP per capita is close to stagnation; **regrets that economic developments remain burdened by the legacies of the crisis, including persistent inequalities and disparities across countries;**

Amendment

1. Welcomes the good performance of

the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates; notes that the modest recovery remains fragile and that the development of GDP per capita is close to stagnation;

the European economy, supported by moderate GDP growth, *surpassing the pre-crisis level*, and decreasing, yet still high, unemployment rates; notes that the modest recovery remains fragile and that the development of GDP per capita is close to stagnation;

Or. en

Amendment 71
Roberts Zile

Motion for a resolution
Paragraph 1

Motion for a resolution

1. Welcomes the good performance of the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates; notes that the modest recovery remains fragile and that the development of GDP per capita is close to stagnation;

Amendment

1. Welcomes the good performance of the European economy, supported by moderate GDP growth and decreasing, yet still high, unemployment rates; notes that the modest recovery remains *uneven*, fragile and that the development of GDP per capita is close to stagnation;

Or. en

Amendment 72
Pedro Silva Pereira

Motion for a resolution
Paragraph 1 a (new)

Motion for a resolution

Amendment

1 a. Underlines that the still-too-high unemployment rates, particularly in some member States and especially for youth unemployment, show that the capacity to create quality employment in several Member States is still limited, and emphasises that further action is needed, in consultation with the social partners, in

order to step up investment in skills, make labour markets more inclusive and reduce social exclusion and growing inequalities in income and wealth;

Or. en

Amendment 73

Ernest Urtasun

on behalf of the Verts/ALE Group

Motion for a resolution

Paragraph 1 a (new)

Motion for a resolution

Amendment

1 a. Underlines nevertheless that there should be no complacency on the current state of play as macroeconomic and financial imbalances remain wide and the EMU still needs ambitious and far reaching reforms of its economic governance in order to fulfil the necessary conditions for its medium to long-term sustainability;

Or. en

Amendment 74

Gunnar Hökmark

Motion for a resolution

Paragraph 1 a (new)

Motion for a resolution

Amendment

1 a. Notes with concern that GDP and productivity growth rates remain below full potential and that there is therefore no time for complacency, and that this moderate recovery requires relentless efforts if it is to achieve greater resilience through higher growth and employment;

Amendment 75
Marco Valli

Motion for a resolution
Paragraph 2

Motion for a resolution

2. Notes that Europe harbours untapped economic potential as growth and employment are advancing unevenly; underlines that this is the result of the heterogeneous *performance of* the Member States' economies; emphasises that *the implementation of structural reforms in the Member States could facilitate at least 1 % higher growth*;

Amendment

2. Notes that Europe harbours untapped economic potential as growth and employment are advancing unevenly; underlines that this is the result of the heterogeneous *conditions in* the Member States' economies *and reflects persistent competitive imbalances within the euro area*; emphasises that, *for some countries, a departure from monetary union could represent the only practicable option to restore the competitiveness which has been undermined and the essential conditions for a lasting recovery*;

Or. it

Amendment 76
Notis Marias

Motion for a resolution
Paragraph 2

Motion for a resolution

2. Notes that Europe harbours untapped economic potential *as growth and employment are advancing unevenly*; underlines that this is the result of the heterogeneous performance of the Member States' economies; *emphasises that the implementation of structural reforms in the Member States could facilitate at least 1 % higher growth*;

Amendment

2. Notes that Europe harbours untapped economic potential; underlines that this is the result of the heterogeneous performance of the Member States' economies; *denounces so-called structural reform or memorandums in EU Member States such as Greece, where they have massively swelled the ranks of the unemployed, transforming the country into a vast social graveyard*;

Amendment 77
Marco Zanni

Motion for a resolution
Paragraph 2

Motion for a resolution

2. Notes that Europe harbours untapped economic potential as growth and employment are advancing unevenly; underlines that this is ***the result of the heterogeneous performance of the Member States' economies***; emphasises that the implementation of structural reforms in the Member States ***could facilitate at least 1 % higher growth***;

Amendment

2. Notes that Europe harbours untapped economic potential as growth and employment are advancing unevenly; underlines that this is ***due to the EMU project, which, not being an optimal monetary area, has given rise to unsustainable macroeconomic imbalances in recent years***; emphasises that the implementation of structural reforms in the Member States ***has further aggravated the already difficult economic and social situation***;

Amendment 204
Pedro Silva Pereira

Motion for a resolution
Paragraph 11

Motion for a resolution

11. *Stresses that the lack of competitiveness and investment in the EU is linked to a general tax burden that is 10 to 15 % higher than in competing markets, creating hindering tax wedges on companies, investments and labour;*

Amendment

11. *Notes that taxation should not hinder investments and job creation; calls for reforms in taxation with a view to improving tax collection, preventing tax avoidance, tax evasion and aggressive tax planning, as well as tackling the high tax burden on labour in Europe while ensuring the sustainability of social protection systems; recalls that experience shows how low tax progressivity, combined with poor tax collection and a weak social safety net, is damaging to society and economic growth; highlights the importance of using progressive tax rates to attain the redistributive effects of tax reforms; believes that tax and benefit systems combined, through the progressiveness of tax systems, good tax collection and the provision of adequate social benefits, can contribute to steering employment and reducing income inequalities and poverty;*

Amendment 205
Tibor Szanyi

Motion for a resolution
Paragraph 11

Motion for a resolution

11. *Stresses that the lack of competitiveness and investment in the EU*

Amendment

(-11) Stresses in particular the need for a European social policy pillar, at the

is linked to a general tax burden that is 10 to 15 % higher than in competing markets, creating hindering tax wedges on companies, investments and labour;

same time noting that the lack of competitiveness and lack of investment in the EU are influenced by the overall tax burden;

Or. hu

Amendment 206

Ernest Urtasun

on behalf of the Verts/ALE Group

Motion for a resolution

Paragraph 11

Motion for a resolution

11. Stresses that the *lack of competitiveness* and investment in the EU is linked to a general tax burden that is 10 to 15 % higher than in competing markets, creating hindering tax wedges on companies, investments and labour;

Amendment

11. Stresses that the *low productivity growth* and investment in the EU is linked *inter alia to an unfair burden on capital income as well on tax expenditures and allowances;*

Or. en

Amendment 207

Marco Valli

Motion for a resolution

Paragraph 11

Motion for a resolution

11. Stresses that *the lack of competitiveness* and investment in the EU is linked to a general tax burden that is 10 to 15 % higher than in competing markets, creating hindering tax wedges on companies, investments and labour;

Amendment

11. Stresses that competitiveness and investment in the EU *are also compromised by the distorting impact of an opaque and iniquitous tax system under which large multinationals which use aggressive tax planning and tax havens enjoy intolerable tax advantages in comparison with national businesses, particularly SMEs, which for their part face a heavy tax burden due to hindering tax wedges on companies, investments and*

labour;

Or. it

Amendment 208
Roberts Zile

Motion for a resolution
Paragraph 11

Motion for a resolution

11. *Stresses* that the lack of competitiveness and investment in the EU is linked to a general tax burden that is 10 to 15 % higher than in competing markets, creating hindering tax wedges on companies, investments and labour;

Amendment

11. *Notes* that the lack of competitiveness and investment in the EU is *partly* linked to a general tax burden that is 10 to 15 % higher than in competing markets, *often* creating hindering tax wedges on companies, investments and labour; *stresses, however, that low tax rates alone do not necessarily encourage uplift in investment and thus should be viewed in a broader context of structural reforms; notes that tax evasion is still a problem in a number of countries and fight against it, combined with improved tax administration, would increase fiscal space;*

Or. en

Amendment 209
Marco Zanni

Motion for a resolution
Paragraph 11

Motion for a resolution

11. Stresses that the lack of competitiveness and investment in the EU is *linked to* a general tax burden that is 10 to 15 % higher than in competing markets, creating hindering tax wedges on companies, investments and labour;

Amendment

11. Stresses that *one of the factors underlying* the lack of competitiveness and investment in the EU is a general tax burden that is 10 to 15 % higher than in competing markets, creating hindering tax wedges on companies, investments and

labour;

Amendment 364
Jonás Fernández

Motion for a resolution
Paragraph 21 a (new)

Motion for a resolution

Amendment

21 a. Invites the Commission to draft a proposal regarding the fiscal capacity of the Eurozone;

Or. en

Amendment 365
Jonás Fernández

Motion for a resolution
Paragraph 21 b (new)

Motion for a resolution

Amendment

21 b. Agrees with the Commission's Communication (2016)0727 of 16 November 2016 that states that 'In light of the slow recovery and risks in the macroeconomic environment, there is a case for a moderately expansionary fiscal stance for the euro area at this point in time. Based on estimates from the Commission services, a fiscal expansion of up to 0.5% of GDP at the level of the euro area as a whole is considered desirable for 2017 in the present circumstances'. This fiscal expansion is roughly equivalent to EUR 50 billion;

Or. en

Amendment 366
Marco Zanni

Motion for a resolution
Paragraph 22

Motion for a resolution

22. *Takes note of the Commission's recommendation to close the Excessive Deficit Procedures for several Member States; welcomes past and ongoing fiscal and reform efforts, yet insists that these efforts will need to continue to ensure the durability of the correction of the excessive deficit;*

Amendment

22. *Stresses the need for Member States to implement their own economic policies at national level without any limitations imposed by the European Institutions, with full respect for the principles of democracy and sovereignty;*
