x 2

- Two autonomous vehicles with electric drive

09/2015  
– 12/2017

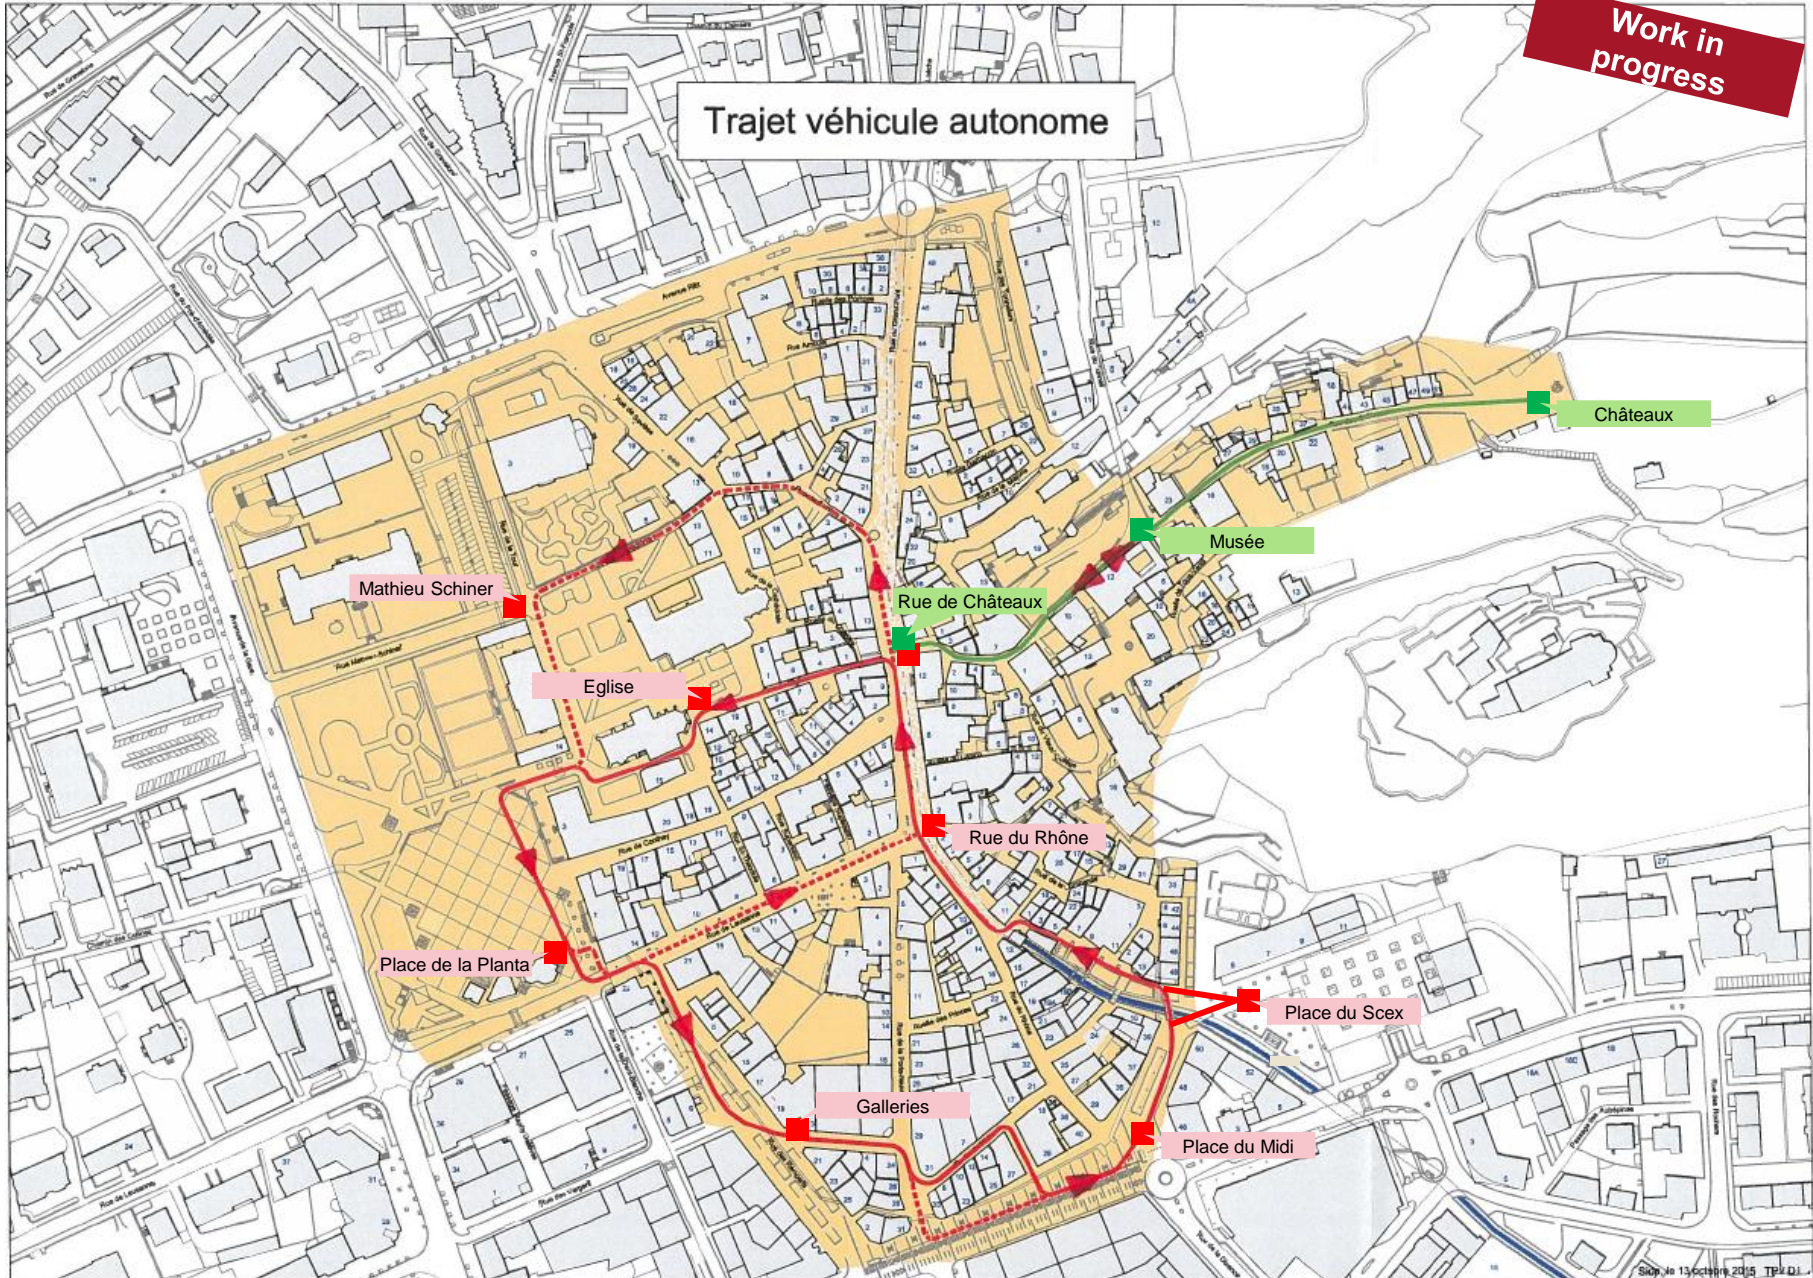

- **Pilot in real conditions**
  - Phase I: Test ground
  - Phase II: Public space / Encounter zone Sion (20km/h speed limit)
  - Phase III: Expansion (to be defined)

- **Test freely accessible for the public**  
(from phase II)
- **On-demand function via app**

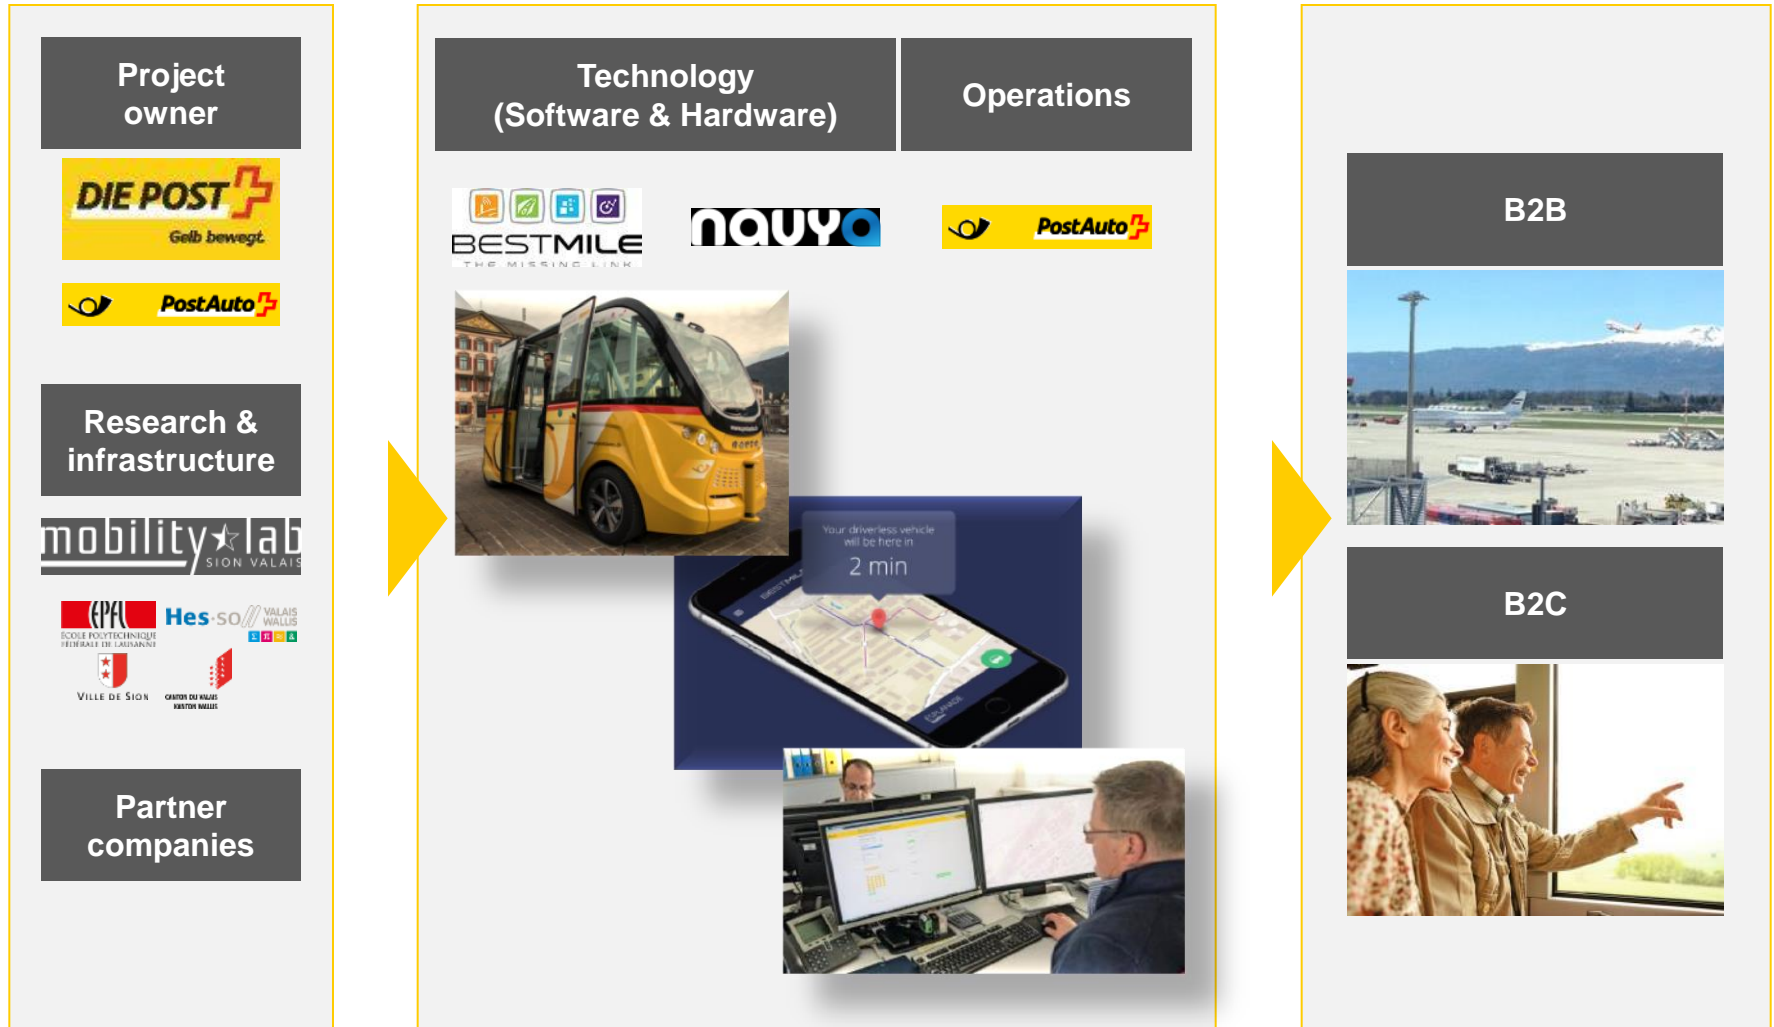

Work in progress

# Trajet véhicule autonome

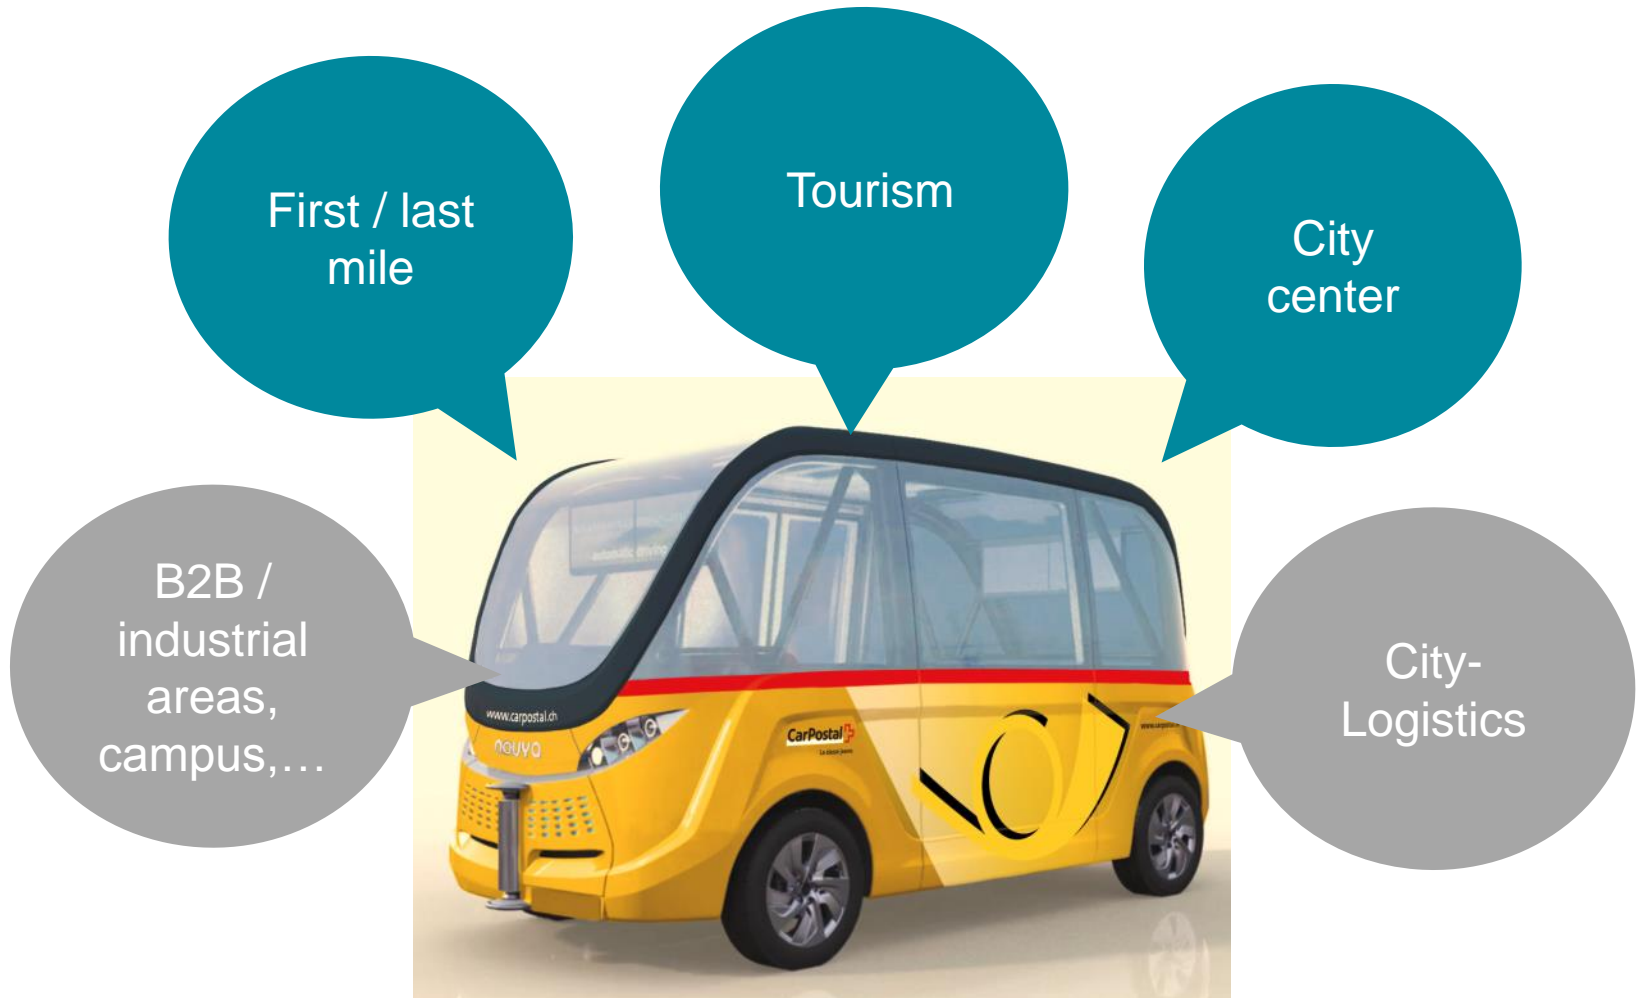

Sion, le 13 octobre 2015 TPV-DI

# A lot of private and public partners are actively involved in the project.

# Different areas of application will be tested

# Our vision for autonomous vehicles:

**‘From driverless cars to carless drivers !!!’**
