## THE 2019 POST-ELECTORAL SURVEY

This Eurobarometer survey of the European Parliament (EP/EB 91.5) was carried out in all 28 Member States of the European Union, from 7 until 26 June 2019, by

# KANTAR

The European Parliament's Post-Election Eurobarometer is one of the most comprehensive quantitative surveys publicly available analysing citizens voting behaviour and motivation in European Parliament elections.

Starting from the significant increase in voter turnout in the 2019 elections, this report looks in detail at who went to vote in the 2019 European elections, analysing the variations between EU countries, socio-demographic and socio-professional groups.
