3. MOTION FOR A EUROPEAN PARLIAMENT RESOLUTION

with observations forming an integral part of the decision on discharge in respect of the implementation of the budget of the European Agency for the Management of Operational Cooperation at the External Borders of the Member States of the European Union for the financial year 2013 (2014/2113(DEC))

The European Parliament,

- having regard to its decision on discharge in respect of the implementation of the budget of the European Agency for the Management of Operational Cooperation at the External Borders of the Member States of the European Union for the financial year 2013,
 - having regard to Rule 94 of and Annex V to its Rules of Procedure,
 - having regard to the report of the Committee on Budgetary Control and the opinion of the Committee on Civil Liberties, Justice and Home Affairs (A8-0000/2015),
- A. whereas, according to its financial statements, the final budget of the European Agency for the Management of Operational Cooperation at the External Borders of the Member States of the European Union (“the Agency”) for the financial year 2013 was EUR 93 950 000, representing an increase of 4,88 % compared to 2012,
- B. whereas, according to its financial statements, the overall contribution of the Union to the Agency's budget for 2013 amounted to EUR 85 500 000, representing an increase of 1,79 % compared to 2012,
- C. whereas the Court of Auditors, in its report on the annual accounts of the European Agency for the Management of Operational Cooperation at the External Borders of the Member States of the European Union for the financial year 2013 (“the Court’s report”), has stated that it has obtained reasonable assurances that the Agency's annual accounts are reliable but could not obtain sufficient appropriate audit evidence on the legality and regularity of the underlying transactions,

Follow-up of 2012 discharge

1. Notes from the Court’s report regarding four comments made in the Court’s 2011 report and marked as "Ongoing" in the Court's 2012 report, that corrective actions were taken and one comment is now marked in the Court’s 2013 report as “Completed” while three are still marked as “Ongoing”; notes furthermore that regarding the six comments made in the Court’s 2012 report, three corrective actions were taken and three comments are now marked as “Completed” while three as "Ongoing";
2. Acknowledges from the Agency that:
 - several measures were put in place to manage and prevent situations of conflicts of interests including the development of a detailed disciplinary procedure; calls on the Agency to inform the discharge authority on whether or

not a specific policy for the prevention and management of conflicts of interests based on the Commission's guidelines will be adopted;

- the results and impact of the Agency's work on Union citizens is made publicly available on the Agency's website, mainly through its annual report and through contacts with the media and civil society organisations;

Basis for a qualified opinion on the legality and regularity of the underlying transactions

3. Regrets that for two consecutive years, the Court found no reasonable assurances on the legality and regularity of the Agency's transactions; notes that in order to verify the expenditure claimed by the cooperating countries, the Agency performed the reasonableness checks prior to payment for joint return operations and joint land/sea/air operations; points out that for the grant agreements signed before June 2013 the Agency did not usually request documentation supporting the cooperating countries' entitlements;
4. Notes that the majority of 2013 transactions resulted from grant agreements signed before June 2013; notes furthermore that 2013 grant transactions were not subject to ex post controls, as only the grants relating to transactions from previous years are subject to such controls;
5. Notes with concern that due to a lack of sufficient and appropriate evidence on the effectiveness of ex ante and ex post verifications in the 2013 grant transactions, the Court found insufficient insurance as to the legality and regularity of the 2013 grant transactions related to joint land/sea/air operations;
6. Welcomes the introduction of a reinforced and more comprehensive system of ex ante verifications which was introduced for grant agreements signed after June 2013 as acknowledged by the Court; notes furthermore from the Agency that the statistical sample used by the Court in its 2013 audit did not include transactions falling under the reinforced ex ante control system; calls on the Agency to provide the discharge authority with a report on ex post verifications undertaken under the improved verification system and with a detailed analysis of the system's improvements;

Qualified opinion on the legality and the regularity of the underlying transactions

7. Notes that according to the Court, except for the matters described above, the transactions underlying the annual accounts for the year 2013 are legal and regular in all material respects;

Comments on the reliability of accounts

8. Notes from the Court's report that the suppliers' statements at year-end were reconciled with considerable difficulty; points out the need for monitoring supplier balances more regularly and to analyse differences in a more timely manner;
9. Takes note from the Agency, however, that the reconciliation process is a lengthy and time consuming exercise, requiring cooperation and accounting information systems on

both sides; acknowledges, furthermore, that most of the public entities which cooperate with the Agency have neither centralised accounting systems nor implement accrual based accounting; acknowledges that the Agency launched an additional reconciliation exercise in 2014 in order to improve the quality of the reconciliation;

Budget and financial management

10. Notes that budget monitoring efforts during the financial year 2013 resulted in a budget implementation rate of 97,75 %, and that the payment appropriations execution rate was 63,98 %;

Commitments and carry-overs

11. Notes that 35 % of committed appropriations in 2013 were carried over to 2014; acknowledges from the Court's report that the multiannual nature of the Agency's operations and the heightened risk of unexpected events represent a particular challenge in respect of annual budget planning and implementation and that late amending budgets remain beyond the Agency's control; points out, however, that there is still scope for improving budget monitoring to help reduce the level of carry-overs; notes from the Agency's that it will take actions aimed at improving control over the financing of its operational multiannual activities;
12. Takes note that the carry-overs include global commitments of EUR 5 200 000, which is the leftover balance of an additional subsidy of an amount of EUR 8 200 000; notes that the subsidy was made available by the budgetary authorities towards the end of 2013 to deal with unexpected and urgent operational needs; observes that the Agency's financial regulation does not provide a clear basis for such carry-overs although the global commitment was made to cover the related operations in 2014; regrets that the Agency's Financial Regulation, which follows the revised Framework Financial Regulation, remains vague in this matter, even after its revision in 2013;

Transfers

13. Notes from the Court's report that 20 budgetary transfers amounting to EUR 12 200 000 were made in 2013; acknowledges that this is partly due to the fact that funds needed for operations had been transferred from other budget lines until additional subsidies were made available; acknowledges furthermore that the Agency reduced the number of transfers compared to 2012 by 30 % and will continue its efforts; observes that the operational needs will continue to steer the allocation of appropriations to the budget lines most in need;

Internal audit

14. Takes note that the Commission's Internal Audit Service (IAS) did not carry out any new audit engagement in the Agency in 2013; notes furthermore that the IAS followed up the status of implementation of the accepted recommendations from the IAS Audits on "Grant Management" and "Operational planning based on internal and external stakeholders input"; acknowledges that the IAS concluded that out of the five recommendations reported as ready for review, four are adequately implemented and

one "Very Important" recommendation stemming from the audit on "Grant Management" (2009) is downgraded to "Important";

Other comments

15. Notes that, although the Agency became operational in 2005 it has to date worked on the basis of correspondence and exchanges with the host Member State and that a comprehensive headquarters agreement between the Agency and the Member State has not been signed;
16. Acknowledges from the Agency that its repeated requests to the authorities of its host Member State were unsuccessful and that the entry into force of Regulation (EU) No 1168/2011 of the European Parliament and of the Council ¹ in December 2011 did not change the situation; notes from the Agency that the authorities of the host Member State recently expressed willingness to start negotiations and that exchanges are under way; calls on the Agency to provide the discharge authority with an update on the state of play of the negotiations;
