LLL 2017 position “Reimagining education in the digital age”

-  It's not digital technology that creates social change, people do
-  Holistic and humanistic vision of education in the face of growing private interest interventions
-  Neutralising digital space and commercialisation of education
-  Mutually reinforcing effects of pedagogical and technological innovation
-  Online learning can never replace “traditional classroom”...

LLLP response to 2020 updated Digital Education Action Plan

- ✓ Bridging the digital divide through education
- ✓ Lifelong learning is learning at every age
- ✓ Mental health and wellbeing
- ✓ Taking EU values to the online world
- ✓ Reuniting the twin transitions
- ✓ Investment and research for an effective action plan
