

ANNUAL REPORT ON CONTRACTS AND CONCESSIONS AWARDED BY PARLIAMENT

DG Finance
Central Financial Unit

2019

Contents

This document is the annual report to the budgetary authority on the contracts and concessions awarded by Parliament in 2019. In accordance with Article 74(10) of the Financial Regulation, it also includes contracts concluded based on exceptional negotiated procedures referred to in Point 11.1 (a) to (f) of Annex I to the Financial Regulation.

I - INTRODUCTION

A. Regulatory provisions governing reporting

1. The Financial Regulation (FR) adopted in July 2018¹ lays down the information to be provided to the budgetary authority, and to the public, concerning the award of contracts by the institution.

Its rules concerning public procurement started to apply to the European Parliament from 1 January 2019 in accordance with Article 282(3) FR.

2. In accordance with Article 74(10) FR , Parliament sends a report on the exceptional negotiated procedures launched on the basis of points (a) to (f) of Point 11.1 of Annex I to the budgetary authority (**Annex 2 to this report**).
3. Pursuant to Point 3.2 of Annex I FR Parliament sends a list of building contracts and of contracts declared to be secret to the budgetary authority (**Annexes 3 and 4 to this report**).
4. Each year Parliament publishes the following information on its website annually no later than 30 June in accordance with Article 163 FR and Points 2 and 3 of Annex I FR:
 - (i) a **list of contractors**² in respect of contracts with a value of more than EUR 15 000 (**Annex 1 to this report**);
 - (ii) **information on the value and contractors in respect of specific contracts based on a framework contract signed** during the reference year if the aggregate value of those specific contracts exceeds EUR 15 000 (specific contracts signed in 2019). In the interest of transparency, Parliament publishes this information on interinstitutional framework contracts for the part concerning Parliament even where it is not the lead institution for these framework contracts (Point 3.3 of Annex I FR);
 - (iii) **a list of the contracts modified under Article 172(3)(a) to (c) FR** where the value of the modification is over EUR 15 000.
5. Pursuant to paragraph 35 of Parliament's resolution of 23 April 2009³ with observations on discharge in respect of the implementation of the institution's budget for 2007, and interpreting it in the light of the new Financial Regulation, a single and complete annual list of contractors awarded contracts by Parliament with a value of more than EUR 15 000 is published on Parliament's website.
6. In addition, pursuant to paragraph 61 of Parliament's resolution of 5 May 2010⁴ on discharge in respect of the implementation of the general budget of the European Union for the 2008 financial year, a list of economic operators awarded contracts by Parliament following a negotiated or restricted procedure is required. To meet this requirement, Parliament decided to add information about the type of procedure used (open, restricted or negotiated) to the annual list of contracts awarded, which is already published on the internet. Consequently, the list of contracts awarded in 2019 shows the name and address of the contractor, where the contractor is a legal person, or the NUTS code where the contractor is a natural person, and the subject of the contract, the amount, the currency and the type of procedure.

¹ Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union (OJ L 193, 30.7.2018, p. 1).

² That list does not include building contracts or contracts declared to be secret.

³ DEC/2008/2276.

⁴ DEC/2009/2069.

7. Lastly, in accordance with paragraphs 105 and 106 of Parliament's resolution of 29 April 2015⁵ on discharge in respect of the implementation of the general budget of the European Union for the financial year 2013 and paragraph 143 of the Parliament's resolution of 26 March 2019 on discharge in respect of the implementation of the general budget of the European Union for the financial year 2017⁶ this report gives the number and value of contracts awarded following exceptional negotiated procedures and provides a thorough analysis of them.

B. Methodology

8. The annual report on contracts awarded by Parliament has been drawn up by DG FINS on the basis of the information, which the authorising departments in each Directorate-General had entered in the WebContracts register of contracts awarded as at 30 June 2020 (latest date for acceptance by the DG FINS Central Financial Unit, hereinafter referred to as 'CFU', of reviews of contracts awarded in 2019 before the relevant information has been sent to DG COMM for publication on the internet). Authorising departments are responsible for ensuring that all their contracts are entered into WebContracts and that the information relating to them is accurate.
9. The CFU carries out a number of checks for consistency with regard to the data entered into the WebContracts register. Following such checks, authorising departments are notified of any corrections which they can, if they so decide, carry out and validate before the CFU proceeds with the annual publication operations.
10. The information contained in this report summarises the main characteristics of the service, supply, works and building contracts with a value greater than EUR 15 000 awarded in 2019. The analysis is based on tables compiled from the lists of contracts awarded, which are appended as Annexes 1, 3, and 4.

II - CONTRACTS AWARDED: OVERALL SITUATION (ANNEX 1)

11. In November 2019 the new financial management system, FMS, of the European Parliament was rolled out and pre-launched. From January 2020 FMS serves as a single centralised system for carrying out Parliament's budgetary and accounting transactions and managing its contracts and inventory, which will significantly enhance its reporting abilities.
12. Based on the information encoded by the authorising departments of each Directorate-General in the WebContracts register of contracts awarded, no corrections needed to be made to the tables containing the figures for 2018.
13. It should be noted that, as regards interinstitutional contracts, Parliament's share is taken into account in this report insofar as it is known, even where Parliament is the lead institution, whereas on the internet the total value of interinstitutional contracts is shown where Parliament is the lead institution.
14. The following table indicates the total values (in EUR) and numbers of contracts awarded for 2019 in comparison to 2018:

⁵ DEC/2014/2078

⁶ DEC/2018/2167

	Contracts awarded	
	2019	2018
Contracts with a value greater than €15 000	806.82 m (225 contracts)	605.37 m (251 contracts)
Contracts with a value between €15 000 and €60 000	2.81 m (81 contracts)	3.70 m (99 contracts)
Contracts with a value greater than €60 000	804.31 m (144 contracts)	601.68 m (152 contracts)
➤ Of which contracts with a value greater than the Directive's thresholds⁷	799.75 m (104 contracts)	578.56 m (96 contracts)

15. In 2019, the total value of the contracts awarded was higher than that in the previous year (a rise of 33 % compared to 2018). However, the number of contracts awarded in 2019 was lower in comparison to the previous year (10% compared to 2018).
16. In total, 144 contracts with a value greater than EUR 60 000 were awarded, and 81 with a value of between EUR 15 000 and EUR 60 000, in 2019. These figures show that contracts with a value less than or equal to EUR 60 000 accounted for 36 % (39.44 % in 2018) of the total number of all types of contract awarded by Parliament, but for just 0.35 % (0.61 % in 2018) of the total value. In conclusion, the percentage share of low-value contracts (equal to or below EUR 60 000) decreased in terms of both number and value.
17. The number and value of contracts awarded can fluctuate greatly from year to year, depending on the timing of tender procedures. The concept of 'contracts awarded' is not the same as budget expenditure in a year. Contracts may relate to a period longer than a year, depending on the needs of DGs.
18. 18 contracts awarded in 2019 had a value of more than EUR 10 m (overall value of EUR 619.65 m). An analysis of those contracts reveals that eight directorates-general awarded high-value contracts:

- **DG Infrastructure and Logistics** awarded seven contracts:
 - ↳ Two supply contracts for electricity supply in buildings of Parliament and the Agency EU-Lisa in Strasbourg (EUR 16 m – 52 months)⁸ and the supply of furniture for the members of Parliament in Brussels (EUR 16.01 m - 180 months).
 - ↳ Two work contracts for the renovation of Members' spaces in the Spinelli and Brandt buildings (EUR 17.57 m - 180 days) and works of a general contractor for the construction, the renovation or development of the buildings of the Parliament in Strasbourg (EUR 97.30 m - 48 months).
 - Three service contracts for the assistance of an architectural and technical engineering office for the Adenauer building project (EUR 11.89 m - 48

⁷ The thresholds were EUR 144 000 for services and supplies and EUR 5 548 000 for works in 2019. Building contracts are included, although they are not subjected to a threshold.

⁸ Interinstitutional contract led by EP. The total value of the contract, including all participating institutions, is EUR 18.90 m.

months), cleaning of buildings occupied by Parliament in Brussels (EUR 31.97 m - 48 months) and concessions for sustainable collective catering in Parliament's buildings in Brussels (EUR 87.50 m - 84 months).

- **DG Innovation and Technological Support** awarded two service contracts for the external provision of IT services (EUR 11.61 m – 60 months) and the development and maintenance of production information systems (EUR 58.98 m - 24 months)⁹.
- **DG Communication** awarded two service contracts for the external provision of communication services COMM19 (EUR 28.35 m - 60 months)¹⁰ and for the provision of service staff for the European Parliament's visitor facilities (EUR 32.00 m - 48 months).
- **DG Security and Safety** awarded two service contracts for fire safety and assistance to people at Parliament's site in Strasbourg (EUR 17.00 m - 48 months) and fire safety and assistance to people and external patrol services at Parliament's site in Brussels (EUR 26.00 m - 48 months).
- **DG Finance** has awarded two service contracts for the supply of technical assistance services in the field of audit and controls (EUR 13.89 m – 48 months) and external provision of IT services for the main purpose of the maintenance of the financial management system of Parliament based on the S4/HANA platform (EUR 24.20 m - 60 months).
- **DG Logistics and Interpretation for Conferences** awarded one service contract for the design, supply and installation, maintenance, updating, adaptation, operation, transport and rental of audiovisual, multimedia and conference equipment in Brussels, Luxembourg, Strasbourg and outside the three workplaces (EUR 56.00 m - 60 months).
- **DG Translation** awarded one service contract for the provision of translation services (EUR 46.38 m - 60 months)¹¹.
- **DG Personnel** awarded one service contract for the full management of the Parliament's childcare facility in Brussels, located rue Wayenberg (EUR 27.00 m - 60 months).

A. Types of contract awarded

19. The breakdown by type of all contracts awarded in 2019 and 2018 in terms of number and value, including building contracts, was as follows:

⁹ Interinstitutional contract led by EP. The total value of the contract, including all participating institutions, is EUR 78.40 m

¹⁰ Interinstitutional contract led by EP. The total value of the contract, including all participating institutions, is EUR 44.00 m.

¹¹ Interinstitutional contract led by EP. The total value of the contract, including all participating institutions, is EUR 63.06 m.

Type of contract	2019		2018	
	Number	Percentage	Number	Percentage
Services	177	78	199	79
	Supply	33	15	37
	Works	13	6	12
	Building	2	1	3
Total	225	100%	251	100%

Type of contract	2019		2018	
	Amount	Percentage	Amount	Percentage
Services	581 610 182	72	256 374 627	42
	85 741 237	10	210 526 209	35
	135 211 526	17	133 431 628	22
	4 260 000	1	5 039 824	1
Total	806 822 945	100%	605 372 288	100%

In 2019, service contracts, in terms of number and value, formed the largest category. Compared to 2018, in terms of value, supply and work contracts represented a smaller amount in 2019 and, consequently, the value of service contracts has greatly increased (in terms of percentage from 42% in 2018 to 72% in 2019).

Building contracts (Annex 3)

20. In 2019 two building contracts were awarded by negotiated procedure as laid down for this type of contract under Point 11.1(g) of Annex I FR.

21. The total amount of the three contracts in question was EUR 4.26 m, covering:

- ✓ Conclusion of a usufruct agreement related to the Europe Library, in Brussels (EUR 4.00 m - 360 Months);

- ✓ Acquisition of land adjacent to the Maison Jean Monnet site in Bazoches-sur-Guyonne (EUR 0.26 m - one-off).

Service contracts

22. Service contracts accounted for the largest share of the value of contracts awarded in 2019 (72%). 47 service contracts were awarded with a value equal to or greater than EUR 1 m (as against 35 in 2018), totalling EUR 526 m, or 96.63 % of the total value of

such contracts. The six largest service contracts (with a value exceeding EUR 10 m) were awarded by DG ITEC (1), DG INLO (2) DG COMM (1), DG LINC (1) and DG TRAD (1) (see point 18 of this report). The largest service contract was awarded by DG INLO and related to sustainable collective catering concessions in the European Parliament buildings in Brussels (EUR 87.50 m).

23. In 2019, authorising officers used 60 open procedures to award service contracts totalling EUR 405.06 m, or 70% of the total value of such contracts. One contract was awarded as an exception, and the other service contracts were awarded by negotiated procedure with at least three or five candidates, or by negotiated procedure based on Points 11 and 12 of Annex I FR.

Supply contracts

24. Supply contracts accounted for 10% of the total value of the contracts awarded in 2019, compared with 35% in 2018. The total value of contracts (EUR 85.74 m) has decreased compare to 2018 (EUR 210.53 m) as the number of contracts awarded (33 in 2019, 37 in 2018) Lastly, the two largest supply contracts in terms of value were awarded by DG INLO – EUR 16.00 m for electricity supply in Parliament buildings and EU-Lisa agency in Strasbourg; and EUR 16.01 m. for Parliament Members furniture supply in Brussels.

Works contracts

25. The number of works contracts awarded in 2019 (13) is almost the same as in 2018 (12) without important fluctuation in terms of value (EUR 135.21 m in 2019, EUR 133.43 m in 2018). Two contracts were awarded with a value greater than EUR 10 m. Of the 13 works contracts, 5 were awarded by open procedure, 3 by exceptional negotiated procedure, 4 under the negotiated procedure with at least 5 candidates and 1 under the negotiated procedure with at least 3 candidates.

B. Procedures used

26. The breakdown of contracts awarded in 2019 and 2018 by type of procedure used, in terms of number and value, was as follows:

Type of procedure	2019		2018	
	Number	Percentage	Number	Percentage
Open	82	36.44	89	35.46
Restricted	1	0.44	5	1.99
Negotiated	141	62.68	155	61.75
CEI list	-	-	1	0.40
Exception	1	0.44	1	0.40
Total	225	100%	251	100%

Type of procedure	2019		2018	
	Amount	Percentage	Amount	Percentage
Open	595 584 380	74	486 039 380	80
Restricted	1 735 269	0	83 433 046	14
Negotiated	208 533 296	26	35 859 040	6
CEI List	-	-	24 221	0
Exception	970 000	0	16 600	0
Total	806 822 945	100%	605 372 288	100%

27. Of a total of 225 contracts awarded in 2019, 83 were based on open or restricted procedures, with a value of some EUR 597.32 m, and 141 on negotiated procedures, with a total value of EUR 208.53 m.
28. Exceptional negotiated procedures launched in accordance with Points 11.1 (a) to (f) of Annex I FR accounted for 11% of procedures launched in 2019, a decrease compared to 2018 (18%). A more detailed report on those procedures is given below, beginning at point 42.
29. The use of the open procedure slightly increased in 2019 in comparison to 2018. In spite of a decrease of the number of contracts (82 in 2019 against 89 in 2018) the overall value increased: EUR 595.58 m in 2019 against EUR 486.04 m in 2018. Restricted procedures accounted for 0.44% of the total volume of contracts in 2019 compared to 1.99% in 2018, with a substantial decrease in terms of value: EUR 83.43 in 2018 and only EUR 1.73 m in 2019.
30. Negotiated procedures significantly increased in terms of value as a percentage of the total value of contracts awarded, from 6% in 2018 to 26% in 2019, as well as in terms of volume: EUR 208.53 m in 2019 in comparison to EUR 35.86 m in 2018.
31. As regards types of procedure in 2019, Parliament made most use of the negotiated procedure, as in the previous year, followed by the open procedure and then the restricted procedure.

Open invitations to tender

32. Under the open tender procedure, any legal or natural person may submit a tender. Contracts with a value equal to or greater than the thresholds laid down by the Public Procurement Directive 2014/24/EU¹² are, as a rule, subject to this type of procedure or to a restricted procedure. However, nothing prevents awarding departments from using the open procedure for contracts, with a value below the thresholds set by the Directive. In 2019, one contract with a value below the thresholds set by the Directive was awarded by open procedure.
33. In 2019, Parliament awarded a total of 82 contracts (89 in 2018), with an aggregate value of EUR 595.58 m (EUR 486.04 m in 2018), by open procedure.

Restricted invitations to tender

34. A contract award procedure is restricted when, following the publication of a notice in the OJ, only candidates who meet the selection criteria are invited by the contracting authorities simultaneously, and in writing, to submit a tender.
35. The number of candidates invited to submit a tender in a restricted procedure may not be less than five, provided that a sufficient number of candidates meet the selection criteria. In all cases, the number of candidates permitted to submit a tender must be sufficient to ensure genuine competition.
36. In 2019, Parliament awarded one contract by restricted procedure (compared to five in 2018) with publication of a notice, the aggregate value being EUR 1.73 m.

Negotiated procedures

37. In a negotiated procedure, the contracting authorities contact the tenderers of their choice who meet the selection criteria, which have already been established and announced, and negotiate the terms and conditions of the contract with one or more of them. The number of candidates allowed to submit tenders must be sufficient to ensure genuine competition.
38. The use of negotiated procedures for contracts with a value higher than EUR 15 000 and lower than the Directive's thresholds entails prior publication on the internet in order to enable potential candidates to express their interest.
39. The use of a negotiated procedure without prior publication of a contract notice is only possible in the cases set out in Point 11 of Annex I FR, irrespective of the value of the contract. The use of those exceptional procedures increased (67 in 2019 compared to 44 in 2018), and there was a significant increase of 416% in terms of value (see Chapter III below).

¹² Directive 2014/24/EU of the European Parliament and of the Council of 26 February 2014 on public procurement (OJ L 94, 28.3.2014, p. 65).

40. The breakdown of contracts awarded in 2019 and 2018 by type of negotiated procedure used, in terms of number and value, was as follows:

Type of negotiated procedure	2019		2018	
	Number	Percentage	Number	Percentage
Negotiated. 3 candidates	37	26	61	39
Negotiated. 5 candidates	33	23	50	32
Negotiated. Point 11 Annex I	67	48	44	28
Competitive proc. with negotiation or competitive dialogue - Point 12 Annex I	4	3	-	-
Total	141	100%	155	100%

Type of negotiated procedure	2019		2018	
	Amount	Percentage	Amount	Percentage
Negotiated. 3 candidates	1 361 078	1	2 468 667	7
Negotiated. 5 candidates	4 260 681	2	14 617 212	41
Negotiated. Point 11 Annex I	96 966 008	46	18 773 61	52
Competitive proc. with negotiation or competitive dialogue - Point 12 Annex I	105 945 528	51	-	-
Total	208 533 295	100%	35 859 040	100%

Concessions

41. Estimated amounts for concession contracts are laid down on the basis of the contractor's potential turnover during the concession period. Strictly speaking, those estimates are not expenditure. Reference is made to concession contracts in Point 12(1)(c) of Annex I FR. Three contracts were concluded under this specific procedure in 2019 for a total value of EUR 89.94 m covering :

-) Concession of banking spaces in the Altiero Spinelli and Paul-Henri Spaak buildings, in Brussels (3 lots) (EUR 0.33 m - 84 months);
-) Concession of a catering point in the building located rue Montoyer 63, in Brussels (EUR 2.10 m - 84 months);
-) Concessions for sustainable collective catering in the European Parliament buildings, in Brussels (5 lots) (EUR 87.50 m - 84 months).

III - REPORT ON EXCEPTIONAL NEGOTIATED PROCEDURES (ANNEX 2)

42. Pursuant to Article 74(10) FR, authorising officers by delegation 'record, for each financial year, contracts concluded by the negotiated procedures referred to in points (a) to (f) of Point 11 of Annex I FR'. Thus building contracts (as referred to in Point 11.1 (g)) and contracts declared secret (as referred to in Point 11.1 (i)), which are not covered

by Article 74(10) FR, are not included in those records. Four secret contracts (**Annex 4 to this report**) and two building contracts (**Annex 3 to this report**) were awarded by Parliament in 2019.

43. If the proportion of negotiated procedures in relation to the number of contracts awarded by the same authorising officer by delegation increases appreciably in relation to earlier years or if that proportion is distinctly higher than the average recorded for the institution, the authorising officer responsible must report this to the institution, setting out any measures taken to reverse that trend. Each institution forwards a report on negotiated procedures to the budgetary authority.
44. In paragraphs 105 and 106 of its resolution on discharge in respect of the implementation of the general budget of the European Union for the 2013 financial year¹³, Parliament:
 - *requests that not only the total number of contracts is indicated but also the aggregate value of those contracts;*
 - *takes the view that authorising officers should offer comprehensive and transparent justifications for making use of an exceptional negotiated procedure; requests that information be compiled by the Central Financial Unit in the annual report on contracts awarded to the discharge authority.*
45. In response to the resolution on discharge for 2013, the amount of the contracts awarded by exceptional negotiated procedure – by DG and aggregated – has been incorporated into the table shown in point 45; a new table with explanations, giving details of exceptional negotiated procedures according to legal basis, can be found in point 51, 'Analysis by legal basis'.
46. Moreover, with a view to providing even greater assurance to the political authorities as to the regularity of the use of this type of procedure, and to increase transparency, the Secretary-General asked the DGs to apply the following measures as from January 2011:
 - an annex to the award decision to be systematically drafted by the authorising officer responsible in which he/she must state the reasons for making use of an exceptional negotiated procedure (type of contract, exceptional circumstances prompting use of such a procedure, very tight deadlines, decisions taken at institution level, etc.);
 - an opinion to be systematically requested from the Public Procurement Forum on all contracts worth more than EUR 144 000 (EUR 139 000 from 1 January 2020) as regards making use of an exceptional negotiated procedure under Article 74(10) FR. The opinion, which is not binding, is to be annexed to the authorising officer's award decision. This measure entered into force for all exceptional negotiated procedures launched from 2011.
47. This report deals with two subjects:
 - (i) The variations between 2018 and 2019 in all contracts with a value greater than EUR 15 000 concluded by negotiated procedure in accordance with Point 11.1 (a) to (f) of Annex I FR. This part consolidates the information communicated by the DGs in their annual activity reports regarding that procedure. A check has been performed for consistency with the information previously entered into the WebContracts register of contracts awarded.

¹³ European Parliament decision of 29 April 2015 on discharge in respect of the implementation of the general budget of the European Union for the financial year 2013, Section I – European Parliament (2014/2078(DEC)).

- (ii) Points 53 to 57 cover the observations arising from the establishment of the system of referrals to the Public Procurement Forum set up by decision of the Secretary-General.

(i) Trends in contracts subject to the exceptional negotiated procedure

48. The table below shows the trend, by DG and for the institution as a whole, in the use of negotiated procedures in terms of the number of contracts awarded and the aggregate value of the contracts awarded by exceptional negotiated procedure as referred to by Article 74(10) FR.

Directorate-General	2019 ¹⁴					2018			
	Amount EUR	Percentage of total amount awarded by DG	Number	Percentage of total number of contracts awarded by DG		Amount EUR	Percentage of total amount awarded by DG	Number	Percentage of total number of contracts awarded by DG

49. Annex 2 lists in detail the contracts awarded by exceptional negotiated procedure in 2019, together with the relevant legal basis given by the authorising officers for using that procedure.
50. The number of exceptional negotiated procedures substantially increased in 2019 in comparison to 2018 (from roughly EUR 17 m in 2018 to EUR 90 m in 2019).
51. Out of the total amount, EUR 77 529 870.97 relates to contracts awarded by DG ITEC, and one single contract alone accounts for EUR 58 978 866 (development and maintenance of production information systems).
52. Six DGs did not use this type of procedure in 2019 (as much as in 2018), two awarded fewer such contracts than in the previous year, four awarded more, and two awarded the same number.
53. The authorising officers by delegation who used an exceptional negotiated procedure one or more times justified that use as follows:
- DG PRES: One exceptional negotiated procedures was used by this DG (Point 11.1(c) of Annex I FR, extreme urgency), related to the rental of a vehicle and security of the president during a visit to Washington.
 - DG FINS: The DG used Point 11.1(b) of Annex I FR (single economic operator) as a legal basis for one procedure related to the acquisition of access to the SWIFT Package 2 Plus
 - DG COMM: Point 11.1(b) of Annex I FR was invoked for six procedures relating to protection of intellectual property and to monopoly situations.
 - DG INLO: Point 11.1(e) of Annex I FR, new services or works consisting in the repetition of similar services or works was invoked in connection with the realisation of the Adenauer building project. The authorising officer by delegation justified eight exceptional negotiated procedures on the basis of contracts being awarded to the only economic operators able to perform the contracts in question (Point 11.1(b)).
 - DG ITEC: The authorising officer by delegation justified seven exceptional negotiated procedure on the basis of contracts being awarded to the only economic operators able to perform the contracts in question (Point 11.1(b) of Annex I FR) and two on the basis of Point 11.1(c) of Annex I FR, extreme urgency.
 - DG EPRS: The 26 exceptional negotiated procedures used by this DG were based on Point 11.1(b) of Annex I FR relating to a single economic operator and

¹⁵ The EMAS Unit is directly attached to the Secretary-General, but for the purposes of this analysis will be regarded as a directorate-general in its own right.

the protection of exclusive rights. They concerned subscriptions to on-line databases or press agencies.

- DG IPOL: The two exceptional negotiated procedures were both based on Point 11.1(b) of Annex I FR (monopoly situation), relating to the building space of the EP in the EU Pavilion at the COP25 and a rent of a space at the same event
- DG LINC: One exceptional negotiated procedure was used by this DG in connection with a meeting of the EPP group in San Sebastian June 2019 under Point 11.1(b) of Annex I FR.

Analysis by legal basis

54. The table below shows all the exceptional negotiated procedures launched in 2019, broken down by Parliament DG and legal basis, for contracts with a value of more than EUR 15 000. It is followed by an analysis of the most frequent cases, supplementing the analysis by DG.

DG/Legal Basis	Point 11.1.(a) Annex I	Point 11.1.(b) Annex I	Point 11.1.(c) Annex I	Point 11.1.(d) Annex I	Point 11.1.(e) Annex I	Point 11.1.(f) Annex I	Total
DG PRES	0	0	1	0	0	0	1
DG IPOL	0	2	0	0	0	0	2
DG EXPO	0	0	0	0	0	0	0
DG COMM	0	6	0	0	0	0	6
DG PERS	0	0	0	0	0	0	0
DG INLO	0	8	0	0	1	0	9
DG TRAD	0	0	0	0	0	0	0
DG LINC	0	1	0	0	0	0	1
DG FINS	0	1	0	0	0	0	1
DG ITEC	0	7	2	0	0	0	9
DG EPRS	0	26	0	0	0	0	26
DG SAFE	0	0	0	0	0	0	0
SJ	0	0	0	0	0	0	0
EMAS	0	0	0	0	0	0	0
Total EP	0	51	3	0	1	0	55

55. This table shows that 93% of exceptional negotiated procedures take Point 11.1(b) of Annex I FR as their legal basis, referring to the use of a single economic operator for technical or artistic reasons, or for reasons connected with the protection of exclusive rights. 5% used as their legal basis Point 11.1(c) of Annex I FR which relates to cases of extreme urgency for reasons not attributable to the contracting authority and 2% (one procedure) used as their legal basis Point 11.1(e), which relates to new services or works consisting in the repetition of similar services or works.

(ii) Procedure for referrals to the Public Procurement Forum - eight years of application

56. Since 1 January 2011, any DG wishing to launch a negotiated procedure as referred to in Article 74(10) FR, where the value of the contract is estimated equal to or greater than the thresholds referred to in Article 175(1) FR, has to obtain an opinion from the Public Procurement Forum (PPF) in advance.
57. In 2019, the PPF was consulted three times. Of the three requests for the launching of a procedure submitted to the PPF, one unfavourable opinion was delivered. The opinion of the PPF must be attached to the authorising officer's award decision but is not binding. If the authorising officer departs from the opinion in any way, he or she must justify that and include that decision in the list of exceptions in his or her DG's annual activity report.
58. The table below shows the breakdown, by DG, of referrals to the PPF and the opinions delivered:

DG	Number	Unfavourable opinions	Favourable opinions
ITEC	2	1	1
EPRS	1	0	1
Total	3	1	2

59. In all three cases the procedures were launched and the contracts awarded are listed in Annex 2.
60. In conclusion, the PPF referral procedure helped to make procedures more transparent and to harmonise the interpretation of the provisions concerned. The procedure helps to keep the overall number of exceptional negotiated procedures at a low number. The WebContracts application made it possible to monitor procedures carefully.

IV - ANNEXES

- Annex 1: List of contracts with a value greater than EUR 15 000
- Annex 2: List of contracts with a value greater than EUR 15 000 concluded by exceptional negotiated procedure (in accordance with Point 11.1(a) to (f) of Annex I FR)
- Annex 3: List of building contracts
- Annex 4: List of secret contracts

Annexe 1 : Liste des marchés de valeur supérieure à 15 000 EUR attribués en 2019

Annex 1: List of contracts with a value greater than EUR 15 000 awarded in 2019
