

Orgalim - PLD

IMCO hearing

22 JAN 2020

Silvia Selandari

Trade & Legal Adviser

Orgalim at a glance

Who we are

Mechanical
Engineering

Metal
Technology

Electrical Engineering,
Electronics, ICT

Our purpose

We are shaping a future that's good

What we do

Orgalim commits to champion an EU policy agenda for sustainable growth; to support the industry in its transformation; and to advance dialogue between business, policymakers and citizens on the relationship of technology to society

What we represent

Annual turnover

2,171
billion euro

- similar to the GDP of France

Direct employment

11.2
million people

- around 30% of the total in EU industry

Annual exports

567
billion euro

- that's around 1/3 of EU manufactured exports

Safety legislation

Aim: ensure safety of products used by consumers

Machinery Directive (Directive 2006/42/EC)

Low Voltage Directive (LVD) (Directive 2014/35/EU)

General Product Safety Directive (GPSD –Directive
2001/95/EC)

Product Liability Directive – striking the right balance

Damage caused by product

Producer: strict liability

Consumer: defect + damage + link

Product Liability Directive – Orgalim's views

Fit for the digital age

Strengths:

Technologically neutral: development & competitiveness

Right balance in case of damage caused by a defective product

Creates **legal certainty** for companies & consumers

Key topics

- Burden of proof
- Liability of tech products (AI)

Thank you!
