ERRATUM

to the report on the

international monetary system - how to make it work better and avoid future crises
(2000/2017INI)

Committee on Economic and Monetary Affairs

Rapporteur: Robert Goebbels
A5-0302/2001

Motion for a resolution

Recital K to read as follows:

- K. having regard, in this context, to the existence of moral *hazard* and the special challenge facing public authorities as regards the optimum equilibrium to be achieved between free operation of markets and the need for them to be regulated, on the one hand, and, on the other, the occurrence of crises and private-sector involvement in public bailouts,
