European Semester for economic policy coordination: implementation of 2015 priorities
2015/2210(INI)

A8-0307/2015

Motion for a resolution

Paragraph 10

Motion for a resolution

10. Is concerned at the persisting macroeconomic imbalances in some Member States, in particular the high public and private debt levels and large current account gaps, as well as the excessive risks in the financial sector and more precisely in the banking systems, not least stemming from institutions that are too big to fail; highlights that the sovereign bank loop has not been fully resolved yet and continues to pose threats to financial and fiscal stability; notes that current account surpluses present *different* risks *than do deficits*, and stresses the widening economic divergences within the Union and the euro area, which are threatening the coherence of European sectorial policies;

Amendment
