Paragraph 10

Motion for a resolution

10. Regrets the fact that although impact assessments represent a significant tool for achieving PCD, assessments of development impacts remain few in number and do not properly address the potential impact on developing countries; hopes that the Better Regulation Package and its guidelines will improve this situation by taking development and human rights into account in all impact assessments and by enhancing transparency; calls on the Commission systematically to consult human rights organisations at an early stage of the policymaking process and to put in place stronger safeguards and mechanisms in order to better balance stakeholders' representativeness; welcomes the public consultation on the roadmap, which opens up opportunities for external stakeholders, including developing countries and civil society, to give their views and actively participate; considers it necessary to undertake more systematic ex-post assessments during EU policy implementation;
