1.2 State of play related to conflicts of competence

1.2.1 Creating Labour Market Conditions Favourable for Family-Work Balance // Differences between women and men in work, care and leisure time (FEMM) (ZP)

Following the Coordinators' decision to challenge the report requested by FEMM on "Differences between women and men in work and care time and their quality of life" and to introduce a request for authorisation for an EMPL report on "Creating Labour Market Conditions Favourable for Family-Work Balance", a letter was sent informing the CCC Chair about this decision.

The decision of the CCC on this conflict is pending.

Decision: The Coordinators agreed to the application of Rule 55 (Procedure with joint committee meetings).

1.3 Feedback from Chair from the CCC - Implementation reports (BMr)

Following the discussions at the CCC meeting on 24 November 2015, a revised draft recommendation on implementation reports was circulated on 10 December.

Taking into account the main remarks made by the Chairs, some key changes had been introduced, in particular the implementation reports will no longer be considered as "reports to the committee" but will remain within the category of INI reports, with some specific features, and most importantly, the reports will have to be voted and will go to plenary.

That revised draft recommendation, including few technical changes, was adopted at the last CCC meeting on 15 December 2015 and circulated on 14 January 2016 to the Coordinators.

1.4 European Parliamentary Week - EMPL ICM (MA/MM)

The European Parliamentary Week will take place on 16-17 February 2016 at the premises of the European Parliament in Brussels.

On the first day the Interparliamentary meeting on the European Semester Cycles 2015/2016 will be held, organised by the European Parliament. It will provide an opportunity to debate the proposed changes to the European semester process, exchange best practice and strengthen cooperation. The plenary session will be held in the morning, while the **Interparliamentary Committee Meetings (ICM) of the EMPL, ECON and BUDG Committees** will take place in parallel, from 15.00 to 18.00. The topics of the **EMPL ICM (JAN 4Q1)** are the following:

1. What is a Social Triple A? - A European pillar of social rights, including wage setting mechanisms
2. Investment policies for job creation: EU investment instruments and skills policies

Additional information on the **list of speakers** will follow.

On the 2nd day the **Interparliamentary Conference on Stability, Economic Coordination and Governance in the European Union** (following Article 13 of the Treaty on Stability, Coordination and Governance in the EMU) will take place, co-hosted and co-chaired over by the Dutch Parliament and the European Parliament. It will provide a framework for debate and exchange of information and best practices in implementing the provisions of the Treaty in order to strengthen cooperation between national Parliaments and the EP and contribute to ensuring democratic accountability in the area of economic governance and budgetary policy in the EU.

The **draft programmes** for both events were annexed to the notes.

4. Committee evaluation of the Commission Work Programme 2016 (ZP)

Annex to this item: Commission Work Programme 2016

Decision: *The Coordinators decided by a vote to send the following comments to the Conference of Committee Chairs on the Commission’s 2016 Work Programme:*

“The Committee welcomes the new initiatives in the areas of employment and social affairs and insists on a timely submission on the basis of binding timetables,⁵ namely:

- the Labour Mobility Package, the timely adoption of which is much expected by EMPL*
- the Pillar of Social Rights*
- the Next steps for a sustainable European future, which will have to take due account of the current and future labour market challenges and social situation in the EU, in the light of the review of the EU2020 strategy.*
- the New Skills Agenda for Europe*
- the New start for working parents*

The Committee notes the following REFIT initiatives:

- Occupational Health and Safety Legislation, including the carcinogens*
- Seafarers (Directive 2008/106/EC and Directive 2005/45/EC)*
- Statistics Package containing the integration of social statistics*

The Committee regrets that the Anti-discrimination Directive remains amongst the pending priority proposals.⁶

The Committee regrets furthermore the withdrawal of the legislative proposal on the maternity leave Directive, calls on the Commission to put forward a new proposal.”

Coordinators instructed Policy Department A to conduct a literature review on the social and economic impact in the countries of work and in the countries of origin of the implementation of the Posting of Workers Directive with a focus on the academic debate (as discussed at the Coordinators’ meeting of 15 October 2015) to start supporting analysis.

⁵ The Coordinator of the ECR Group objected to that wording.

⁶ Coordinators of the EPP and ECR Groups voted against that sentence.

5. Late speaking times for EMPL in plenary (ZP)

The Plenary presentations/debates of the recently adopted EMPL reports have taken place in late evening slots:

- 15 December: Labour mobility: debate began at 22.08
- 15 December: Decision adopted on the European Accessibility Act: debate began at 22.57.

Such late timings do not favour the internal, or the external visibility of the debates of such important topics.

Decision: Coordinators decided to

- *invite the political groups to approach their coordination/plenary preparation staff;*
- *instructed the Chair to write to the President of the European Parliament.*

6. Letter of the UK Prime Minister to the President of the European Council of 10 November, entitled "a new settlement for the UK in a reformed EU" (RS)

At their meeting of 12 December 2015, Coordinators took note of the request by several groups to hold an exchange of view in Committee regarding the issue as mentioned in the title; Coordinators postponed their decision to their next meeting.

Decision: Coordinators decided not to organise an exchange of views on this subject in Committee.

Decision: *Coordinators decided that*

- from the next Coordinators' meeting onwards, only a list with the title and reference number of the motions referred to EMPL as either committee responsible or for opinion would be included in the coordinators' notes, with no other comment, unless any of the motions raises issues that would deserve to be specifically brought to the attention of the coordinators; the texts of the motions would continue to be annexed to the notes;

- where the coordinators, after taking note of the motions, would confirmed that no further action was needed in view of the ongoing committee activities, the Chair's letter informing the authors of the motions of the decision taken would not indicate detailed grounds for such decision.

9. Motions for Resolution⁷ - decision on procedure (MA)

⁷ Rule 133 : Motions for resolutions

1. Any Member may table a motion for a resolution on a matter falling within the spheres of activity of the European Union. The motion may not comprise more than 200 words.

2. The committee responsible shall decide what procedure is to be adopted.

It may adopt an opinion, which may take the form of a letter.

It may decide to draw up a report under Rule 52.

3. The authors of a motion for a resolution shall be informed of the decisions of the committee and of the Conference of Presidents.

4. The report shall contain the text of the motion for a resolution.

5. Opinions in the form of a letter addressed to other institutions of the European Union shall be forwarded by the President.

6. The author or authors of a motion for a resolution tabled under Rule 123(2), 128(5) or 135(2) shall be entitled to withdraw it before the final vote.

7. A motion for a resolution tabled in accordance with paragraph 1 may be withdrawn by its author, authors or first signatory before the committee responsible has decided, in accordance with paragraph 2, to draw up a report on it.

Once the motion has been thus taken over by the committee, only the committee shall be empowered to withdraw it up until the opening of the final vote.

8. A withdrawn motion for a resolution may be taken over and retabled immediately by a group, a committee or the same number of Members as is entitled to table it.

Committees have a duty to ensure that motions for resolutions tabled under this Rule which meet the requirements laid down are followed up and duly referred to in the resulting documents.

The Motion for Resolution can be found annexed to these notes.

9.9 B8-1237/2015 - Motion for a European Parliament resolution on the financial challenges of longevity by Gianluca Buonanno

9.10 B8-1248/2015 - Motion for a European Parliament resolution on the alarming closures of long-established firms in the Veneto and Friuli by Mara Bizzotto

9.16 B8-1311/2015 - Motion for a European Parliament resolution on child poverty by Gianluca Buonanno
