Motion for a resolution

Paragraph 15

Motion for a resolution

15. Considers that the Energy Union entails ***negotiating with one voice with*** third countries; calls on the Commission to analyse the appropriateness and potential structure of a voluntary collective purchasing mechanism and its impact on the functioning of the internal gas market, the undertakings affected and its contribution to ensuring security of gas supply; notes that since there are several models of collective purchasing mechanisms, further work needs to be done to determine the best market-based model applicable for EU regions and suppliers concerned and for the conditions under which a voluntary collective purchasing mechanism could be launched; considers that the coordination of positions and the collective purchasing of gas should start at regional level; recommends, in the interim, that the Commission and the Energy Community Secretariat support those Member States and Energy Community Contracting Parties, respectively, that wish to negotiate energy contracts on a voluntary basis, in compliance with the EU internal market acquis and with EU competition and World Trade Organisation rules, and provide for protection of commercially sensitive information; underlines that energy contracts must be

Amendment

15. Considers that the Energy Union entails ***a more coordinated approach vis-à-vis*** third countries; calls on the Commission to analyse the appropriateness and potential structure of a voluntary collective purchasing mechanism and its impact on the functioning of the internal gas market, the undertakings affected and its contribution to ensuring security of gas supply; notes that since there are several models of collective purchasing mechanisms, further work needs to be done to determine the best market-based model applicable for EU regions and suppliers concerned and for the conditions under which a voluntary collective purchasing mechanism could be launched; considers that the coordination of positions and the collective purchasing of gas should start at regional level; recommends, in the interim, that the Commission and the Energy Community Secretariat support those Member States and Energy Community Contracting Parties, respectively, that wish to negotiate energy contracts on a voluntary basis, in compliance with the EU internal market acquis and with EU competition and World Trade Organisation rules, and provide for protection of commercially sensitive information; underlines that energy contracts must be

Motion for a resolution

Paragraph 174

Motion for a resolution

174. Calls on the Commission to provide an explicit mapping of the different funding and financing instruments, such as the InvestEU programme, Connecting Europe (PCIs), R&D funds, structural and investment funds, smart grid financing instruments (ERA-Net Plus), the Horizon 2020 programme (H2020), EIB, the European Energy Programme for Recovery (EEPR), the Connecting Europe Facility – Energy (CEF-E), NER 300, the Research Fund for Coal and Steel (RFCS), and Eurogia+, and to clarify the eligibility rules for each of these programmes;

Amendment

174. Calls on the Commission to provide an explicit mapping of the different funding and financing instruments, such as the InvestEU programme, Connecting Europe (PCIs), R&D funds, structural and investment funds, smart grid financing instruments (ERA-Net Plus), the Horizon 2020 programme (H2020), EIB, the European Energy Programme for Recovery (EEPR), the Connecting Europe Facility – Energy (CEF-E), NER 300, the Research Fund for Coal and Steel (RFCS), and Eurogia+, and to clarify the eligibility rules for each of these programmes, ***which should not discriminate against the technologies which contribute to the attainment of the EU 2030 climate and energy targets;***
