

PROGRAMME

Hearing of the Committee on the Internal Market and Consumer Protection

Network and information security - taking a holistic view

18 June 2013 from 15.00 to 17h00
European Parliament, Brussels
Altiero Spinelli Building, room 3G-3

15. 00 - 15.10 Opening session

Opening by the Chairman, Mr Malcolm Harbour

Statement by the IMCO Rapporteur, Mr Andreas Schwab

15.10. - 16.00 Session 1

How to best ensure a high level of network and information security

***Focus:** CROSS BORDER AND CROSS-SECTORAL ASPECTS OF NETWORK AND INFORMATION SECURITY*

Given that networks and information systems are interconnected and given the global nature of the Internet, many network and information security incidents transcend national borders and undermine the functioning of the internal market. This session will touch upon, among others, the ways to increase resilience and develop capabilities to prevent and mitigate security incidents, including law enforcement and technical aspects of network and information security.

1. **Ariane Kiesow**, the Centre for European Policy (Germany)
2. **Helena Raud**, Cybersecurity Coordinator, Ministry of Economic Affairs and Communications (Estonia)
3. **Olivier Burgersdijk**, Head of Strategy, Assistant Director of Europol, European Cybercrime Centre (Netherlands)

Questions & Answers session

16.00 - 16.50 Session 2

Common understanding of cybersecurity - bridging the gaps
--

Focus: *BUILDING CONFIDENCE AND TRUST IN THE SINGLE MARKET*

A high common level on network and information security is both a shared objective of consumers, private and public sector, and a shared responsibility of all actors concerned. The number of network and information security challenges continues to increase and this will have a negative effect on consumer's trust in on-line economy and in the integrity of the internal market. This session will focus on identifying bridges for closer cooperation between different actors, particularly focusing on public-private partnership.

1. **Jörgen Samuelsson**, Ministry of Enterprise, Energy and Communications (Sweden), Chair of Management Board of European Network and Information Security Agency (ENISA)
2. **Mats Nilsson**, Director, Ericsson (Sweden) representing the European Telecommunications Standards Institute (France)
3. **Florian Walther**, Chaos Computer Club (Germany)
4. **Will Semple**, representative of the New York Stock Exchange Euronext (United Kingdom)

Questions & Answers session

16.50 - 17.00 Closing comments

Conclusions by the IMCO Rapporteur, Mr Andreas Schwab
Closing remarks by the Chairman, Mr Malcolm Harbour
