1 BACKGROUND AND PURPOSE OF THE CALL FOR PROPOSALS

1.1 Background

This call for proposals is based on the European Parliament (EP)'s [multiannual work programme for grants in the area of communication \(2020-2021\)](#) published on the EP website.

1.2 Purpose of this call for proposals

The purpose of this call for proposals is to select action proposals for the award of grants for engagement actions, as described below.

This call for proposals is open to all organisations complying with the criteria described in the following sections.

Grant agreements will be signed with those organisations who have submitted an action proposal and have been selected for co-financing based on the criteria laid down in this call for proposals. The grant agreements will define the precise subject and the conditions for implementation of the action covered and the maximum amount to be co-financed.

1.3 Definitions

For the purpose of this call,

- "Pan-European organisation" means an organisation operating in most or all EU Member States;
- "European dimension" of an action/activity means that an action/activity covers more than one Member State;
- "Volunteer" means a person working on a non-compulsory basis for an organisation without payment;
- "Community "together.eu"" means a pan-European community of individuals launched at the initiative of the European Parliament to maintain an ongoing dialogue between the EP and the EU citizens, to foster European identity and democratic engagement, to build a peer-to-peer communication channel and to provide information to citizens. Any interested individual may become part of this community by registering at [together.eu](#) and adhering to the code of conduct.

2 OBJECTIVES AND EXPECTED RESULTS OF THE CALL FOR PROPOSALS

The principal objective of this call for proposals, as per the objectives of the [multi-annual work programme for grants](#), is to contribute to raise citizens' awareness of the role and democratic values of the European Union by promoting strategic engagement with EU citizens via three different channels: civil society engagement, community engagement and youth engagement. The global key performance indicators to measure the achievement of the principal objective of the call for proposals are the number of communication actions co-financed and the hours of attention (estimated exposure) generated by the co-financed actions. Applicants' attention is drawn to the fact that each action proposal must set out its own specific performance indicators in accordance with Section 3.2 of this call for proposals.

The expected results of the actions are to raise awareness about the role and democratic values of the European Parliament as the voice of EU citizens and to engage more deeply with them, notably via the community “together.eu” (see Section 3.1).

Such actions should primarily target those EU citizens who have turned more demanding towards the European Union, specifically since the outbreak of the Covid19-pandemic, as well as citizens who show some interest in EU affairs. Special attention should be paid to reaching out to minority communities and citizens who are less likely to already be involved in EU action in some way.

Insights and analysis, which help to identify those segments of the population are available at:

3 FORMULATION AND DEFINITION OF COMMUNICATION ACTIONS

3.1. Type of communication actions sought by the EP

The EP is looking to co-finance actions aimed at promoting the role of the EP and its democratic values and supporting citizens' democratic engagement, targeting a predefined audience via specific engagement channels, such as civil society organisations, public and private stakeholders fostering the representation and participation of citizens in the European democratic life. The EP is also looking to promote its role and democratic values showcased during specific events and campaigns embedded in the legislative schedule.

Action proposals must be supported by a **detailed planning of offline and/or online activities** to be implemented by the grant beneficiary (indicating the type of activity, physical location (if offline) or channel(s) (if online), the date or period, the description of each activity and the estimated number of people who will be reached both directly and indirectly), and a **communication plan** including a media strategy (owned, paid and earned media). Projects must be conceived in a way that ensures a wide outreach and maximises the impact of the planned action, including on social media and/or through the provision of interactive tools to encourage and facilitate engagement and to facilitate consistency with EP communication campaigns.

Action proposals must also describe the monitoring or supervision system put in place during the implementation of the action.

Proposals must be clearly and well-defined, researched and fully developed, having taken all time-schedule and budget considerations into account. They shall consist of an action or a series of actions to be implemented over a period defined under each action category in sections 3.1.1 to 3.1.3. Any request to have a later end date should be duly justified. Actions must be ready to start as of the award of the grant.

Action proposals must be submitted under one of the action categories referred to in sections 3.1.1 to 3.1.3.

3.1.1. Action category 1: Civil society engagement

a) Scope

Civil society engagement actions refers to actions implemented by civil society organisations and other multiplier networks to communicate to citizens about the EU, the role of the EP and its democratic values and to support democratic engagement. Such actions should also provide citizens and/or civil society representatives with an opportunity to discuss EU-related topics in the Member States and encourage participants to become active members of the “together.eu” community.

The topics of the actions should be relevant to the intended target audience, and linked to the political and legislative priorities of the EP, for example:

- The post-COVID 19 recovery plan.
- The environment, social policies, digital transformation, health, etc.
- The conference on the future of Europe.
- Values of the EU and prizes of the EP.

b) Type of activities supported:

The EP envisages to award grants supporting (but not limited to) the following activities:

Systems to collect the feedback of activity participants should be put in place. Special attention should be paid to reaching out to minority communities and citizens who are less likely to already be involved in EU action in some way. Close collaboration with the European Parliament Liaison Office in the Member States should be foreseen.

The purpose of a local European Youth Event (EYE) is to activate and inspire young people, and make them part of a conversation with the European decision makers and MEPs at the local level. It should bring the EP closer to young people in peripheral regions of Europe, and create a two-way communication, raising awareness on what the EP does for them as young people and at the same time collecting ideas and expectations of young people from the local and national level. The local EYE should be organised according to the principles of central EYE¹,

¹ All information on the European Youth Event is available at www.eyeye2020.eu

The conclusions of this process are expected to be presented to the

6 FINANCIAL PROVISIONS

The Financial Regulation defines the applicable rules for the implementation of the actions.

6.1 Budget available

An indicative amount of € 3.3 million will be available for grants under this call for proposals. The EP reserves the right not to distribute the entirety of the available budget.

6.2 Co-financing

Co-financing shall take the form of reimbursement of a specified proportion of eligible costs actually incurred by the beneficiary and its affiliated entities¹¹.

The grant is limited to a **maximum co-funding rate of 80 % of the action's eligible costs**. Consequently, part of the total eligible expenses entered in the estimative budget must be financed from sources other than the grant (co-financing principle).

For the purpose of this call for proposals, the work performed by volunteers is considered as eligible personnel costs in accordance with Articles 181, 186 and 190 of Regulation (EU, Euratom) 2018/1046, and shall take the form of unit costs. The amounts of the unit costs to be used by the beneficiary as the basis for declaring such eligible personnel costs are set out in the guidelines for applicants. **For more information on the categories of costs eligible and on how to estimate the budget of your action, please refer to the guidelines for applicants in Annex 3.**

7 USE OF ACTIONS' RESULTS AND PUBLICITY

7.1 Use of actions' results

Without prejudice to the fact that ownership of the results of the action, including industrial and intellectual property rights, and of the reports and other documents relating to it, shall be vested in the beneficiary, the beneficiary grants the Union the right to use the results of the action for the purposes specified in the signed grant agreement.

¹¹ As defined in Article 187 of the Financial Regulation

7.2 Publicity by the beneficiaries

In accordance with the grant agreement, grants beneficiaries must clearly acknowledge the European Union's contribution in all publications or in conjunction with activities for which the grant is used. Beneficiaries should ensure the visibility of the EU funding in a proactive manner, displaying at least the European Union emblem in association with the EP logo.

Any communication or publication related to the action, made by the beneficiary shall indicate that the action has received funding from the Union and shall display the European Union emblem.

The obligation to display the European Union emblem and the EP logo does not confer to the beneficiary a right of exclusive use. The beneficiary shall not appropriate the European Union emblem, EP logo or any similar trademark or logo, either by registration or by any other means.

For the purposes of the second, third and fourth subparagraphs and under the conditions specified therein, the beneficiary is exempted from the obligation to obtain prior permission from the Parliament to use the European Union emblem and the EP logo.

Guidelines on the use of the EU emblem are available at http://ec.europa.eu/dgs/communication/services/visual_identity/pdf/use-emblem_en.pdf
