Oral Amendment to AM 633:

Modified and placed in Article 15 as new paragraph 8a as follows:

8a. *Compliance with this Regulation by providers of political advertising services shall be subject to the competence of the Member State where the provider has its establishment. In case the provider is established in more than one Member State, it shall be deemed to be under the jurisdiction of the Member State in which it has its main establishment. Without prejudice to paragraphs 1 and 2, the competent authority or authorities of all Member States shall cooperate with and assist each other as necessary.*

Where a national competent authority has reasons to suspect that a sponsor, provider or publisher of political advertising services infringed this Regulation in a manner affecting individuals in the Member State of that competent authority, it may request the contact point of establishment to assess the matter and to take the necessary investigatory and enforcement measures referred to in paragraphs 4 and 5 of this Article. A request shall be substantiated, justified and proportionate and at least indicate:

(a) *the point of contact or legal representative of the provider of the political advertisement services concerned as provided for in Article 14;*

(b) *a description of the relevant facts, the provisions of this Regulation concerned and the reasons why the competent authority that sent the request suspects that the provider infringed this Regulation, including the description of the negative effects of the alleged infringement;*

(c) *any other information that the competent authority that sent the request considers relevant, including, where appropriate, information gathered on its own initiative or suggestions for specific investigatory or enforcement measures to be taken, including interim measures.*

Where it considers that it has insufficient information to act upon the request or recommendation and has reasons to consider that the competent authority that sent the request could provide additional information, it may request such information. The time period laid down in paragraph 4 of this Article shall be suspended until that additional information is provided.

The contact point of establishment shall, without undue delay and in any event not later than one month following receipt of the request pursuant to paragraph 4, communicate to the competent authority that sent the request, and the Network of National Contact Points, the assessment of the suspected infringement and an explanation of any investigatory or enforcement measures taken or envisaged in relation thereto to ensure compliance with this Regulation.
