Basis of accounting

1. These accounts have been prepared in accordance with accounting policies generally accepted in Belgium, as supplemented and amended to suit the specific needs of the association.

Accrual base

2. All costs and revenues have been accounted for on an accrual base, and are related to the financial year 2010.

Revenues

3. The contributions in kind, if any, are in line with the regulations and imply contributions for the good functioning of the association.

Social Fund

4. The association has been created on 22 July 2004. The activities of the former organization have been transferred as a social fund. The use of the social fund for the financing of current expenses can only be done after approval of the Bureau within the limits set out by the General Assembly.
Pursuant to article 6 of the Bureau decision, the revenue surplus of the year 2010 amounting to € 18.823,53 has been used to cover the accumulated losses of prior years for a total amount of € 9.347,49.

Provision for eligible expenses incurred during the first quarter of N+1

5. Pursuant to article 6 of the bureau decision a provision for eligible expenses of an amount of € 45.034 has been constituted.
Based upon the interim financial statements as of March 15, 2011 the total excess of expenditures over income as to that date amounts to € 78.889,96 which is more than the amount of the provision carried over.

Fixed Assets

6. The association's policy is to expense minor items of office furniture and equipment (less than 420 € for each individual item). Major items are capitalized and depreciated based on the EC valuation rules on a straight-line basis.

Value added tax

7. Expenses are recorded including value added tax.

The above notes form part of these financial statements.
