# OPINION

of the Committee on Civil Liberties, Justice and Home Affairs

for the Committee on Budgetary Control

on discharge in respect of the implementation of the budget of Eurojust for the  
financial year 2016  
(2017/2155(DEC))

Rapporteur: Kostas Chrysogonos

## SUGGESTIONS

The Committee on Civil Liberties, Justice and Home Affairs calls on the Committee on Budgetary Control, as the committee responsible, to incorporate the following suggestions into its motion for a resolution:

1. Welcomes the Court of Auditors' conclusions that the annual accounts of Eurojust present fairly its financial position on 31 December 2016 and that its transactions are legal and regular;
2. Welcomes the very high budget implementation rate of Eurojust (99,89 %); acknowledges that the high rate of carry-overs of committed appropriations (40 %) for Title II (expenditure for support activities) is due to the preparation of the move to a new premises in 2017;
3. Stresses the recommendation of the Court of Auditors of 2011 regarding the re-definition of the roles and responsibilities of the Administrative Director and the College; acknowledges that the Eurojust Regulation was still being negotiated by the legislator at the end of 2016, thus no corrective measures could have been taken to solve this matter;
4. Welcomes the strengthening of the Eurojust's position as the centre for judicial cooperation and coordination against cross-border crime and as a centre for judicial expertise within the Union; highlights the launch of the European Judicial Cybercrime Network; notes that Eurojust received requests for assistance in 2306 cases (representing a rise of 4 %), that it organised 249 coordination meetings on 288 cases and provided support to 148 joint investigation teams, including financial support to 90 of them (representing a rise of 32 %); notes the publication of the fourth Eurojust report "Foreign Terrorist Fighters: Eurojust's Views on the Phenomenon and the Criminal Justice Response" of December 2016;
5. Deplores that Eurojust faced budgetary availability issues due to known structural problems with its funding and that for the second successive year was forced to resort to mitigation measures subject to an amending budget, leading to the postponement of some of its ongoing activities and the deferral of valuable technological developments; points out in this regard that Eurojust has an ongoing dialogue with DG Justice and DG Budget in order to secure a proper level of funding for the coming years;
6. Calls on the European Commission to ensure the swift adoption of its guidelines on whistleblowing that will consequently be immediately adopted and effectively implemented by Union agencies, including Eurojust; notes that Eurojust was waiting for such guidance or input from the Commission before it could finalise its relevant rules; urges the Agency to further to step up its efforts for finalising clear internal rules for the protection of whistleblowers, who must benefit from the presumption of good faith until the verification of the information;
7. Notes with concern that the administration, the members of the College and the members of the independent joint supervisory body have not published online their declarations of interest; underlines however that the College adopted guidelines on the

prevention and management of conflicts of interest.
