

FEANI – the European Federation of National Engineering Associations

FEANI's mission :

is to represent and strengthen European Engineers by:

- improving their **career development** through national members
- affirming their **professional identity** by:
 - → acknowledging qualifications
 - → safeguarding and promoting interests
 - → facilitating their free movement within Europe and worldwide
- striving for a **single voice** of European engineers

Why an engineering card?

Mobility is important for Engineers, because of the :

- demand for flexible deployment on an international basis
- different availability of engineers across national borders

Engineers and Employers require a tool:

- that shows a comparable educational profile
- whose recognition is based on international standards
- is easy to use for professionals and employers

5 Major Features :

- **Completeness:** education, professional experience, continued training
- **Standardized** : based on EU standards (EQF)
- **Reliable** : independent testing and recognition
- **Flexible** through decentralised administration
- **Voluntary**
