Dear colleagues,

During our next meeting, the Committee will vote on the agreement reached with the Council on the Regulation on European data governance (Data Governance Act).

A public hearing will be held on The New ERA for Research and Innovation. The ambition remains to create a single, borderless market for research, innovation and technology across the EU. This would help countries be more effective together, by strongly aligning their research policies and programmes. The free circulation of researchers and knowledge enables better cross-border cooperation, building of critical mass, and continent-wide competition.

We will also have an exchange of views with The European Union Agency for the Cooperation of Energy Regulators (ACER). Mr Christian Zinglersen, Director of ACER, will present the Annual Report on the Results of Monitoring the Internal Electricity and Natural Gas Markets in 2020.

Finally, there will be a feedback from the ITRE delegation to Washington D.C that took place from 1 to 5 November 2021.

Vote on the provisional agreement resulting from interinstitutional negotiations

News and events

The New ERA for Research and Innovation

The Committee will host a public hearing on "The New ERA for Research and Innovation" that will take place on 6 December 2021, from 13.45 to 15.45. Some of the topics covered are the prioritisation of investments and reforms in research and innovation towards the green and digital transition, to support Europe’s recovery; strengthening mobility of researchers and free flow of knowledge and technology through greater cooperation among Member States; boosting market uptake of research and innovation results and improving access to excellence for researchers across the EU.

More info on the public hearing
Christian Zinglersen, Director of the Agency for the Cooperation of Energy Regulators, will present to the ITRE Members their latest Annual Report on the Results of Monitoring the Internal Electricity and Natural Gas Markets in 2020. These reports are produced and published in cooperation with the Council of European Energy Regulators (CEER). The Market Monitoring Report covers the EU Member States and, for some topics, the United Kingdom, Norway, Switzerland and the Energy Community Contracting Parties.

Feedback from the ITRE delegation to Washington, D.C. (United States, 1-5 November 2021)

Chair Busoi will report back from the ITRE delegation to Washington, D.C. which took place in the first week of November. The delegation met with representatives of the new U.S. administration, Members of Congress, think tanks, research institutions and industry associations. The main topics of discussion were the EU-US Trade and Technology Council, energy policy, research cooperation, tech standards, semiconductor supply chains, cybersecurity and broadband deployment.
