

EP BUDG Public Hearing on "The financing of the European Structural and Investment Funds and the link between these and other investment funds"

EP - 25 April 2017

Eric von Breska, Director
European Commission,
DG Regional and Urban Policy

2007-2013 - Total percentage of available Funds paid out by the Commission

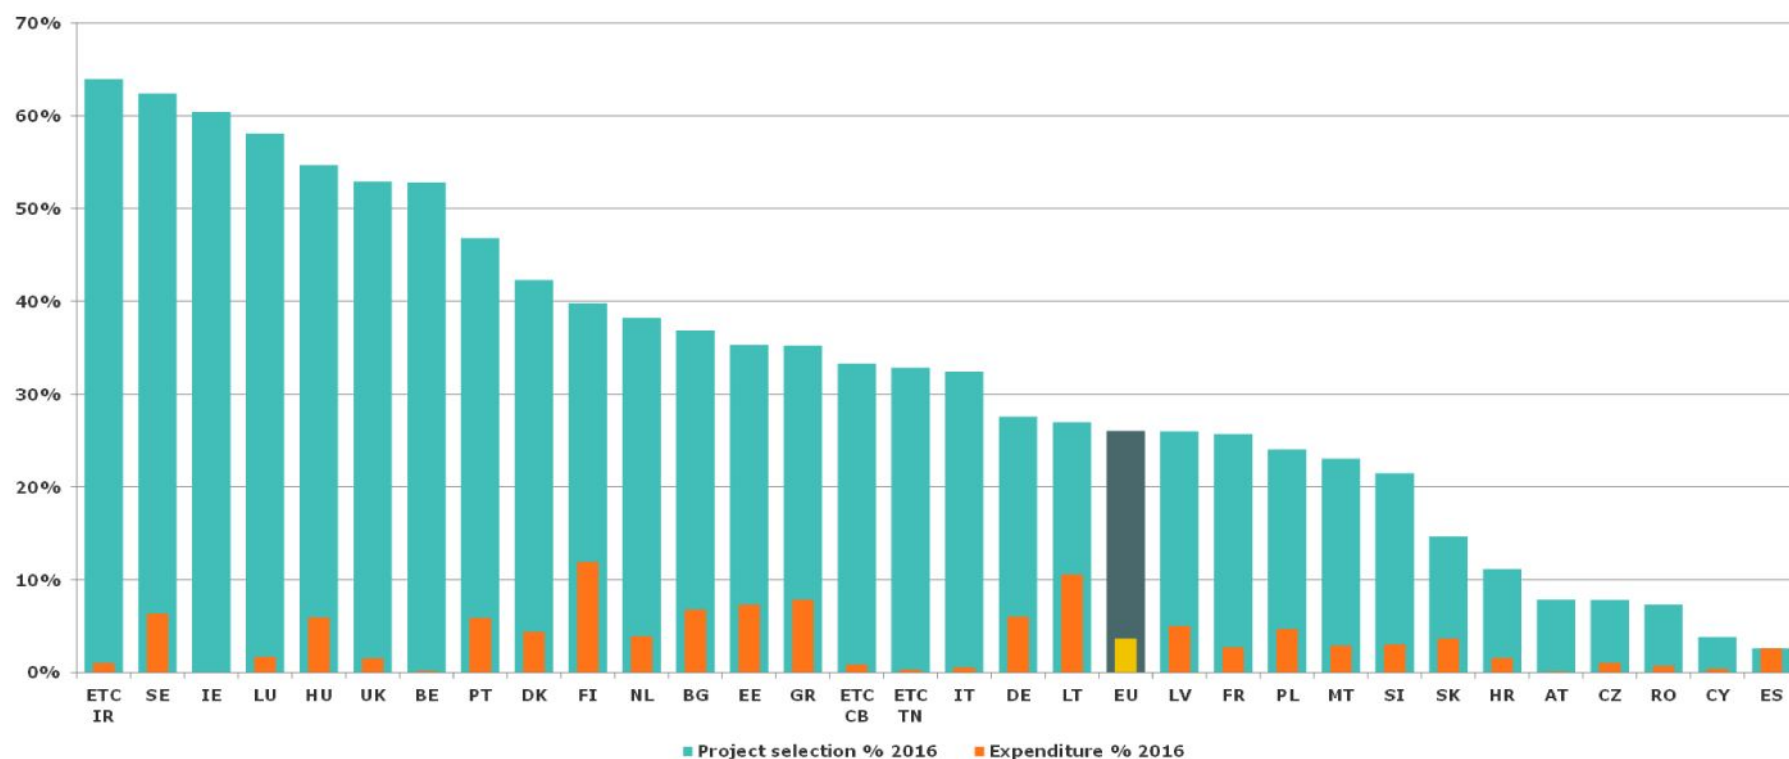

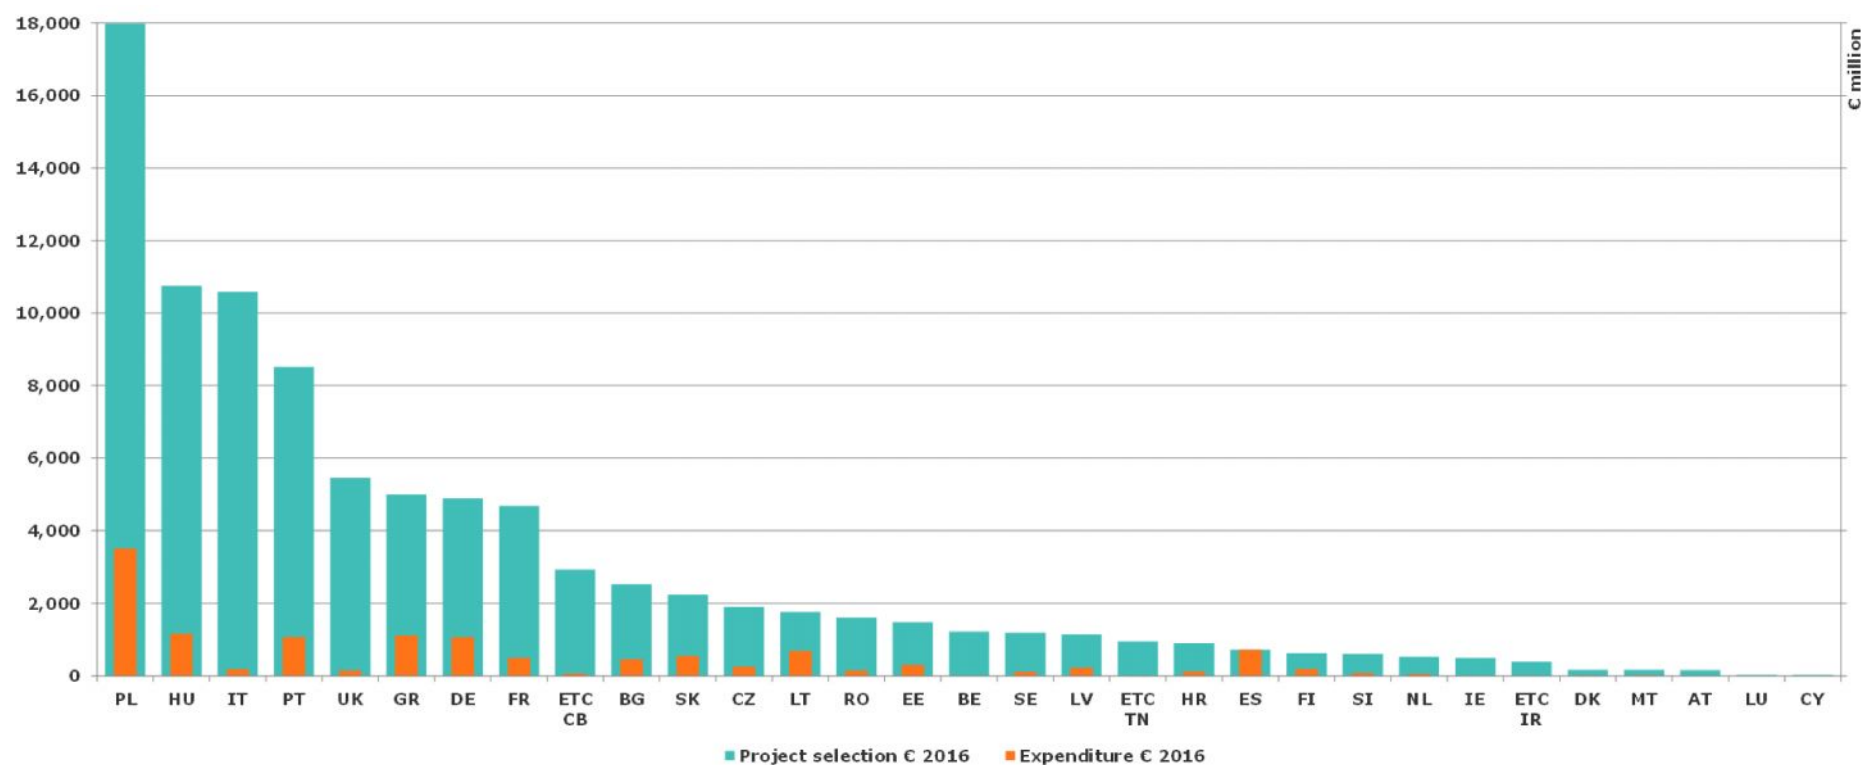

2014-2020: Getting programmes running

- EU payments are still low but implementation is clearly accelerating
By the end of 2016, an estimated EUR 180 billion allocated to concrete projects on the ground representing close to 30% of the total available until 2020.
- Very diverse situation across Member States/regions and programmes.

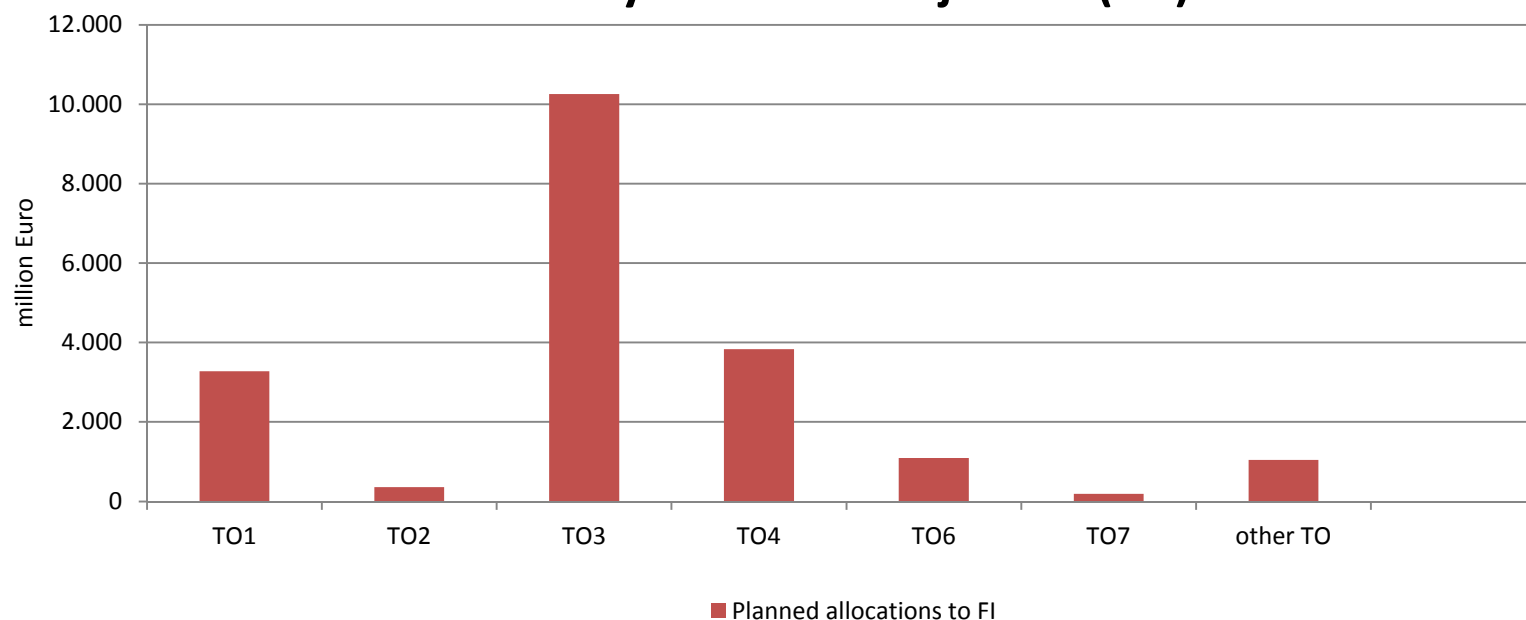

2014-2020 - Rate of project selection and expenditure declared by beneficiaries per Member State (end 2016)

2014-2020 - Volume of project selection and expenditure declared by beneficiaries per Member State (end 2016)

Planned allocations to Financial Instruments for ERDF, ESF and CF by Thematic Objective (TO)

TO1 - R&D and innovation
TO2 - ICT
TO3 - SMEs

TO4 - low-carbon economy
TO6 - environment
TO7 - transport
