COMMISSION DELEGATED REGULATION (EU) .../...

of 8.4.2016

correcting Delegated Regulation (EU) 2016/341 supplementing Regulation (EU) No 952/2013 of the European Parliament and of the Council as regards transitional rules for certain provisions of the Union Customs Code where the relevant electronic systems are not yet operational and amending Delegated Regulation (EU) 2015/2446

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE DELEGATED ACT

Regulation (EU) No 952/2013 (Code), in its consistency with the Treaty on the Functioning of the European Union (TFEU), delegates to the Commission the power to supplement certain non-essential elements of the Code, in accordance with Article 290 TFEU. The Commission, while exercising these powers, adopted on 17 December 2015 Delegated Regulation (EU) 2016/341 supplementing Regulation (EU) No 952/2013 of the European Parliament and of the Council as regards transitional rules for certain provisions of the Union Customs Code where the relevant electronic systems are not yet operational and amending Delegated Regulation (EU) 2015/2446. This Commission Delegated Regulation established provisions of general application to supplement the Code in accordance with its delegations of power and with a view to allowing for a clear and proper application of the Code in the transitional period where the electronic systems which are necessary for the application of the Code are not yet fully updated or deployed.

Following the entry into force of Delegated Regulation (EU) 2016/341, wrong references were discovered in some forms of Annex 12, in the part concerning simplifications. In addition, certain missing forms in this same Annex were detected that were unintentionally not included in the Annex. The adjustment of these inaccuracies is of major importance for the Commission, Member States and Trade and an absolute precondition for the proper implementation of Union customs legislation.

Regulation (EU) No 952/2013 and Delegated Regulation (EU) 2016/341 will be applicable as of 1 May 2016. It is therefore necessary to correct Delegated Regulation (EU) 2016/341 in order to replace the forms with problematic references and add the other missing forms as quickly as possible with a view to ensuring that the necessary forms are in place for the application of the Code.

2. CONSULTATIONS PRIOR TO THE ADOPTION OF THE ACT

A consultation was carried out in line with paragraph 4 of the Common Understanding on delegated acts between the European Parliament, the Council and the European Commission.

The draft act was presented at the Customs Code Expert Group on 17 March 2016 to the delegates of the Member States. Member States agreed with the proposed correction.

3. LEGAL ELEMENTS OF THE DELEGATED ACT

Annex 12 of Commission Delegated Regulation (EU) 2016/341 needs to be corrected in order to rectify the spotted omissions and mistakes.

As these corrections affect the substance of the delegated act, the appropriate instrument is a Commission Delegated Regulation correcting Delegated Regulation (EU) 2016/341. It will apply as long as no objection is expressed by the European Parliament or the Council within a period of two months with the possibility of an extension of this period for another two months.

of 8.4.2016

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 952/2013 of the European Parliament and of the Council of 9 October 2013 laying down the Union Customs Code¹, and in particular Article 279 thereof,

- (1) Following the adoption of Delegated Regulation (EU) 2016/341², in the part concerning simplifications of Annex 12 to that Delegated Regulation, certain inconsistencies with the systems set up by the Union Customs Code were detected in three of the forms, including references to procedures that have ceased to exist. Those inconsistencies affect legal clarity and should be corrected.
- (2) Furthermore, it was detected that, also in the part concerning simplifications of Annex 12 to Delegated Regulation (EU) 2016/341, certain forms had been omitted by mistake.
- (3) Delegated Regulation (EU) 2016/341 should therefore be corrected accordingly.
- (4) The provisions of this Regulation should apply from 1 May 2016 in order to enable the full application of the Union Customs Code,
